TOXIC SUBSTANCES

JUN 21 2010

Ms. Sue Valentine  
Scimetrics Ltd. Corp.  
9974 NE Frontage Rd.  
Wellington, CO 80549

Subject: Notification of Change to Warranty Statement per PR Notice 98-10  
Kaput Mole Gel Bait  
EPA Reg. No. 72500-2

Dear Ms. Valentine:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated June 8, 2010 for the product Kaput Mole Gel Bait. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-5967 or via e-mail at [gaines.jennifer@epa.gov](mailto:gaines.jennifer@epa.gov).

Sincerely,

A handwritten signature in cursive script that reads "Jennifer Gaines".

Warfarin (CAS No. 81-81-2) ..... 0.025%

Other Ingredients ..... 99.975%

Total ..... 100.000%

Keep Out of Reach of Children

### CAUTION

See below [back panel] for additional Precautionary Statements.

EPA Reg. No. 72500-2

EPA Est. 72500-CO-1

Net Weight: 3 Fluid Oz. (84 g)

[More than Rodent Management Products]

{Back Panel}

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Apply this product only for the sites, pests and application methods specified on this label.

#### Read this Label:

Read this entire label and follow all use directions and precautions.

**IMPORTANT:** Do not expose children, pets or other non-target animals to rodenticides. To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Follow all application directions and **Use Restrictions** on this label. Apply bait only in moles' underground runways. Keep pets out of treated areas and isolate treated areas using existing fencing, if present.
3. Dispose of product container and unused or spoiled bait as specified on this label.

**Use Restrictions:** This product may be used only to control eastern moles (*Scalopus aquaticus*), star-nose moles (*Condylura cristata*), hairy-tailed moles (*Parascalops breweri*), coast moles (*Scapanus orarius*), broad-footed moles (*S. latimanus*) and/or townsend moles (*S. townsendii*) on lawns, turf areas, golf courses and other non-food grassy

areas. Bait must be applied directly into main underground tunnel or subsurface runways. Do not place bait on the ground surface.

**Selection of Treatment Areas:** The presence of moles may be indicated by a network of surface ridges in the turf or by a series of conical mounds of earth pushed up from deep burrows. Conical mounds may betray the location of main underground runways.

**Baiting:** Prior to treatment, determine which burrow systems are active. Using a round-ended wood rod, such as a broomstick, probe ground in vicinity of conical mounds or surface ridges until main underground runway is detected by a sudden decrease in resistance against the probe. Mark open burrow systems and revisit them 2-3 days later. For deeper tunnels, open system with a shovel and leave open. Burrow systems that are active are likely to be plugged by moles.

Treat only active borrow systems. To treat a burrow system, locate main runways by probing. Remove the cap from the tip of the applicator syringe and turn dosing ring to mark indicating half ounce. Inject half an ounce of bait (one-sixth of the contents of one syringe) through probe or shoveled opened hole at each bait placement location. Make six (6) such placements per burrow system. Cover holes made to enter tunnel with sod and soil, but do not allow dirt to sift in to foul or cover bait.

**Follow-up:** Check effects of treatment 4-5 days after bait application by opening and marking burrows in the manner used to check for initial activity. Return 2-3 days later and retreat all active burrows. Maximum application rate is 1 syringe/10,000 ft<sup>2</sup>.

**Storage and Disposal**

**Do not contaminate water, food or feed by storage or disposal.**

**Pesticide Storage:** Store in original container in a cool, dry place inaccessible to children and pets. Do not store used or partially used syringes. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Disposal:** Non-refillable container; do not reuse or refill this container. Offer for recycling, if available; otherwise, dispose of empty container in a sanitary landfill; or by incineration.

**Lot Number:** {description of where lot number is found}

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**CAUTION:** Keep away from children, domestic animals and pets. If swallowed, this material may reduce the clotting ability of the blood and cause bleeding. Wash arms, hands and face with soap and water after applying and before eating, drinking, chewing gum, using tobacco or using the toilet.

**Treatment for Pet Poisoning**

If animal eats bait, call a veterinarian [or 1-800-xxx-xxxx] at once.

**Note to Physician or Veterinarian**

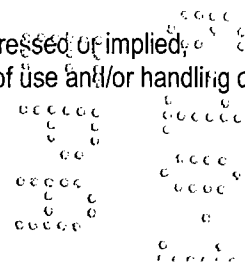

Contains the anticoagulant Warfarin. If swallowed, this material may reduce the clotting ability of the blood and cause bleeding. For humans or animals ingesting bait and/or showing poisoning signs (bleeding or elevated prothrombin times), give Vitamin K1.

**Environmental Hazards**

This product is toxic to fish, birds and other wildlife. Do not apply this product directly to water, to areas where surface water is present or the intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters.

**WARRANTY**

To the extent consistent with applicable law, Manufacturer and Seller make no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of

this material when such use and/or handling is contrary to label instructions.

[Attention [Notice]: This product contains a chemical known to the state of California to cause birth defects or other reproductive harm.]
