	U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (E7505C) 401 "M" St., S.W. Washington, D.C. 20460	EPA Reg. Number: 72787-1	Date of Issuance: JUN 19 2000
	NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> Registration <input type="checkbox"/> Reregistration	Term of Issuance: Conditional	
	(under FIFRA, as amended)	Name of Pesticide Product: T*A*P	
Name and Address of Registrant (include ZIP Code): Cellulose Technologies Group, Inc. 4827 Park Road Suite 204 Charlotte, North Carolina 28209-3274			
Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.			
On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.			
This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:			
1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.			
2. Make the following label changes:			
a. Revise the EPA Registration Number to read, "EPA Reg. No. 72787-1".			
Remove the statement "An EPA-registered pesticide helps protect your home environment from annoying insects".			
Signature of Approving Official: <i>See page 2</i>		Date: <i>June 19, 2000</i>	

2/5

Also, remove the statement "The superior insulation for America's finest homes and building."

Revise the Statement of Practical Treatment Statement to read:

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 Minutes. Call a poison control center or Doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then Continue rinsing. Call a poison control center or doctor for treatment advice.

Add the following disclaimer to your product labeling:

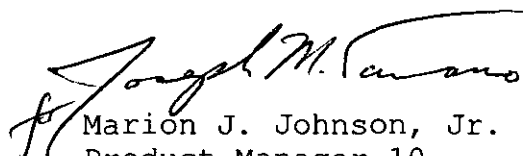

Not recommended as sole protection against termites. Use of this product does not substitute for pre-and/or post-construction mechanical alteration, soil treatment or foundation treatment. For active termite infestations, get a professional inspection.

Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Marion J. Johnson, Jr.
Product Manager 10
Insecticide Branch
Registration Division 7505c

T•A•P™

Thermal, Accoustical, and Pest Control Insulation

3 - insulations - in - 1 with *DustTrapper™*

Contains No Asbestos, Glass Fibers or Formaldehyde

MADE FROM NATURAL WOOD FIBER

ACTIVE INGREDIENT:

Orthoboric acid.....	11.1%

 registered under EPA Reg. No.
72787-1

4/15

**PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

DURING INSTALLATION WEAR A PROTECTIVE RESPIRATOR TO PREVENT INHALATION. TO AVOID EXCESSIVE EYE AND SKIN CONTACT, WEAR PROTECTIVE GLOVES AND DUST GOGGLES.

STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists..

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

T•A•P™ *Pest Control, Thermal and Accoustical Insulation* is a ready-to-use insect control insulation. This product is toxic to listed insects and is intended to prevent their infestations in those building voids (attic, wall, between-floors, crawlspace) where the product is applied. Its toxic effect begins only after insect contact with the product.

KILLS

Ants, Silverfish, Earwigs, Crickets, Sowbugs, Darkling Beetles, Millipedes, Centipedes, and Booklice

DIRECTIONS FOR USE

It is a violation of Federal law to apply this product in a manner inconsistent with its labeling. "R" means resistance to heat flow. The higher the R-value the greater the insulating power. To get the marked R-value, it is essential that this insulation be installed properly. *This insulation is not intended for the Do-It-Yourselfer.* Professional insulation applicators installing this material should be familiar with and carefully follow installation instructions from the manufacturer. Instructions do not come with this package.

FOR NEW CONSTRUCTION BOTH ON-SITE AND FACTORY-BUILT, AND RETROFIT APPLICATIONS: INSTALL T•A•P IN ATTICS, WALLS AND CRAWLSPACES, AND BETWEEN FLOORS.

ANTS, SILVERFISH, EARWIGS, CRICKETS, SOWBUGS, DARKLING BEETLES, MILLIPEDES, CENTIPEDES, AND BOOKLICE: This insulation contains material toxic to these insects and is intended to prevent new infestations in walls and attics where the product is applied. Control of insects is limited to contact with insulation.

TO HELP AVOID FIRE: Keep insulation at least three inches away from the sides of recessed light fixtures. Do not place insulation over such fixtures so as to entrap heat. Also keep insulation away from exhaust flues of furnaces, water heaters, space heaters or other heat-producing devices. To be sure that insulation is kept away from light fixtures and flues, use a barrier to permanently maintain clearance around these items. Do not install where temperatures may exceed 180°F. Check with local building or fire officials for guidance on installation and barrier requirements.

REQUEST TO INSTALLER: Remove bag label and give it to consumer and/or affix in building at completion of job.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Wastes resulting from the use of this product, including bag, may be disposed of on site or at an approved waste disposal facility.
