Dear J. Todd Frank:

This letter is in reference to your request dated December 1, 2022 to extend the conditional, time-limited registration for the above referenced registration.

The above-referenced registration contains conditions calling for the registrations to expire two years from the date the products are first released for shipment (i.e., January 13, 2021). But for limited Agency resources, your request would have been granted prior to the expiration date. Additionally, your company is required to adhere to the spot-on label mitigation, submit quarterly enhanced incident reports and quarterly sales information for this registration.

The Agency has found Elanco Animal Health to be in compliance with the terms and conditions for the subject product. Therefore, the following change is being made to the terms and conditions of this product.

- **The 2-year time-limited registration restriction has been extended an additional two (2) years. Therefore the new expiration date for the subject product registration is now January 13, 2025.**

Please note that the product is still subject to all other previously required conditions of

registration. If you have any questions, please contact, Debra Rate by phone at (202) 566-2867 or by email at rate.debra@epa.gov.

Sincerely,

Debra Rate, Ph.D.
