SUBJECT: Application for Pesticide Notification (PRN 98-10)
Request Alternate Brand Name "Bayer Advanced All-in-One Lawn Weed &
Crabgrass Killer Ready-to-Use"
EPA Reg. No. 72155-85
Application Dated May 7, 2008

Dear Registrant:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated 05/07/2008 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249 or Owen F. Beeder of my staff at 703-308-8899.

Sincerely,

Linda Arrington

Subject: Final Printed Labeling for
72155-85 Lawn Herbicide 2Q Ready-to-Use

07 May 2008

On 04/25/08, I submitted final printed labeling for the product 72155-85 Lawn Herbicide 2Q Ready-to-Use, in response to the EPA approval letter dated 04/14/08.

Robyn Kneen
Registration Manager

Unfortunately the label submitted on 04/25/08 was an incorrect version and contained some errors. Please replace that labeling with this version, which correctly matches the EPA stamped approved.

EPA Est. No. XXX-AA-XX

*Application on Bermudagrass may cause temporary yellowing or discoloration but full recovery can be expected.

DIRECTIONS FOR USE	
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.	
HOW TO USE Shake Well Before Use	<ul style="list-style-type: none"> • Turn spray nozzle to coarse spray. • Hold sprayer about 12 inches from weed, aim at center of weed and spray to lightly cover. •
WHEN TO APPLY	<ul style="list-style-type: none"> • Apply when weeds are [young[small] and] actively growing. • Apply when the daily high temperature doesn't exceed 90° F (85° F for Bermudagrass). • Rain or watering 1 hour after application will not wash away effectiveness.
[FOR BEST RESULTS]	<ul style="list-style-type: none"> • [Apply when wind is calm to avoid spray drift onto desirable plants (fruits, vegetables, flowers, ground covers, shrubs & trees).] • [Repeat application in 2 weeks if needed for hard-to-control weeds.] • [Do not apply while grass is emerging from winter dormancy.] • [Newly seeded lawns may be sprayed after the fourth mowing.] • [Bare spots may be seeded 4 weeks after using this product.] • [Do not mow for 1 – 2 days after spraying [to allow weed killer to move throughout the weed].] • [Leave grass clippings on the lawn from the first 3 mowings after using this product. Do not use as compost or mulch.] • [Apply when weeds are young and actively growing] • [Rain or watering 1 hour after application will not wash away effectiveness] • [If lawn is dry, water 1 to 2 days before using this product. (Weeds take up herbicides best when not under stress).]
REFILL	Add 1.2 fl. oz. (7 ¼ teaspoons) of 'EH-1432 Herbicide' to this empty [24 fl. oz.] container. Top off with water, screw the sprayer back on and shake well. Refill does not contain SmartTrack™ spray marker.
HOW IT WORKS	Lawn Herbicide 2Q contains three proven weed killers to control lawn weeds & crabgrass, roots and all. And it won't harm your lawn when used as directed. Weeds begin to die within [24] hours and are completely dead in 14 – 28 days.

Editorial Note – [Bracketed text] is optional language

[optional instructions for use with 1 gal sprayer]

[For 1 gallon]		
		
ATTACH SPRAYER <ul style="list-style-type: none"> • Remove sprayer from bottle and extend hose. • Open flip-cap on bottle. • Insert hose and plug into flip-cap opening until it snaps into place. 	SPRAY <ul style="list-style-type: none"> • Adjust nozzle to stream or spray position. • Point sprayer downward and squeeze trigger repeatedly until liquid is released. 	AFTER USE <ul style="list-style-type: none"> • Turn sprayer nozzle to X (off) position. • Do not unplug hose. • Return sprayer to bottle. Sprayer will snap into place.

[optional instructions for use with battery-operated 1.3 gal sprayer]

- **[Battery-operated trigger sprayer:** This product is applied directly from the container using the battery-operated trigger sprayer. The sprayer is packaged with the battery installed. To use, remove the cap from the container, insert the pickup tube and thread cap attached to pickup tube to the container. Move the safety lock located below the trigger to the "ON" position. Pull trigger, waiting several seconds for fluid to prime. Adjust the sprayer tip to deliver coarse spray droplets. To store, move the safety lock located below the trigger to the "LOCK" position.]

IMPORTANT! – READ BEFORE USE

How to Attach Sprayer to Bottle ■ Remove Power Sprayer and hose from side carrier. ■ Replace bottle cap with cap attached to Power Sprayer hose.

Prepare to Spray ■ Point Sprayer away from body. ■ Adjust nozzle to desired setting. Do not turn past "X" position. ■ Slide safety switch to ON position.

Spray ■ Squeeze trigger to dispense product. Sprayer may require several seconds to prime before spraying.

After Use
 ■ Slide safety switch to LOCK position. ■ Return Power Sprayer to side carrier for storage.

4 AA Batteries Included
 For important battery information – see booklet.

<p>PROPER USE OF BATTERIES</p> 	<ul style="list-style-type: none"> • Never mix old batteries with new. • Do Not mix Alkaline with Standard (carbon zinc) or Rechargeable (nickel cadmium) batteries. • When replacing batteries, follow diagram inside battery compartment that is located at the bottom of the sprayer. • When storing sprayer at end of season, remove batteries to prevent leakage. • Follow manufacturer's recommendations for disposal of batteries.

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.

PRECAUTIONARY STATEMENTS

CAUTION

Hazards to Humans and Domestic Animals

- Harmful if swallowed
- Causes moderate eye irritation.
- Avoid contact with eyes, skin, or clothing.
- When using this product, wear long-sleeved shirt, long pants, socks, shoes, and rubber gloves.

After using this product:

- Rinse gloves before removing and wash hands.
- If product gets on skin, wash thoroughly with soap and water
- If product gets on clothing, remove clothing as soon as possible and launder clothing separately before reuse.
- Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

FIRST AID +

If Swallowed	<ul style="list-style-type: none"> ▪ Call a poison control center or doctor immediately for treatment advice. ▪ Have person sip a glass of water if able to swallow. ▪ Do not induce vomiting unless told to do so by a poison control center or doctor. ▪ Do not give anything by mouth to an unconscious person.
If in Eyes	<ul style="list-style-type: none"> ▪ Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. ▪ Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. ▪ Call a poison control center or doctor for further treatment advice.

NOTE: When calling poison control center, have this product label accessible. If seeking treatment at an emergency room or doctor's office, bring this product label to show medical personnel. **You may call toll-free 1-877-229-3763 for medical emergency information.** Active Ingredients: 0.313% 2,4-D, dimethylamine salt (CAS # 2008-39-1), 0.029% Dicamba, dimethylamine salt (CAS # 2300-66-5), 0.104% Quinclorac (CAS # 84087-1-4).

ENVIRONMENTAL HAZARDS

- This pesticide is toxic to fish & aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark except as noted on appropriate labels.
- Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate.
- This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

Important – Directions for Storage and Disposal	
Storage Conditions	Return spray nozzle to closed position. Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet. Protect from freezing.
Disposal 	<p>If empty: Do not reuse this container except to refill with EH-1432 Herbicide. Place empty container in trash or offer for recycling if available.</p> <p>If partly filled: Call your local solid waste agency or toll free 1-877-229-3724 for disposal instructions. Never place unused product down any indoor or outdoor drain.</p>

NOTICE: Research and testing have determined that the "Directions for Use" are appropriate for the proper use of this product under expected conditions. The Buyer assumes responsibility for lack of performance or safety if not used according to the directions.

***Money Back Guarantee:** If you are not satisfied with this product, we will gladly refund your original purchase price.
