EPA Reg. Number:

Date of Issuance:

72662-3

Term of Issuance:

MAY 27 2003

NOTICE OF PESTICIDE:

x Registration
Reregistration

Unconditional

Name of Pesticide Product:

Prevam Ultra

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Citrus Oil Products 990 Trophy Club Drive Trophy Club, TX 76262

Mote: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).

- 1. Make the following label change:
 - a. Change the label by revising the EPA Registration Number to read, "EPA Reg. No.72662-3".
- 2. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS: Use this product only in accordance with its labeling and with the Worker protection Standard, 40, CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training and emergency assistance. It also contains specific instructions and exception pertaining to the statements on this label about personal protective equipment (PPE) and restricted-entry interval and notification to workers. The requirements in this box apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow workers entry into treated areas during the restricted-entry (REI) of 12 Hours.

PPE Required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water is to wear protective eyewear/goggles, coveralls and waterproof gloves.

It is recommended to use an AIR assisted type Sprayer for best results. Do not apply this product through any type of irrigation system. Aerial applications are prohibited.

This product is not recommended for application in mid-day sun or when temperatures exceed 85°F as temporary leaf burn may occur. Do not allow spray to drift from the application site and contact people, structures people occupy at any time and the associated property, parks, and recreation areas, non-target crops, aquatic and wetland areas, woodlands, pastures, rangelands, or animals. The applicator also must use all other measures necessary to control drift.

To Control Disease: Dilute this product in water to a 0.4 % solution and spray thoroughly to wet both the upper and lower surfaces of the leaves, stems and branches. Spray once or twice per week as needed for control.

To Control Insects: Dilute product in water to a 0.8 % solution and spray thoroughly to wet both the upper and lower surface of the branches, leaves, and stems. Make sure to adequately spray infested areas. Spray as needed for control.

CROPS:		DISEASES:	INSECTS:

SHAKE or AGITATE Container before Mixing with Water. DO NOT add other Chemicals to Mix.

Dilution Instructions:

0.4% Solution in water for <u>Disease</u> Control:

Measure: 20 fl. oz. PREVAM Add to: 40 Gallons of WATER **Dilution Instructions:**

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals

WARNING / AVISO Causes eye irritation. Harmful if absorbed through skin. Harmful if inhaled. Do not get in eyes or on clothing. Avoid contact with skin, eyes, or clothing. Avoid breathing spray mist. Wear protective eyewear/goggles. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

Environmental Hazards Do not apply directly to water or to areas where surface water is present or to inter-tidal areas below mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters.

User Safety Recommendations: Wear protective eyewear/goggles, long-sleeved shirt, long pants, shoes, socks and waterproof gloves when applying this product. Wear a hat and eye protection when making overhead applications. Remove clothing immediately if pesticide soaks clothing. Change clothing as soon as possible after use. Wash the outside of gloves before removing. As with any pesticide product, wash hands thoroughly immediately after handling and before eating, smoking or using the toilet. Do not allow children or pets to contact treated area until sprays have dried.

First Aid:

If in eyes	*Hold eye open and rinse slowly and gently with water for 15-20 minutes. *Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. *Call a poison control center or doctor for treatment advice.
If Inhaled	*Move person to fresh air. *If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. *Call a poison control center or doctor for treatment advice.
If on skin or clothing	*Take off contaminated clothing. *Rinse skin immediately with plenty of water for 15-20 minutes. *Call a poison control center or doctor for treatment advice.
Have the product	container or label with you when calling a poison control center or doctor, or going for treatment.

Personal Protective Equipment Requirements: Applicator and other handlers must wear protective eyewear/goggles, long sleeve shirt and long pants, waterproof gloves, shoes, and socks. Follow the manufacturer's instructions for cleaning/maintaining PPE. Use detergent and hot water. Keep and wash PPE separately from other laundry.

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store out of reach of children. Keep container closed when not in use.

Disposal: Wastes resulting from the use of this product may be disposed of on site at an approved waste disposal facility. Rinsecontainer thoroughly then offer for recycling or reconditioning or puncture and dispose of in sanitary landfill, or incineration or if allowed by state and local authorities by burning. If burned, stay out of smoke.
