Decision #429789

300 5-868987  
1155

Attention: Ms. Kim Davis

**Subject** Kaput® Combo Bait® Mini Blocks for Rodents & Fleas  
EPA Reg. No. 72500-14  
Our letter of March 5, 2010  
Your amended application of November 6, 2009 (received March 8, 2010)

**Purpose** This submission revises the label of this product, under sec 3 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), to conform to our letter of February 4, 2010, letter, to add flea kill claims, and to add marketing claims.

**Review** When we initially registered this product on December 3, 2008, we permitted the product to be used in and homes for both commensal rodents and voles. When Scimetrics submitted a revised label on November 6, 2009, the proposed label restricted application for commensal rodents to "non-residential" sites but allowed application "in and around homes" for voles. There is no explanation in the administrative record for the more restrictive language for commensal rodents. Therefore, you may retain the originally approved application of this product "in and around homes" for all species on the label.

**Label** The labeling submitted with the above letter, under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) is acceptable, provided you submit one (1) copy of final printed labeling to us, with the following change, before you ship your product.

2016

**Compliance with Risk Mitigation** With the above changes, this product will be in full compliance with the Agency's revised May 28, 2008 "*Risk Mitigation Decision for Ten Rodenticides*".

**Existing stocks**

- The registrant may not distribute or sell existing stocks of this product after June 4, 2011 unless they conform to the terms and conditions of registration as amended today.
- Any person other than the registrant may sell and distribute existing stocks of this product with the previously approved label until such stocks are exhausted.
- Any person may use existing stocks of this product with the previously approved label until such stocks are exhausted.

**Consequence for non-compliance** If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

**Questions** If you have questions about this letter, please contact me at 703-305-5407 (phone); 703-305-6596 (fax); or [peacock.dan@epa.gov](mailto:peacock.dan@epa.gov) (E-Mail).

Sincerely,

John Hebert, Team Leader  
Insecticide-Rodenticide Branch  
Registration Division (7505P)

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This label must be in the user's possession at the time of product application.

**Apply this product only for the sites, pests and application methods specified on this label.**

If sufficient quantities of this bait are ingested, the use of this product kills fleas that commonly infest listed rodent hosts, including *Xenopsylla cheopis*.

**Read This Label:**

Read this entire label and follow all use directions and use precautions.

**IMPORTANT:** Do not expose children, pets or other non-target animals to rodenticides. To help prevent accidents:

1. Store product not in use in locations out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and non-target wildlife in tamper-resistant bait stations. These stations must be resistant to destruction by children under six years of age and dogs, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to hooved livestock, raccoons, bears, other potentially destructive animals or in areas prone to vandalism.
3. Dispose of product container as well as unused, spoiled and unconsumed bait, as specified on this label.

Tamper-resistant bait stations must be used if children, pets, non-target mammals or birds have access to bait.

### RATS AND MICE

**Use Restrictions:** Use this product to kill only Norway Rats [(*Rattus norvegicus*)], Roof Rats [(*Rattus rattus*)] and House Mice [(*Mus musculus*)] and their infested fleas, in and around non-residential building, industrial/agricultural buildings and similar man-made structure, and inside transport vehicles. Do not place bait in areas where there is a possibility of contaminating food or surfaces that come into direct contact with food. Do not use in edible product areas of feed processing plants, restaurants or other areas where food or feed is commercially prepared or processed. Do not contaminate food/feed or food/feed-handling equipment or place near or inside ventilation duct openings. Do not use this product to control listed species within the occupied habitats of threatened or endangered species. Wear gloves when handling bait or animal carcasses. Do not apply farther than 50 feet from buildings. Do not sell this product in individual containers holding less than 4 pounds of bait.

**Selection of Treatment Areas:** Determine areas where rodents will most likely find and consume bait. Generally, these areas will be along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors or walls, beside burrow openings and other locations where signs of rodents have been seen. Remove as much alternative food as possible.

#### Application Directions:

**Norway Rats and Roof Rats:** Apply 4 to 16 one-ounce bait blocks per bait placement. Space placements at intervals of 15 to 30 feet in infested area. Maintain an uninterrupted supply of fresh bait for at least 10 days or until there no longer are signs of new feeding by rats.

