**Subject: Amending Labeling; Addition of Increased Size of Individual Fogger Container
Ultrasol Total Release Fogger, EPA Reg. No. 72804-1
Your Submission Dated February 9, 2012**

Dear Ms. Johnston:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable with the following label revision provision(s):

General Comment(s):

1. In accordance with the Agency's guidance documents entitled "Required Label Language for Indoor Total Release Fogger (TRF) Products," dated March 23, 2010, and "Update On Required Label Language for Indoor Total Release Fogger Products," dated July 6, 2011, please consider the following regarding the subject product:
 - Avoid multipacks for consumer use
 - Adopt smaller unit sizes (2 oz. versus the standard 6 oz.)
 - Utilize a time-delayed release mechanism (3-5 seconds)
 - Switch to non-flammable propellants

Storage and Disposal Statement section comment(s), pages 4 & 6 of 7:

2. Within the revised "**Pesticide Disposal:**" subsection, revise the misspelled word "o" to read "of."

A copy of your label stamped "Accepted with Comments" is enclosed for your records. Per 40 CFR §156.10(a)(6), submit one (1) copy of your final printed labeling, incorporating the above changes, before you release the product for shipment. As defined in 40 CFR §152.3, "final printed labeling" means the "label or labeling of the product when distributed or sold." Clearly legible reproductions or photo reductions will be accepted for unusual labels. Note that a clean copy of the master label in most cases does not meet the definition of final printed labeling. If these conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of FIFRA. Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.

If you have any questions about this label review, please contact Mr. Carmen Rodia at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

Sincerely Yours,

Richard J. Gebken
Product Manager (10)

**ACCEPTED
 With COMMENTS
 In EPA Letter Dated:
*April 26, 2012***
 Under the Federal Insecticide, Fungicide
 and Rodenticide Act, As amended, for the
 pesticide Registered under EPA Reg. No:

72804-1

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions:

- **This product does not control bedbugs.**
- Do not use multiple canisters in a room.
- Do not use in small confined areas
- Turn off ignition sources.
- When using in homes: Remove or cover exposed food and drinking water in the treatment area before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use. Do not use in serving areas while food is exposed.
- Do not allow adults, children or pets to enter until vapors, mists and/or aerosols have dispersed and the treated area has been thoroughly ventilated. Do not remain in treated area. Exit area immediately and remain outside the treated area for at least 2 hours until aerosols, vapors and/or mists have dispersed.
- When using in food areas of food handling establishments: Do not make applications when facility is in operation. Avoid contamination of food or feedstuffs. During applications, cover or remove food. During applications, cover food processing surfaces and equipment or clean after treatment with a suitable detergent and rinse with potable water before use. Do not use in serving areas (dining areas where prepared foods are served) while food is exposed or facility is in operation.
- Air out the room before entering.
- Fill out and place hang-tag on the door to the treated area to alert family and others with access to the treated area not to enter for 2 hours.
- Vacate the treated house, individual apartment unit or other structure immediately. Do not re-enter for 2 hours
- Wait two (2) hours after application, then open windows, vents and doors for two hours. If an odor is still detected, additional ventilation is required.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Keep people and pets out of the area during application.
- Do not apply directly into sewers or drains or to any areas like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow this product to enter any drain during or after application.

{The following statements can be modified for larger size cans as long as the use rate remains 1 ounce per 1000 cu. ft.}

One 2 oz fogger treats up to 2000 cubic feet (a room up to 10 feet by 25 feet with an 8 foot ceiling) of unobstructed area. To calculate cubic feet. Multiply height x width x length.

General Use Instructions: For use in homeowner greenhouses and other indoor areas where plants are grown or produce is stored. Can be used on all ornamental and vegetable plants. Can also be used in storage areas where almonds, apples, beans, birdseed, blackberries, blueberries, boysenberries, cherries, corn (including popcorn), crabapples, currants, dewberries, figs, grapes, guavas, loganberries, mangoes, muskmelons, oranges, peaches, peanuts, pears, peas, pineapples, plums, potatoes, raspberries, sweet potatoes, tomatoes and walnuts are stored after harvest.

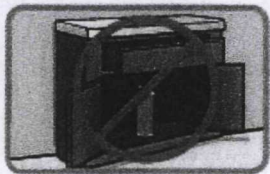

HOW TO USE THIS PRODUCT CORRECTLY:

DO NOT use multiple canisters in a room.

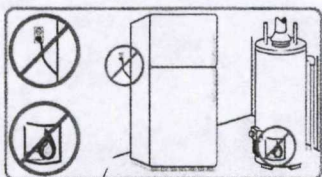

{graphic size 2.25 cm x 3.5 cm minimum}

DO NOT use in small, enclosed spaces such as closets, cabinets, or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. DO NOT use in a room 5 ft x 5 ft or smaller; instead allow fog to enter from other rooms.

{graphic size 2.25 cm x 3.5 cm minimum}

Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames, or running electrical appliances that cycle on and off (i.e., refrigerators, thermostats, etc.) Call your gas utility or Management Company if you need assistance with your pilot lights.

{graphic size 2.25 cm x 4 cm minimum}

{graphic size 2.25 cm x 3.5 cm minimum}

Step 1: BEFORE YOU FOG:

OPEN cabinets, cupboards, drawers, closets and doors in area to be treated. REMOVE or cover exposed foods, dishes, utensils, food processing equipment and surfaces. Cover waxed wood floors, waxed furniture and other plastic surfaces near the fogger (newspaper may be used). Remove pets, birds and cover fish aquariums before use. CLOSE outside doors and windows. SHUT OFF fans and air conditioners. Immediately before activating fogger, complete the door hang-tag by filling in the time and date to instruct family and other people with access to the treated area (premises) not to enter for at least two (2) hours following the time of activation. Hang the tag on the door to the entrance.

{graphic size 2.25 cm x 3.5 cm minimum}

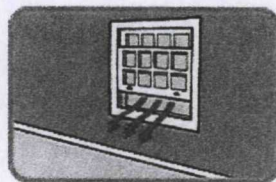

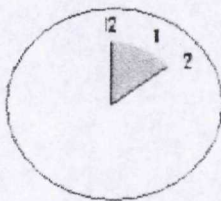

Step 2: TO START FOGGING:

Do not place on water stainable surface. Place a chair or table in the center of area to be fogged approximately 2 ft above the floor. Cover with several layers of newspaper or paper towels. Tilt can opening AWAY from face and depress tab firmly with thumb until it clicks in locked position. Set fogger on newspaper. Immediately leave the area.

5
8

Step 3: AIRING OUT

Vacate the treated house, individual apartment unit, or other structure immediately. Do not remain in the area during treatment. Keep treated area closed for 2 hours. **Do not re-enter for 2 hours.** Before re-occupying the treated area, open all doors and windows and allow the treated area to thoroughly ventilate (air out) for at least 2 hours.

{graphic size 2.25 cm x 3.5 cm minimum}

Repeat treatment in two weeks if insects return.

STORAGE AND DISPOSAL

Pesticide Storage: Store product in its original container in a cool, dry (preferably locked) place away from heat or open flame in an area that is inaccessible to children and animals. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed on site or at an approved waste disposal facility. **Container Disposal:** Do Not Puncture or Incinerate! If Empty: Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards To Humans & Domestic Animals

Caution: Harmful if absorbed through the skin. Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray mist; breathing spray mist may be harmful.
