Subject: Label amendment
Product Name: Lawn Herbicide JD Concentrate
EPA Reg. No: 72155-4
Decision Number: 477798

Dear Mr. Gorrell:

The labeling referred to above, submitted in connection with registration in accordance with FIFRA section 3(C)(5), as amended, is acceptable, provided that you submit and/or cite all data required for reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

A stamped copy of your label is enclosed for your records. This label supersedes all previously accepted labels. You must submit one (1) copy of the final printed label before you release the product for shipment. Products released for shipment after eighteen (18) months from the date of this letter must bear the new revised label. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA §6(e). Your release for shipment of the product constitutes acceptance of these conditions. If you have questions or concerns regarding this letter, please contact Beth Benbow at (703) 347-8072 or email at benbow.bethany@epa.gov.

Sincerely,

Kathryn V. Montague
Product Manager 23
Herbicide Branch
Registration Division (7505P)

DIRECTIONS FOR USE

| | |
|---|--|
| <p>It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read and follow all label directions. Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production or for research purposes. Do not apply through any type of irrigation system.</p> | |
| <p>BEFORE YOU USE Read and follow directions when using.</p> | <ul style="list-style-type: none"> • Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays, and oceans. Do not apply when windy. To prevent product run-off, do not over water the treated area(s) to the point of runoff or apply when raining or when rain is expected that day. Rinse applicator over lawn or garden area only. • Spray when most of the day is expected to remain cooler than 90° F. • Do not apply as a fine mist because of potential injury to desirable plants. • The maximum number of broadcast applications per treatment site is two per year. |

DIRECTIONS FOR USE Continued

| | |
|--|---|
| <p>HOW TO USE Shake Well Before Use</p> | <ul style="list-style-type: none"> • Determine amount of product to use based on grass type and size of area to be treated. • Prepare product for use according to How to Apply. • Apply to lawn. |
| <p>HOW MUCH TO APPLY</p> | <p>Northern Lawns:</p> <ul style="list-style-type: none"> • Fescue, Kentucky Bluegrass, and Perennial Rye 2 fl. oz. (4 Tbs.) per gallon of water <p>Hardy Southern Lawns:</p> <ul style="list-style-type: none"> • Bermuda, Buffalo and Zoysia grasses 2 fl. oz. (4 Tbs.) per gallon of water <p>Southern Lawns:</p> <ul style="list-style-type: none"> • Bahia, Centipede, and St. Augustinegrass 1 fl. oz. (2 Tbs.) per gallon of water <p>For lawns with mixed grass types, use the lowest rate. Each gallon of solution treats 500 sq. ft.</p> <p>TIP: Measure length and width of area to be treated in feet. Multiply these 2 numbers together. This is the area to be treated in square feet (sq. ft.).</p> <p>Application Restrictions:</p> <ul style="list-style-type: none"> • Limited to 2 applications per year with a 30 day interval between applications • Maximum single application rate of 8.0 fl. oz./1,000 sq. ft. (1.47 lbs 2,4-D ae, 0.35 lb MCP-P ae and 0.16 lb dicamba ae per acre per application) • Maximum seasonal rate of 16.0 fl. oz./1,000 sq. ft. (2.94 lbs 2,4-D ae, 0.71 lb MCP-P ae and 0.33 lb dicamba ae per acre per application) |
| <p>HOW TO APPLY</p> | <p>Pump Style Sprayers</p> <ol style="list-style-type: none"> 1. Add the appropriate amounts of water and concentrate to the sprayer tank. [For 2 or 4 fl. oz. container: Pour entire contents into spray tank and fill with water to [1] [2] gallon mark.] 2. Close sprayer, shake well and pressurize. 3. Adjust nozzle to a coarse spray pattern. 4. Large Areas – Apply evenly over area. Individual Weeds – Hold tip of wand about 12 inches from weed, aim at center of weed and spray. 5. Occasionally re-pressurize the sprayer if needed to maintain a good spray pattern. <p>Dial Style Hose-End Sprayers</p> <ol style="list-style-type: none"> 1. Fill sprayer jar with enough concentrate to cover area to be treated. Close sprayer and set dial. TIP: The numbers on Dial-Style Hose-End sprayers are ounces of concentrate per gallon of spray. 3. Attach sprayer to hose and apply. 4. To avoid contact with the treated area, begin by spraying area farthest from faucet walking backwards as you spray. <p>Concentrate Plus Water Hose-End Sprayer</p> <ol style="list-style-type: none"> 1. Pour concentrate into sprayer jar to the required fluid ounce level. 2. Add the appropriate amount of water to the gallons level. 3. Replace sprayer top and shake well before applying. 4. To avoid contact with the treated area, begin by spraying area farthest from faucet walking backwards as you spray. |
| <p>FOR BEST RESULTS</p> | <ul style="list-style-type: none"> • Apply when weeds are young and actively growing. • If the lawn is dry, water 24 hours before using this product. • Rain or watering one hour after application will not wash away effectiveness. • Apply 1 to 3 days after mowing. • Certain hard-to-kill weeds may need to be spot-treated in 30 days. • Do not apply to new lawns until the grass has reached a height of at least 2 inches. • Bare spots may be seeded 3 to 4 weeks after application. |

