June 16, 2004

NOTICE OF PESTICIDE:
 Registration
 Reregistration

Term of Issuance:
Conditional

Name of Pesticide Product:
T2 Disinfectant Spray

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Triosyn Corp.
1191 South Brownell Road
Williston, VT 05495

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration Number 72897-4"

Signature of Approving Official:

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Methanol may cause blindness. May be fatal if swallowed or if absorbed through skin. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles, face shield or safety glasses), clothing, and neoprene gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. May be fatal if inhaled. Do not breathe vapor or spray mist. Wear a mask or pesticide respirator approved by the National Institute for Occupational Safety and Health. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Extremely flammable. Keep away from fire, sparks, and heated surfaces. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTION FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To disinfect: Spray approximately 6 to 8 inches away from surface until thoroughly wet. Allow spray to contact treated surfaces for a minimum of 2 minutes before wiping or rinsing to disinfect bacteria, viruses, and fungi. When sprayed as directed, this product kills germs including Salmonella choleraesuis, Staphylococcus aureus, Pseudomonas aeruginosa, Rhinovirus 37, Herpes Simplex 1, Influenza A, and Trichophyton mentagrophytes.

Use on hard, nonporous, surfaces in: Hospitals, patient rooms, examination rooms, dental offices, physicians' offices, physical therapy departments, nursing homes, health care facilities, autopsy facilities, pharmaceutical and chemical processing facilities and equipment, laboratories, institutions, military installations, office buildings, industrial facilities, recreational facilities, correctional facilities, retail and wholesale establishments, bathrooms, animal hospitals, veterinary clinics, kennels, kennel runs, cages, zoos, poultry premises, trucks, hatcheries, and livestock quarters.

For use on: Floors, walls, machine exteriors, and other non-porous surfaces such as tables, chairs, counter tops, garbage cans/bins, bathroom fixtures, sinks, bed frames, shelves, racks, carts, appliances, tile, linoleum, vinyl, asphalt, porcelain, plastic (such as polypropylene and polyethylene), stainless steel, glass, chrome, formica, or fiberglass.

This product must not result in the direct or indirect contamination of food products. Avoid use on polished wood and rayon fabrics. This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store container upright in a cool dry locked area inaccessible to children and away from sources of heat and ignition.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your state Pesticide or Environmental Control Agency, or the hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

[Note to EPA: Set forth below are some optional claims that may be made for this product]

Disinfecting Spray

Multi-purpose disinfecting spray

Broad-spectrum disinfecting spray

Meets AOAC germicidal spray product test standard for hospital disinfectants.

[Bathroom][Restroom] [Hospital] [Institutional] Disinfectant

Germicidal

Bactericidal

Virucidal

Fungicidal

Disinfecting formula

Disinfects hard, nonporous surfaces

Kills [most or many] germs throughout the [building] [establishment] on hard nonporous surfaces

Kills many bacteria [or germs]

Kills [more than or greater than] 99.9% of bacteria, viruses, and fungi such as *Salmonella choleraesuis*, *Staphylococcus aureus*, *Pseudomonas aeruginosa*, Rhinovirus 37, Herpes Simplex 1, Influenza A and Trichophyton mentagrophytes.

An effective disinfectant against *Salmonella choleraesuis*, *Staphylococcus aureus*, *Pseudomonas aeruginosa*, Rhinovirus 37, Herpes Simplex 1, Influenza A, and Trichophyton mentagrophytes.

T2 Disinfectant Spray is 99.99% effective at killing germs such as *Staphylococcus aureus*, *Pseudomonas aeruginosa*, Rhinovirus 37, Herpes Simplex 1, Influenza A, and Trichophyton mentagrophytes.
