Attention: Ms. Kim Davis

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

- A. submit one (1) copy of final printed labeling, before you release the product for shipment with the following changes:
 1. Add "only" to the first sentence of "Use Restrictions".
 2. Add this 2nd Sentence to the "Use Restrictions": "Apply only by method of application on this label."
 3. Under "WARRANTY", add the following text at the beginning of this section: "To the extent consistent with applicable law, ..."

Daniel B. Peacock, Biologist
Insecticide-Rodenticide Branch
Registration Division (7505C)

Date:

MAY - 1 2007

- B. within fifteen (15) months of the date of this Notice, submit the results of a one (1) year storage stability and corrosion characteristics study for this product.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed. If you have any questions, please contact Dan Peacock by phone (703-305-5407), fax (703-305-6596), or E-Mail (peacock.dan@epa.gov).

- Enclosures:
- 1. Stamped Label
 - 2. Minimum Type Sizes for Final Printed Label

Dan Peacock, Flash Drive, 1gb, K:\Diphacinone\72500-RE, 12\72500-12, Notice of Registration, 4-30-2007.doc

RESTRICTED USE PESTICIDE
Due to Hazard to Nontarget Species
For retail sale to, and use only by, Certified Applicators or persons under their direct supervision and only for those uses covered by the Certified Applicator's Certification.

EPA Reg. No. 72500-__

EPA Est. 72500-CO-1

Net Weight: ____ lbs.

MAY - 1 2007

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, use precautions
registered under EPA Reg. N.
72500-12

Read This Label: Read this entire label and follow all use directions and use precautions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear long sleeved shirt and long pants, socks and shoes, and chemical-resistant gloves (such as or made out of any waterproof material, selection category A). Wash contaminated clothing prior to reuse.

First Aid

If Swallowed: Immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact the National Poison Information Center at 1-800-858-7378 for emergency medical treatment information.

Note to Physician and Veterinarian: This product reduces the clotting ability of the blood and may cause hemorrhaging. If ingested, administer Vitamin K1 intramuscularly or orally as indicated for bis-hydroxycourmarin overdoses. For human cases, Vitamin K1 is antidotal at doses of 10-20 mg total (not mg/kg). For animal cases, Vitamin K1 is antidotal at 2-5 mg/kg. Repeated doses may need to be

given, based upon monitoring of prothrombin times. In severe cases, blood transfusion may be necessary.

Environmental Hazards

This product is toxic to fish, birds and other wildlife. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its label.

Do not apply this product by any method not specified on this label.

Important: Do not expose children, pets or other non-target animals to rodenticides. To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Apply bait in locations out of the reach of children, pets, domestic animals and non-target wildlife.
3. Dispose of product container and unused, spoiled and unconsumed bait as specified on this label.

Use Restrictions: For control of Pocket Gophers (*Geomys* sp. and *Thomomys* sp.) on lawns, golf courses, rangeland and non-crop areas. Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food. Do not apply bait aboveground. Remove or bury any bait spilled on the ground during application.

Endangered Species Considerations: Do not use this product within prairie dog towns within the range of the black-footed ferret without first contacting endangered species specialists, U.S. Fish and Wildlife Service, Denver Regional Office. Do not use this pesticide within one mile of active dens of the San Joaquin Kit Fox in the following California counties: Fresno, Kern, Kings, Merced, Monterey, San Benito, Santa Barbara, San Luis Obispo, Tulare and Ventura. Prior to use, contact endangered species specialists at the California Department of Fish and Game or the U.S. Fish and Wildlife Service, Portland Regional Office, for recommendations. To review endangered species within your state and county, log on to www.fws.gov, at the top of the page use the drop down menu next to "offices" to select your region; then select endangered species or ecological services (dependant on the region); next search for the listed species by state or country; review list of endangered species for that area.

Selection of Treatment Areas: Pocket gophers throw out low, fan-shaped mounds of earth from their underground tunnels. The tunnel entrance is plugged with soil and is found near one edge of the mound. The mounds are usually at the end of short lateral tunnels which connect with the main burrow system. The main burrow is typically about 18 inches from the mound and within 10 inches of the surface. A single gopher burrow system will be about 50 feet in diameter.

Application Directions: For use in machine applicators using burrow building equipment: Adhere to manufacturer's instructions for the equipment used to apply Kaput bait. Construct artificial burrows at the same depth as existing gopher tunnels, spaced about 20-30 feet apart. Apply at the rate of 6 to 8 lbs of bait per acre. Apply only when soil conditions allow for the formation of good artificial tunnels. Collect and dispose of spilled bait according to this label.

{Non-homeowner sized containers:}

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in original container in a dry place inaccessible to children and pets.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Dispose of empty container in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning; if burned, stay out of smoke.

{Homeowner sized containers:}

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in original container in a dry place inaccessible to children and pets.

Container Disposal: If empty: Do not reuse this container; place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
