U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510C)
1200 Pennsylvania Avenue NW
Washington, D.C. 20460

EPA Reg. Number:

72956-2

Date of Issuance:

JUL 28 2008

Term of Issuance:

Unconditional

Name of Pesticide Product:

Sanitizer Product

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Delta Analytical Corporation
Nice Pak Products, Inc
1250 Prosperity Drive, Suite 160
Silver Spring, MD 20904

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product (OPP Decision No. D-393960) is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Revise the "EPA Registration Symbol to read, "EPA Reg. No. 72956-2".
 - b. Under "Food Contact Surfaces" and "Non-Food Contact Surfaces" on pages 2 and 3, revise the statement, "Surfaces may include..." by deleting the term, "may"

to bring the statement into compliance with PR Notice 2000-5, Mandatory Labeling .

c. Qualify the surface, tiled walls and tilework, as hard nonporous by stating "glazed" tiled walls" and "glazed tilework" which are located on pages 3 and 5.

d. The species name of the organism, *Salmonella choleraesuis*, has been changed by ATCC. The new designation is *Salmonella enterica*. You must revise the label, accordingly.

e. Revise the 34th and 35th claims on page 5 to bring them in compliance with PR Notice 2000-5, Mandatory Language by deleting the term, recommended.

f. Revise the 6th claim on page 6 by deleting the phrase, "that commonly infect your home." The Agency contends that this claim is misleading because it implies that your product offers health protection against germs. This type of claim is beyond the Agency's jurisdiction and the scope of this product's registration as a sanitizer that kills bacteria on hard nonporous surfaces.

3. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. Should you have any questions regarding this letter, please contact Drusilla Copeland at (703) 308-6224.

Sincerely,

Jacqueline M. Noble

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Avoid contact with eyes.

Do not use for cleansing or sanitizing human skin.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Statements in brackets [] are optional or instructional. The terms "wipe(s)", "towel(s)", "towelette(s)", and "cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be changed only by notification or amendment.

DIRECTIONS FOR USE:

It is violation of Federal law to use this product in a manner inconsistent with its labeling. [Product is ready for use, no mixing or measuring required.]

[Use one of the following as applicable to type of container.]

TOWELETTE [or WIPE] [or TOWEL] [or CLOTH]

CANISTER DIRECTIONS:

To start feed: Remove lid and discard inner seal from canister. Find center of wipe roll, remove first wipe for use, twist corner of next wipe into a point and thread through the hole in the canister lid. Pull through about one inch. Replace lid. Dispense remaining wipes as necessary by pulling out at an angle. When not in use keep center cap of lid closed to prevent moisture loss.

TRAVEL PACK:

Peel back label slowly. Pull out wipes as needed and reseal label. Unfold wipe.

PACKET:

Tear open packet. Unfold wipe.

SOLO® PAK:

DO NOT FLUSH • STORE AT ROOM TEMPERATURE
DISPOSE OF USED WIPES IN TRASH RECEPTACLE • KEEP SOLO®
LID CLOSED WHEN NOT IN USE

GENERIC:

Open lid. Pull out wipe. Close lid tightly.

CLEANING: Wipe surface with towelette until clean. Let air dry.

FOOD CONTACT SURFACES

For use on pre-cleaned hard, non-porous food preparation surfaces. Surfaces ~~include~~ include: [Use one or more of the following:] tables, food preparation tables, counter tops, cabinets, sinks, microwaves, ranges, refrigerators and freezers, [the following uses must be preceded by the words: "outside surface[s] of " or "exterior surface[s] of ":] food mixers, bread machines, coffee machines, griddles, toasters, toaster ovens, chargrills, broilers, cooking surfaces and backsplashes, ovens, juicers, [add the following after the list of surfaces:] and other similar hard, non-porous food contact surfaces except for those excluded by this label.+

Sanitizing food contact surfaces: Use first towel to pre-clean and remove heavy soil. Use second towel to sanitize. Wipe enough for treated area to remain visibly wet for a minimum of 60 seconds. Let air dry. No rinsing required.

+ Do not use to sanitize glassware, cookware, and eating utensils.

Statements in brackets [] are optional or instructional. The terms "wipe(s)", "towel(s)", "towelette(s)", and "cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be changed only by notification or amendment.

072956-XXXXX.20080515.Sanitizer Product draft label.pdf

NON-FOOD CONTACT SURFACES

[Thoroughly pre-clean if surface is visibly soiled.]

For use on pre-cleaned hard non-porous surfaces. Surfaces include: [Use one or more of the following:] Dining tables, chairs, display cabinets, garbage cans, infant high chairs, booster seats, floors, sinks, drain boards, faucets, toilet seats and rims, vanities, towel dispensers, railings, infant-changing tables, bath tubs, showers, hampers, tiled walls, telephones, playpens, cribs, diaper pails, doorknobs, [add the following after the list of surfaces:] and other similar hard, non-porous food contact surfaces except for those excluded by this label.

[Cleaning and] **Sanitizing non-food contact surfaces:** For heavily soiled items, clean prior to sanitizing. Use towel to sanitize surface. Wipe enough for treated surfaces to remain visibly wet for 5 minutes. Use additional towels as needed to keep entire surface area wet for a full 5 minutes. Let air dry. No rinsing required.

99.9% effective in 5 minutes against Staphylococcus aureus (ATCC #6538), Salmonella choleraesuis (ATCC #10708), and Klebsiella pneumoniae (ATCC #4352) [in the presence of organic soil (5% blood serum)].

STORAGE AND DISPOSAL

[Use canister or packet/travel pack storage/disposal statements below depending on type of container]

[For canisters]:

Storage: Do not store near heat or open flame. When not in use keep center cap of lid closed to prevent moisture loss.

Towelette Disposal: Do not reuse towelette. Dispose of used towelette in trash. Do not flush in toilet.

Dispenser Disposal: Do not reuse empty container. Wrap container and put in trash collection.

[For packets and travel packs]:

Storage: Do not store near heat or open flame.

Towelette Disposal: Do not reuse towelette. Dispose of used towelette in trash. Do not flush in toilet.

Travel Pack [or Solo® Pak or Packet] Disposal: Put empty travel pack [or Solo® Pak or packet] in trash collection.

Statements in brackets [] are optional or instructional. The terms "wipe(s)", "towel(s)", "towelette(s)", and "cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be changed only by notification or amendment.

[All below are optional label claims (placement optional), literature and promotional statements]

99.9% effective against [in killing] common household bacteria

99.999% effective in 60 seconds against Staphylococcus aureus, Escherichia coli and Shigella boydii
on cleaned, hard, non-porous food contact surfaces

Always ready to use

Antibacterial

Antibacterial [house] [household] [surface] cleaner

Antimicrobial

Antimicrobial cleaner