HOW THIS PRODUCT WORKS

This product is a selective herbicide - it selectively kills weeds in the lawn but won't harm the lawn itself. It is a blend of proven weed killers designed to get broadleaf weeds such as Dollarweed, Spurge and Oxalis.
[modify representative weeds or add approved marketing claims as needed]

Do not allow people (other than applicator) or pets on treated area during application.
Do not allow people or pets to re-enter the treated area until spray has dried.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

- Harmful if absorbed through skin or if swallowed.
- Causes moderate eye irritation.
- Avoid contact with eyes, skin or clothing.
- When using this product, wear long-sleeved shirt, long pants, socks, shoes, and rubber gloves.

After using this product:

- Rinse gloves before removing.
- Remove clothing and launder separately before reuse.
- Wash hands thoroughly with soap and water.
- If product gets on clothing, remove clothing as soon as possible and shower.

FIRST AID

IF SWALLOWED

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything to an unconscious person.

IF IN EYES

- Hold eye open and rinse slowly and gently with water for 15 to 20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 to 20 minutes.
- Call a poison control center or doctor for treatment advice.

IF INHALED

- Move person to fresh air.
- If not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

NOTE: When calling poison control center, have this product label accessible. If seeking treatment at an emergency room or doctor's office, bring this product label to show medical personnel. You may call toll-free 877-229-3763 for medical emergency information.
Active Ingredients: 7.59% 2,4-D, dimethylamine salt [CAS # 2008-39-1], 1.83% Mecoprop-p, dimethylamine salt [CAS # 66423-09-4], and 0.84% Dicamba, dimethylamine salt [CAS # 2300-66-5].

ENVIRONMENTAL HAZARDS

- This product is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.
- Drift and runoff from treated areas may be hazardous to aquatic organisms in water adjacent to treated areas.
- To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.
- This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

| | |
|--|---|
| IMPORTANT: Directions for Storage and Disposal Do not contaminate food or feed by storage and disposal. | |
| Pesticide Storage: | Store in original container in a cool dry place, out of the reach of children, preferably in a locked storage cabinet. Protect from freezing. |
| Pesticide Disposal and Container Handling:  | <p>If Empty:</p> <ul style="list-style-type: none"> • Non-refillable container. Do not refill or reuse empty container. • Place empty container in trash or offer for recycling if available. <p>If Partly Filled:</p> <ul style="list-style-type: none"> • If it is necessary to dispose of unused product, please call your local solid waste agency or you may call toll-free 1-877-229-3724 for disposal instructions. • Never place unused product down any indoor or outdoor drain. |

***Money Back Guarantee:** If you are not satisfied with this product, we will gladly refund your original purchase price.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

- Harmful if absorbed through skin or if swallowed.
- Causes moderate eye irritation.
- Avoid contact with eyes, skin or clothing.
- When using this product, wear long-sleeved shirt, long pants, socks, shoes, and rubber gloves.

After using this product:

- Rinse gloves before removing.
- Remove clothing and launder separately before reuse.
- Wash hands thoroughly with soap and water.
- If product gets on clothing, remove clothing as soon as possible and shower.

FIRST AID

| | |
|-------------------------------|---|
| IF SWALLOWED | <ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything to an unconscious person. |
| IF IN EYES | <ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice. |
| IF ON SKIN OR CLOTHING | <ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 to 20 minutes. • Call a poison control center or doctor for treatment advice. |
| IF INHALED | <ul style="list-style-type: none"> • Move person to fresh air. • If not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice. |

NOTE: When calling poison control center, have this product label accessible. If seeking treatment at an emergency room or doctor's office, bring this product label to show medical personnel. You may call toll-free 877-229-3763 for medical emergency information. Active Ingredients: 7.59% 2,4-D, dimethylamine salt [CAS # 2008-39-1], 1.83% Mecoprop-p, dimethylamine salt [CAS # 66423-09-4], and 0.84% Dicamba, dimethylamine salt [CAS # 2300-66-5].

ENVIRONMENTAL HAZARDS

- This product is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.
- Drift and runoff from treated areas may be hazardous to aquatic organisms in water adjacent to treated areas.
- To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.
- This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.