**House Mice:** Apply 1 one-ounce bait block per placement. Space bait placements at intervals of 8 to 12 feet in infested area. At points of extremely high mouse activity use 2 blocks. Maintain an uninterrupted supply of fresh bait for 15 days or until fresh signs of feeding by house mice cease to appear.

**Follow-up (Rats & Mice):** Immediately replace contaminated or spoiled bait. While wearing gloves, properly collect and dispose of all dead animals and leftover bait. To discourage reinfestation, limit sources of rodent food, water and harborage as much as possible. If reinfestation occurs, repeat treatment. Where a continuous source of reinfestation is present, establish permanent bait stations. Regularly check the stations and replace bait as needed.

### VOLES

**Use Restrictions:** Use this product to kill only meadow voles [(*Microtus pennsylvanicus*)], pine voles [(*M. pinetus*)] and montane voles [(*M. montanus*)] and their infested fleas, around (usually within 15 feet of) homes, and industrial, commercial, agricultural and similar man-made structures. Do not use this product to control listed species within the occupied habitats of threatened or endangered species. All bait applications must be made by hand. Wear gloves when handling bait or animal carcasses. Do not apply farther than 50 feet from buildings. Do not sell this product in individual containers holding less than 4 pounds of bait.

**Selection of Treatment Areas:** Determine areas near buildings where voles or signs of vole activity (girdling of plants, consumption of bulbs, burrow openings and surface runways) have been seen. These areas generally will be in flower beds or under shrubs, bushes or ground cover.

**Application Directions:** Place 1 one-ounce bait block in each bait station. Situate bait stations near runways, burrow openings or plants that voles have been damaging. Check placements daily. Remove any fouled or spoiled bait and replenish if vole activity and interest in bait persist. Maintain an uninterrupted supply of fresh bait for 15 days or until

Bofle

there no longer are signs of vole activity and feeding on bait. While wearing gloves, properly collect and dispose of any carcasses and leftover bait.

**Follow-up:** At the end of the control program dispose of carcasses and any uneaten bait.

<p><b>Storage and Disposal</b></p> <p>Do not contaminate water, food or feed by storage or disposal.</p> <p><b>Pesticide Storage:</b> Store in original container in a cool, dry place inaccessible to children and pets. <b>Pesticide Disposal:</b> Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. <b>Container Disposal:</b> Non-refillable container; do not reuse or refill this container. Offer for recycling, if available, or reconditioning, if appropriate; otherwise, dispose of empty container in a sanitary landfill; or by incineration.</p> <p>Lot Number: {Description of where lot number is found}</p>

**PRECAUTIONARY STATEMENTS**  
**Hazards to Humans and Domestic Animals**  
**CAUTION**

Keep away from humans, domestic animals and pets. Harmful if swallowed because this material may reduce the clotting ability of the blood and cause bleeding. Causes moderate eye irritation. Do not get in eyes or on skin or clothing. Wash arms, hands and face with soap and water after applying and before eating, drinking, chewing gum, using tobacco or using the toilet. Applicators must wear long-sleeved shirt, long pants, socks, shoes and gloves.

**First Aid**

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact the National Poison Information Center at 1-800-858-7378 for emergency medical treatment information.

**If swallowed,** immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If in eyes,** hold eye open and rise slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**Treatment for Pet Poisoning:** If animal eats bait, call veterinarian [or 1-800-xxx-xxxx] at once.

**Note to Physician or Veterinarian:** Contains the anticoagulant Warfarin. If swallowed, this material may reduce the clotting ability of the blood and cause bleeding. For humans or animals ingesting bait and/or showing poisoning signs (bleeding or elevated prothrombin times), give Vitamin K1.

**Environmental Hazards**

This product is highly toxic to aquatic invertebrates and toxic to mammals and birds. Do not apply this product directly to water, to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment washwaters. Dogs and other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten the bait.

[Attention {Notice}: This product contains a chemical known to the state of California to cause birth defects or other reproductive harm.]

