Subject: Label Notification(s) for Pesticide Registration Notice 2007-4

Dear Registrant:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated March 22, 2010 for:

**EPA Registration 72155-15 Atrazine 1.055% Granular Herbicide
Plus Lawn Fertilizer**

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Banza Djapao of my staff at 703-305-7269.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

NOTIFICATION

APR 9 - 2010

Explanation: Use additional page(s) if necessary. (For section I and Section II.)

Update of label container disposal section in accordance with PR Notice 2007-4. This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156. Except for those noted in this explanation, no other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and we may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL PRECAUTIONS AND RESTRICTIONS	<p>Application Restrictions: Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. This product must be watered in immediately after application.</p> <p>Entry Restrictions: Do not enter or allow others (including children or pets) to enter the treated areas (except those involved in the watering) until the watering-in is complete and the surface is dry.</p>
---	--

BEFORE YOU USE Read and follow directions when using.	<ul style="list-style-type: none"> • Use this product ONLY on Carpetgrass, Centipede, St. Augustine (including Floratam) and Zoysia lawns – other grass types could be injured. • Do not allow product to get below the branch spread of trees, shrubs, bedding plants, flowers or garden plants – the roots in this area could pick up the product and injure the plant. • Apply only when grass blades are dry to the touch. • Water in after applying. When temperatures are 80° F or above, water in immediately to wash granules off grass blades. • Do not plant flowers or vegetables in treated areas for 18 months after using this product – they may be injured. • This product may not be applied by hand or by using hand held devices (i.e. belly grinders). • Avoid contact with hands or skin. • Maximum rater per application is 2lbs. active ingredient. Maximum of two applications per year.
---	--

HOW TO USE	<ul style="list-style-type: none"> • Adjust spreader to the proper setting (see Spreader Settings). • To be sure you cover the entire area uniformly, first treat the border of the lawn then fill in the center. Make parallel passes, walking at a steady pace to ensure even distribution of the granules.
-------------------	---

FOR BEST RESULTS	<ul style="list-style-type: none"> • Best results are obtained when this product is used as part of the Bayer Advanced Lawn care program. • Apply before weeds come up. <ul style="list-style-type: none"> ○ To prevent Crabgrass, Bull Paspalum, sedges, Foxtail and Spotted Spurge, apply between January 1 and March 1 (for best control) although applications made by June 15 will give good control. ○ Apply this product in the fall to control winter weeds such as Henbit, Chickweed, Rabbit Tobacco, Florida Betony and Evening Primrose. ○ Do not apply to Carpetgrass or Centipede lawns during dormancy. • Established weeds are more difficult to control and may require an application in the spring and fall. • Follow these recommendations with new or refurbished lawns, <ul style="list-style-type: none"> ○ Apply this product one week after sprigging St. Augustine or Zoysia to prevent competition from germinating weeds. ○ Newly seeded Carpetgrass, Centipede or Zoysia lawns may be treated after the second mowing. ○ After applying Atrazine 1.055% Granular Herbicide + Lawn Fertilizer, wait one month before planting new sprigs and 6 months before sowing new grass seed.
-------------------------	--

HOW IT WORKS	<p>This product was specially formulated for southern lawns to kill established weeds, stop new weeds before they can start and green, revitalize and thicken the turf. Watering after application activates the product. Established weeds are killed, roots and all, in about 3 weeks and new weeds are prevented for up to 8 weeks.</p>
---------------------	--

SPREADER SETTINGS

If your spreader is not listed, please call our toll-free Consumer Service hotline 1-877-BayerAL for help.

BROADCAST SPREADERS

4.4 lbs./1,000 sq. ft. Distance Between Passes (ft.)

Model Setting (Spreader settings to be determined.)

DROP SPREADERS - 4.4 lbs./1,000 sq. ft.

Model Setting (Spreader settings to be determined.)

Settings are approximate. The condition of your spreader, the speed at which you walk and uneven terrain may affect the rate of application. Calibrate your spreader according to manufacturer's directions.

TIP 1,000 sq. ft. = 20 x 50 ft.

Do not use a spreader that applies granules in narrow, concentrated or uneven bands. Be sure the spreader works properly and spreads granules evenly.

WEEDS

Kills These Weeds

- Black Medic
- Blue Toadflax
- Buckhorn Plantain
- Burclover
- Carolina Geranium (Cranesbill)

IF INHALED	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for treatment advice.

NOTE: When calling poison control center, have this product label accessible. If seeking treatment at an emergency room or doctor's office, bring this product label to show medical personnel. **You may call toll-free 1-877-229-3763 for medical emergency information.** Active Ingredients: 1.055% Atrazine (CAS # 1912-24-9).

PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals
<p>CAUTION</p> <ul style="list-style-type: none"> • Harmful if swallowed and if absorbed through skin. • Causes moderate eye irritation. • Avoid contact with eye, skin, or clothing.

Do not apply granular lawn products by hand. Avoid contact with hands or skin. Broadcast applications must NOT be made using hand-held devices, such as a belly grinder or hand-held rotary applicator. Such equipment may only be used for spot treatments. Maximum rate per application turfgrass (including lawns) is 4.4 lb product per 1,000 sq. ft. Maximum to low applications per year.

User Safety Recommendations
<p>Users Should:</p> <p>Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.</p> <p>Remove clothing immediately if pesticide gets inside.</p> <p>Then wash thoroughly and put on clean clothing.</p>

ENVIRONMENTAL HAZARDS

- This product is toxic to aquatic invertebrates.
- Do not apply directly to water.
- Runoff and drift from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water by cleaning of equipment or disposal of waste.
- Atrazine can travel (seep or leach) through soil and can enter groundwater which may be used as drinking water. Atrazine has been found in ground water. Users are advised not to apply Atrazine to sand and loamy soil where the water table (groundwater) is close to the surface and where these soils are very permeable i.e., well-drained. Your local County Extension Service can provide further information on the type of soil in your area and the location of groundwater.

Storage and Disposal

Pesticide Storage	Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet.
Disposal 	If empty: <ul style="list-style-type: none"> • Non-refillable container, do not reuse or refill this container. • Place empty container in trash or offer for recycling if available. If partly filled: <ul style="list-style-type: none"> • Call your local solid waste agency or toll free 1-877-229-3724 [1-800 CLEAN-UP] for disposal instructions. • Never place unused product down any indoor or outdoor drain.

NOTICE: Research and testing have determined that the 'Directions For Use' are appropriate for the proper use of ATRAZINE 1.055% GRANULAR HERBICIDE PLUS LAWN FERTILIZER under expected conditions. To the extent consistent with applicable law, the Buyer assumes responsibility for lack of performance or safety if not used according to the directions.

Money Back Guarantee: If you are not satisfied with this product, we will gladly refund your original purchase price.
