### Application for Pesticide - Section I

1. Company/Product Number 72662-3	2. EPA Product Manager Richard Gebken	3. Proposed Classification <input checked="" type="checkbox"/> None <input type="checkbox"/> Restricted
4. Company/Product (Name) ORO Agri, Inc./Prev-Am Ultra	PM# 10	
5. Name and Address of Applicant (Include ZIP Code) ORO Agri, Inc. 990 Trophy Club Drive Trophy Club, Texas 76262  <input type="checkbox"/> Check if this is a new address	6. Expedited Review. In accordance with FIFRA Section 3(c)(3) (b)(i), my product is similar or identical in composition and labeling to: EPA Reg. No. _____  Product Name _____	

### Section - II

 Amendment - Explain below.  
 Resubmission in response to Agency letter dated \_\_\_\_\_  
 Notification - Explain below.  
 Final printed labels in response to Agency letter dated \_\_\_\_\_  
 "Me Too" Application.  
 Other - Explain below.

**NOTIFICATION**  
MAR 10 2005

**Explanation:** Use additional page(s) if necessary. (For section I and Section II.)

Submission of label notification per PRN 98-10. This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

### Section - III

1. Material This Product Will Be Packaged In:

Child-Resistant Packaging <input type="checkbox"/> Yes <input type="checkbox"/> No	Unit Packaging <input type="checkbox"/> Yes <input type="checkbox"/> No	Water Soluble Packaging <input type="checkbox"/> Yes <input type="checkbox"/> No	2. Type of Container <input type="checkbox"/> Metal <input type="checkbox"/> Plastic <input type="checkbox"/> Glass <input type="checkbox"/> Paper <input type="checkbox"/> Other (Specify) _____
* Certification must be submitted		If "Yes" Unit Packaging wgt. No. per container	If "Yes" Package wgt No. per container

3. Location of Net Contents Information  
 Label  Container

4. Size(s) Retail Container

5. Location of Label Directions  
 On Label  
 On Labeling accompanying product

6. Manner in Which Label is Affixed to Product  
 Lithograph  
 Paper glued  
 Stenciled  Other \_\_\_\_\_

### Section - IV

1. Contact Point (Complete items directly below for identification of individual to be contacted, if necessary, to process this application.)

Name James Sullivan	Title Chief Financial Officer	Telephone No. (Include Area Code) (817) 491-2057
------------------------	----------------------------------	---

**Certification**

I certify that the statements I have made on this form and all attachments thereto are true, accurate and complete. I acknowledge that any knowingly false or misleading statement may be punishable by fine or imprisonment or both under applicable law.

2. Signature 	3. Title Chief Financial Officer	6. Date Application Received (Stamped)
4. Typed Name James Sullivan	5. Date 18 FEBRUARY 2005	

NOTIFICATION

**EPA Reg. No.: 72662-3**

**EPA Est. No.: 9367-FL-1**

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

Optional language: Not for use on turf grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes.  
Editor's Note: WPS language would be excluded when this sentence is included and use patterns on carved out "sublabel" are limited to nonagricultural uses only}}

**AGRICULTURAL USE REQUIREMENTS:** Use this product only in accordance with its labeling and with the Worker protection Standard, 29 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training and emergency assistance. It also contains specific instructions and exception pertaining to the statements on this label about personal protective equipment (PPE) and restricted-entry interval and notification to workers. The requirements in this box apply to uses of this product that are covered by the Worker Protection Standard. Do not enter or allow workers entry into treated areas during the restricted-entry (REI) of 12 Hours. PPE Required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water is to wear protective eyewear/goggles, coveralls and waterproof gloves.

**Personal Protective Equipment Requirements:** Applicator and other handlers must wear protective eyewear/goggles, long sleeve shirt and long pants, waterproof gloves, shoes and socks. Follow the manufacturer's instructions for cleaning/maintaining PPE. Use detergent and hot water. Keep and wash PPE separately from other laundry.

It is recommended apply with an AIR assisted type Sprayer for best results. Do not apply this product through any type of irrigation system. Aerial applications are prohibited. This product is not recommended for application in mid-day sun as temporary leaf burn may occur or during periods of drought when plants are subject to heat and moisture stress.

Do not allow spray to drift from the application site and contact people, structures people occupy at any time and the associated property, parks, and recreation areas, non-target crops, aquatic and wetland areas, woodlands, pastures, rangelands, or animals. The applicator also must use all other measures necessary to control drift.

**To Control Listed Disease and Insects:**

Apply PREV-AM® as shown in "Directions for Application." Use sufficient water to obtain full coverage of foliage. If insect populations reach economic thresholds or conditions of severe disease pressure exist, the timing and frequency of applications can be as often as every 4 days until control is obtained.

