U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Reg. Number:
72500-21

Date of Issuance:
FEB 02 2012

NOTICE OF PESTICIDE:
[x] Registration
[] Reregistration
(under FIFRA, as amended)

Term of Issuance: Unconditional

Name of Pesticide Product:
Mouse Hook

Name and Address of Registrant (include ZIP Code):

Scimetrics Ltd. Corp.
P.O. Box 1045
Wellington, CO 80549

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is registered in accordance with FIFRA section 3(c)(5) provided that you:

- 1. Submit 1 copy of your final printed label before you release the product for shipment.
2. Revise the EPA Registration Number to read "EPA Reg. No. 72500-21".

Confidential Statement of Formula

The acceptable Confidential Statement of Formula(s) (CSF) for this product are:

1 Basic CSF - dated 10/25/2011

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

If you have any questions, please contact Gene Benbow at (703) 347-0235 or via email at benbow.gene@epa.gov.

up to
- 12 disposable bait stations [containing] 12 x 0.7 oz. (240 g) bait blocks

{Back/Side Panel}

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL:

Read this entire label and follow all use directions and use precautions. Use only for sites, pests, and application methods described on this label.

USE RESTRICTIONS: THIS BAIT STATION IS NOT TAMPER-RESTISTANT. DO NOT USE THIS PRODUCT OUTDOORS OR IN AREAS ACCESSIBLE TO CHILDREN, PETS, DOMESTIC ANIMALS, OR NONTARGET WILDLIFE.

Use this product to kill only house mice and their fleas inside homes, and inside non-residential, industrial, agricultural, commercial, public buildings and similar man-made structures. This product can also be used inside transport vehicles (ships, trains and aircraft). Do not place bait in areas where there is a possibility of contaminating food or surfaces that come into direct contact with food. Do not contaminate food/feed or food/feed-handling equipment or place near or inside ventilation duct openings.

SELECTION OF TREATMENT AREAS: After removing as much alternate food, water and harborage as possible, determine areas where mice will most likely find and consume bait. Generally, these areas will be along walls, by gnawed openings, in corners and concealed places, between floors or walls and other locations where signs of house mice have been seen.

APPLICATION DIRECTIONS: Place bait station against wall. If additional stations are used, space placements at intervals of 8 to 12 feet in infested area. Maintain an uninterrupted supply of fresh bait for at least 15 days or until there no longer are any signs of house mouse activity.

FOLLOW-UP: While wearing waterproof gloves, collect and dispose of emptied bait stations and all visible dead animals. To discourage reinfestations, eliminate food, water and harborage as much as possible. If reinfestation occurs, repeat treatment.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in original container in a cool, dry place inaccessible to children and pets. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Handling:** Non-refillable container and bait station. **If empty:** Place in trash or offer for recycling if available. **If partially filled:** Place in trash or call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Lot Number: {Lot Number or Description of where lot number is located}

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Keep away from children, domestic animals and pets.

Any person who retrieves carcasses or unused bait following application of this product must wear waterproof gloves.

User Safety Requirements: As soon as possible, wash hands thoroughly after applying bait station and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID HAVE LABEL WHEN OBTAINING TREATMENT ADVICE	
If Swallowed	<ul style="list-style-type: none"> • Call a poison control center, doctor, or National Pesticide Information Network (1-800-858-7378) immediately for treatment advice. • Have a person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor.

TREATMENT FOR PET POISONING

If animal eats bait, call veterinarian or 1-800-222-1222 at once.

NOTE TO PHYSICIAN OR VETERINARIAN

Contains the anticoagulant Diphacinone. If swallowed, this material may reduce the clotting ability of the blood and cause bleeding. For humans or animals ingesting bait and/or showing poisoning signs (bleeding or elevated prothrombin times), give Vitamin K₁ orally or intramuscularly.

Environmental Hazards

This product is extremely toxic to mammals and birds. Dogs, cats and other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. Do not apply directly to water.

WARRANTY

To the extent consistent with applicable law, Manufacturer and Seller make no warranty, express or implied, concerning the use of this product other than indicated on the label. To the extent consistent with applicable law, buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
