General Statement

Do not apply this product in a way that will contact workers or other persons, either directly or thru drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

Home Owner Use Directions

Hang Green Screen® Bags from plants, stakes, trees or other suitable items around vegetation a maximum of two feet apart to discourage deer and rabbits from browsing. If using on tall vegetation, trees, or bushes hang bags about 1 foot from ground to discourage rabbits and 4 feet from ground to discourage deer. If severe browsing damage exists, place bags closer together. Green Screen® Bags are odor offensive to wildlife and should remain fully exposed. Green Screen® Bags can be used for home and garden.

Agricultural Use Requirements

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, greenhouses and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted entry interval (REI) and notification to workers. The requirements on this box only apply to uses of this product that are covered by the Worker Protection Standard. Do not enter or allow worker entry into treated areas during the restricted entry interval of 4 hours. Personal protective equipment required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated such as plants, soil or water is: • coveralls • waterproof gloves • shoes plus socks • safety glasses or goggles.

Non-Agricultural Use Requirements

The requirements of this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The Worker Protection Standard applies when that product is used to produce agricultural plants on farms, nurseries, greenhouses and forests.