**WARRANTY DISCLAIMER**

The directions for use of this product must be followed carefully. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, (1) THE GOODS DELIVERED TO YOU ARE FURNISHED "AS IS" BY MANUFACTURER OR SELLER, AND (2) MANUFACTURER AND SELLER MAKE NO WARRANTIES, GUARANTEES OR REPRESENTATIONS OF ANY KIND TO BUYER OR USER, EITHER EXPRESS OR IMPLIED, OR BY USAGE OF TRADE, STATUTORY OR OTHERWISE, WITH REGARD TO THE PRODUCT SOLD, INCLUDING, BUT NOT

6066

**LIMITED TO MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, USE OR ELIGIBILITY OF THE PRODUCT FOR ANY PARTICULAR TRADE USAGE.** UNINTENDED CONSEQUENCES, INCLUDING BUT NOT LIMITED TO INEFFECTIVENESS, CROP OR PLANT DAMAGE, OR LOSS OF YIELD, MAY RESULT BECAUSE OF SUCH FACTORS AS THE PRESENCE OR ABSENCE OF OTHER MATERIALS USED IN COMBINATION WITH THE GOODS, OR THE WEATHER, WIND, AND TEMPERATURE, OR THE MANNER OF USE OR APPLICATION, ALL OF WHICH ARE BEYOND THE CONTROL OF MANUFACTURER OR SELLER, AND ASSUMED BY BUYER OR USER. THIS WRITING CONTAINS ALL OF THE REPRESENTATIONS AND AGREEMENTS BETWEEN BUYER OR MANUFACTURER, AND SELLER, AND NO PERSON OR AGENT OF MANUFACTURER OR SELLER HAS ANY AUTHORITY TO MAKE ANY OTHER REPRESENTATION OR WARRANTY OR AGREEMENT RELATING IN ANY WAY TO THESE GOODS. NO WARRANTIES SHALL BE CREATED BY COURSE OF DEALING, USAGE OF TRADE, OR COURSE OF PERFORMANCE. THERE ARE NO WARRANTIES THAT EXTEND BEYOND THE FACE HEREOF. THE SELLER OR MANUFACTURER ASSUMES NO RESPONSIBILITY THAT THE GOODS WILL BE FIT FOR ANY PARTICULAR PURPOSE FOR WHICH YOU MAY BE BUYING OR USING THE GOODS, EXCEPT AS OTHERWISE PROVIDED IN THE CONTRACT.

**LIMITATION OF LIABILITY**

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, IN NO EVENT SHALL MANUFACTURER OR SELLER BE LIABLE FOR SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, OR FOR DAMAGES IN THEIR NATURE OF PENALTIES RELATING TO THE GOODS SOLD, INCLUDING USE, APPLICATION, HANDLING, AND DISPOSAL. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, NEITHER MANUFACTURER NOR SELLER SHALL BE LIABLE TO BUYER OR USER OR TO CUSTOMERS OF BUYER, IF ANY, FOR INDEMNIFICATION OR ANY DAMAGES OR SUMS OF MONEY, CLAIMS OR DEMANDS WHATSOEVER, RESULTING FROM OR BY REASON OF, OR ARISING OUT OF THE USE, MISUSE, OR FAILURE TO FOLLOW LABEL WARNINGS OR INSTRUCTIONS FOR USE, OF THE GOODS SOLD. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, ALL SUCH RISKS SHALL BE ASSUMED BY THE BUYER, USER, OR CUSTOMERS. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BUYER'S OR USER'S EXCLUSIVE REMEDY, AND MANUFACTURER'S OR SELLER'S TOTAL LIABILITY, SHALL BE FOR DAMAGES NOT EXCEEDING THE PURCHASE PRICE OF THE GOODS AND, IF BUYER OR USER WISHES, THE RETURN OF THE GOODS BY BUYER TO SELLER.

**If you do not agree with or do not accept any of directions for use, the warranty disclaimers, or limitations on liability, do not use the goods, and return it unopened to the Seller, and the purchase price will be refunded. By using the goods, you expressly agree to all of the terms and conditions of this contract.**

**USES WITH OTHER PRODUCTS:** If the goods are used in combination with any other product *except as specifically recommended in writing*, then, to the extent consistent with applicable law, Seller or Manufacturer shall have no liability for any crop, plant, or other loss, damage, or injury arising out of its use in any such combination not so specifically recommended.
