- c. Revise the Environmental Hazards section of the label to read "This product is toxic to aquatic invertebrates. Drift and runoff may be hazardous to aquatic organisms in neighboring areas. Do not apply where runoff if likely to occur. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate."
- d. Within both the WHERE TO USE (page 2) and FOR USE ON (page 3) sections of the label, specify that this product is only for use of non-bearing fruit and nut trees. In addition, include "Non-bearing fruits and nuts are plants that do not bear edible fruits and nuts for at least 12 months after application of pesticides."
- e. Immediately below the statement "Do not make more than one application per year." (page 3), include "Regardless of formulation or type of application, DO NOT apply more than a total of 0.4 lbs clothianidin per acre."
- f. Within the QUICK FACTS section of the label, make the following changes:
 - Delete all references to "Green Booster".
 - Delete "kills insects before they damage tree and feeds root system."
 - Delete "Protects and feeds entire Tree or shrub for up to 12-months."
- g. The word "*new*" is only allowed on the label for a period of 6 months from the date of this registration notice.
- h. Delete each of the following label claims:
 - "Faster (Quicker) Acting (Performing) Formula (than our current product)"
 - "New Patented Formula gets up into the tree (shrub) (plant) fast(er)"
 - "New (Green Booster) Formula Protects and Feeds"
 - "Feeds and protects for up to a year (with a single application)"
 - "Feeds and protects against insects in one easy step"
 - "Feeds and protects against insects for up to 12 months"
 - "Protects for 12 months plus feeds"
 - "Unique (Green Booster) formula Provides 12 months insect protection Plus provides nutrition for a season"
 - "Unique (Green Booster) formula protects your trees and shrubs from insects plus feeds"
 - "Proprietary Super Boosting Green Formula"
 - "A breakthrough in Do-It-Yourself tree care"
 - "Significantly easier way to protect trees (vs. spraying)"
 - "Stops Insect Feeding Fast"
 - "The Insect Guard"
 - "The Tree Guardian"
 - "One application feeds and protects up to 12 months"
 - "Cost effective alternative to professional treatments"

- 3. The data requirements for storage stability (830-6317) and corrosion characteristics (830- 6320) have not been satisfied, and must be submitted within eighteen months of the date of this letter.
- 4. Submit one copy of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Fertilizer Claims:

- Feeds for up to 3 months
- Keeps on feeding for up to 3 months
- Continuous feeding for up to 3 months
- Feeds and renews for up to 3 months
- Improves plant growth
- Improves plant health
- Revitalize trees and shrubs
- Spurs tree and shrub recovery
- Stimulates Tree & Shrub recovery
- Advances plant health
- Increases plant health
- Increases plant growth
- Promotes stronger roots systems
- Exclusive (green color) liquid fertilizer formula
- Provides slow release feeding (fertilizer)

General & Combination Claims:

- New
- New and Improved Formula
- Faster (Quicker) Acting (Performing) Formula* (than our current product)
- New Patented Formula gets up into the tree (shrub) (plant) fast(er)
- (Dual Action) (2 in 1) Formula: Long lasting and Fast acting
- Exclusive Dual Action Protect & Feeds
- New (Green Booster) Formula Protects and Feeds
- · Feeds and protects for up to a year (with a single
- application)
- Feeds and protects against insects in one easy step
- · Feeds, and protects against insects for up to 12 months
- Protects for 12 months plus feeds
- Easy Measuring Cup (Measure-up Cup®)
- Protects against insects (including caterpillars) PLUS improves vitality of trees and shrubs
- Unique (Green Booster) formula Provides 12 month insect protection Plus provides nutrition for a season
- Unique (Green Booster) formula protects your trees and shrubs from insects plus feeds
- No Spray technology
- Protects against insects plus restores vitality of trees and shrubs
- Proprietary Super Boosting Green Formula
- A breakthrough in Do-It-Yourself tree care
- No spraying! Just mix and pour at base of tree or shrub
- Significantly easier way to protect trees (vs. spraying)

- A new way to protect (and feed) trees and shrubs
- 100% Satisfaction Guaranteed (or your money back)*

Pesticidal Claims:

- Stops Insect Feeding Fast
- New formula also kills caterpillars (such as bagworms, gypsy moths, fall webworms, etc.)
- Insects stop eating when they feed on the plant
- Protects trees, shrubs, and containerized plants from damaging insects with one easy treatment
- Helps keep trees and shrubs strong. Protects new growth
- Kills insects that damage trees and shrubs
- · Controls insects that damage trees and shrubs
- Season long protection
- The Insect Guard
- The Tree Guardian
- Year-long insect protection for trees and shrubs
- Systemic insecticide is absorbed through the roots, carried up into the plant and won't wash off
- Prevents insects from damaging trees and shrubs
- For use on all ornamental trees and shrubs and containerized plants
- Kills insects & prevents new infestations
- One application feeds and protects up to 12 months
- Provides 12-Month Insect Protection
- Rainproof Protection
- Apply around plant and walk away
- No spraying, just mix and pour around tree base (trunk)
- No messy spraying
- Cost effective alternative to professional treatments
- Do it Yourself Tree Protection
- Delivers 12 month insect protection
- Delivers year long insect protection
- 12-MONTH PROTECTION with one application
- Protects the entire tree or shrub especially new growth
- Systemic rainproof protection won't wash off
- Kills Emerald Ash Borers
- Kills devastating pests like: Adelgids, Borers, Caterpillars, Emerald Ash Borers,
 - Leafminers, Japanese Beetles (adult) and many others

- Contains MERIT®
- Now Kills Caterpillars (such as bagworms, gypsy moths, fall webworms)
- Caterpillar Killer Formula

DIRECTIONS FOR USE continued	
HOW TO APPLY	Trees and Shrubs:
	 For trees with distance around trunk less than 30 inches, apply the solution evenly in a circle 2 feet from the tree trunk. Trees with distance around trunk greater than 30 inches, apply the solution evenly in a circle 3-4 feet from the tree trunk.
	• For shrubs less than 3 feet tall, apply the solution evenly in a circle 1 foot from the base of the shrub. Shrubs greater than 3 feet tall, evenly apply the solution in a circle 2 feet from the base of the shrub.
	Containerized Plants:
	Apply the solution evenly on top of potting soil and water thoroughly.
	• For the first 10 days, avoid flushing through the container to the point where it flows out the bottom.
	For indoor containerized plants, bring outdoors, make treatment, and return indoors when no excess water is present.
FOR BEST RESULTS	Pull back mulch and weed barrier before application.
	Use this product as part of an overall tree and shrub health care program before problems start (preferably in the fall). (However,) this product can be applied anytime except when the soil is waterlogged or frozen. These conditions inhibit the movement of the product down into the root zone. During prolonged dry periods, saturate the soil around the tree or shrub well with water the night before making an application.
	For severe infestations, treat with a foliar insecticide such as [Bayer Contact Insecticide], then use this product as part of a routine care program.
HOW IT WORKS	The insecticide and fertilizer dissolved in water moves down through the soil, where it is absorbed by the roots. Once absorbed, it moves up through the tree or shrub providing year-long insect protection and
(SHOW IMAGE OF HOW THE PRODUCT WORKS SYSTEMICALLY)	feeds. This product even moves into new growth after application, thus protecting and feeding it, too! To get complete results, the insecticide and fertilizer must distribute completely through the tree or shrub. Depending on the size and health of the plant, this may take one week to three months (for very large trees). Rain or water cannot wash off this internal protection and feeding.

(NOTE: Application to trees heavily infested may not prevent their eventual loss due to existing pest damage and tree stress.)

**	Children and pets may re-enter the treated area after it has dried.

· · ·	Directions for Storage and Disposal
Storage Conditions	Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet. Protect from freezing.
Disposal	 If empty: Do not reuse container. Rinse the empty product container thoroughly and disperse the rinse water around threes or shrubs as part of application. Place empty container in trash or offer for recycling if available.
	 If partly filled: Call your local solid waste agency or toll free 1-877-229-3724 for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

- Harmful if swallowed, inhaled, or absorbed through skin.
- Causes moderate eye irritation.
- Avoid contact with skin, eyes, or clothing.
- Wash thoroughly with soap and water after handling.

First Aid +		
If swallowed	 Call a poison control center or doctor immediately for treatment advice Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. 	
. If Inhaled	 Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration. Call a poison control center or doctor for further treatment advice. 	
If on skin or clothing	 Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. 	
lf in eyes	 Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. 	

NOTE: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may contact 877-229-3763 for emergency medical treatment information. Active Ingredient: 0.74% Imidacloprid [CAS # 138261-41-3] and 0.37% Clothianidin [CAS # 210880-92-5]

ENVIRONMENTAL HAZARDS

- · This pesticide is toxic to aquatic invertebrates. Do not apply directly to lakes, streams, rivers or ponds.
- Do not dump rinse water into sewers or other bodies of water.
- Apply this product only as specified on this label.

NOTICE: Research and testing have determined that the "Directions for Use" are appropriate for the proper use of this product under expected conditions. The Buyer, to the extent consistent with applicable law, assumes responsibility for lack of performance or safety if not used according to the directions.

*Money Back Guarantee: If you are not satisfied with this product, we will gladly refund your original purchase price.