**Dilution and Mixing Instructions:**

Add PREV-AM® to water for the following concentrations:

To Make a-	PREV-AM® (Fl. Oz.)	Water (Gallons)
0.4 % Concentration	20 50	40 100
0.8% Concentration	40 100	40 100

Tank Mixing Instructions:

PREV-AM® may be mixed with:

Applaud® (buprofezin), Bravo® (chlorothalonil), Dithane® M-45 (mancozeb), Folpan® (folpet), Folicur® (tebuconazole), Karate® (lambda-cyhalothrin), Rubingam® (fenarimol), Ridomil Gold® MZ (mancozeb/metalaxyl-M), Rimon® (nuvaluron), Spintor® (spinosad), Abamectin, Flint® (trifloxystrobin), Quadris® (azoxystrobin), Cypermethrin. **Observe the most restrictive of the labeling limitations and precautions of all products used in mixtures.**

No label dosage rates should be exceeded. This product cannot be mixed with any product containing a label prohibition against such mixing. Agitate container before mixing. Continuous agitation is recommended during application. Add PREV-AM® to the tank last. DO NOT mix with chemicals containing Sulfur or Oils. When mixing products containing Plant Hormones, it is recommended to test a small area prior to full-scale application to avoid potential damage to crop(s).

PREV-AM® contains surfactants. PREV-AM® should not be added to tanks, spray lines, or containers which may contain Copper or additional adjuvants. Pre-rinse all tanks, spray lines or containers thoroughly before adding PREV-AM®. Do not add adjuvants to PREV-AM®.

Read all product labels and test for compatibility prior to mixing and application with other chemicals. Check with the manufacturers or contact your local State Extension Service if you have questions.

**PRECAUTIONARY STATEMENTS**      Hazard to Humans and Domestic Animals

**WARNING / AVISO** Causes eye irritation. Harmful if absorbed through skin. Harmful if inhaled. Do not get in eyes or on clothing. Avoid contact with skin, eyes, or clothing. Avoid breathing spray mist. Wear protective eyewear/goggles. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

**Environmental Hazards** - Do not apply directly to water or to areas where surface water is present or to inter-tidal areas below mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters.

**User Safety Recommendations:** Wear protective eyewear/goggles, long-sleeved shirt, long pants, shoes, socks and waterproof gloves when applying this product. Wear a hat and eye protection when making overhead applications. Remove clothing immediately if pesticide soaks clothing. Change clothing as soon as possible after use. Wash the outside of gloves before removing. As with any pesticide product, wash hands thoroughly immediately after handling and before eating, smoking or using the toilet. Do not allow children or pets to contact treated area until sprays have dried.

**First Aid:**

<b>If in eyes</b>	<ul style="list-style-type: none"> <li>*Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>*Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye.</li> <li>*Call a poison control center or doctor for treatment advice.</li> </ul>
<b>If Inhaled</b>	<ul style="list-style-type: none"> <li>*Move person to fresh air.</li> <li>*If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.</li> <li>*Call a poison control center or doctor for treatment advice.</li> </ul>
<b>If on skin or clothing</b>	<ul style="list-style-type: none"> <li>*Take off contaminated clothing.</li> <li>*Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>*Call a poison control center or doctor for treatment advice.</li> </ul>
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

**STORAGE AND DISPOSAL:**

Do not contaminate water, food, or feed by storage or disposal.

**Storage:** Store out of reach of children. Keep container closed when not in use.

**Disposal:** Wastes resulting from the use of this product may be disposed of on site at an approved waste disposal facility. Rinse container thoroughly then offer for recycling or reconditioning or puncture and dispose of in sanitary landfill, or incineration, or if allowed by state and local authorities by burning. If burned, stay out of smoke.

RE: PREV-AM Ultra; EPA Reg. No. 72662-3  
Submission of Label Notification per PRN 98-10

Dear Mr. Gebken,

Please find the enclosed label notification for PREV-AM Ultra (EPA Reg. No. 72662-3) per PRN 98-10. Changes made to the enclosed labeling include:

- Added the phrase "FUNGICIDE AND INSECTICIDE" to the label front panel
- Added the word "Turf" with an "\*" to denote "for golf course use only" to the label front panel and added alternate language "Controls Turf (\*) Diseases and Insect Infestations".
- Added optional language prohibiting the use of PREV-AM Ultra on turf grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes
- Added the sentence "Turf (\*)...Use 1 to 2 gallons per 1000 square feet" to the Recommended Application Rates table. ORO Agri would like to note this is not a new application rate but merely a conversion from gallons per acre to gallons per 1000 sq. ft.
- Added a "NON-CROPS" section to the site table.
- Added under the "NON-CROPS" section of the use site table (p. 5 of the label) a new section "Turf (\*) for golf course use only". Also repeated are the "Targets" and "Rates" from the Grass, Forage, Fodder & Hay table.
- Added a fl. oz./1000 sq. ft application rate to the Turf table. Please note, this is not a new application rate but is a conversion from fl. oz./100 gallons/acre to fl. oz. per 1000 sq. ft.

Please note that with this notification, ORO Agri is not proposing to add any new use sites or pests. In support of this notification, we submit the following documents:

1. Completed Application for Registration (EPA Form 8570-1)
2. One copy of the PREV-AM Ultra label with changes tracked [Editors Note: Added text is underlined and deleted text is denoted by ~~strikethrough~~]
3. One copy of the PREV-AM Ultra label with changes incorporated.

Please do not hesitate to contact me if you have any questions or need any additional information. Thank you for all your valuable assistance in this matter. It's greatly appreciated.

Best regards,

Jim Sullivan
