Washington, D.C. 20460
Tel.: (202) 554-6000

EPA Reg. Number:
72992-2

Date of Issuance:
DEC 14 2001

NOTICE OF PESTICIDE:
 Registration
 Reregistration

Term of Issuance:
Conditional

Name of Pesticide Product:
T344

under FIFRA, as amended.

Name and Address of Registrant (Include ZIP Code)

Pokon & Chrysal B.V.
3063 NW 21st Street
Miami, FL 33172

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration Number 72992-2."
- b. Add the following statement at the bottom of the First Aid Statement:

"In case of an emergency for additional information call toll free (insert toll free number if available). Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment."

Signature of Approving Official:

Adam Heyward
Product Manager Team-34
Regulatory Management Branch II
Antimicrobials Division (7510C)

Date:

DEC 14 2001

c. Revise the precautionary statement to read as follows:

"Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

d. Delete the Keep Out of Reach of Children (KOROC) statement from the pesticide storage instructions. Note the correct spelling of "Out" in the KOROC statement.

e. The Storage and Disposal statement must be revised as follows:

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal

PESTICIDE STORAGE: Keep away from food, drink and animal feeding stuffs. Keep in a dry place (max. 60% relative humidity) between 0 and 30°C. The product has a shelf life of 1.5 years and the expiration date is indicated on the product packaging.

PESTICIDE CONTAINER: Securely wrap original container in several layers of newspaper and discard in trash.

f. Since this product is intended for use exclusively indoor, the environmental hazard statement, is not required. However, if you decide to keep the environmental hazards statement, the statement must be revised to read as follows:

"Do not apply directly to water. Do not contaminate water when disposing of equipment. Wash water or rinsate."

2. Submit three (3) copies of the revised final printed label bearing the revisions prior to releasing this product for sale.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours

Adam Heyward
Product Manager 34
Regulatory Branch II
Antimicrobials Division (7510C)

Enclosure

T344

A powder that makes processing solution for flowers.

The powder when mixed with water makes a clear solution for processing of all fresh flowers during shipping and sales. Activates water uptake, gives proper control over microbial growth and supplies flowers with food to survive the distribution period without developing prematurely.

ACTIVE INGREDIENTS:

Bronopol	0.260%
Poly(Iminoimidocarbonyliminoimidocarbonyliminohexamethylene) Hydrochloride.....	0.250%

INERT INGREDIENTS:	99.490%
Total	100.00%

KEEP OUR OF REACH OF CHILDREN

CAUTION

FIRST AID	
If swallowed	-Call a poison control center or doctor immediately for treatment advice. -Have a person sip a glass of water if able to swallow. -Do not induce vomiting unless told to do so by a poison control center or doctor. -Do not give anything by mouth to an unconscious person.
If on skin or clothing	-Take off contaminated clothing. -Rinse skin immediately with plenty of water for 15-20 minutes. -Call a poison control center or doctor for treatment advice.
If inhaled	-Move person to fresh air. -If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. -Call a poison control center for further treatment advice.

**Precautionary Statements
Hazards to Humans and Domestic Animals**

CAUTION: Harmful if swallowed. Wash thoroughly with soap and water after handling. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

Environmental Hazards

Do not contaminate water when disposing of equipment washwaters and rinsate.

Storage and Disposal

Do not contaminate water, food, or feed by storage and disposal.

Storage: Keep out of the reach of children. Keep away from food, drink and animal feedingstuffs. Keep in a dry place (max. 60% relative humidity) between 0 and 30°C. The product has a shelf life of 1.5 years and the expiration date is indicated on the product packaging.

Disposal: Securely wrap original container in several layers of newspaper and discard in trash.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Dosage: 10 g per 2.6 quart (2.5 liter) of water.

Directions:

- **Hygiene:** Use only clean buckets, containers and other materials.
- **Buckets and containers:** Do not use buckets and containers of unprotected ferrous metal (zinc, copper, iron). The acidic solution can cause rust building which reduce vase life.
- **Type of water:** Preferably use tap water. When using spring or rain water, a filter must be installed previous to the dosing unit.
- **Active life of the solution:** Reusable for 3 – 7 days, depending on the number of flowers treated and the temperature. The solution will remain effective for a longer period of time when used at lower temperatures. Do not add residual solutions to fresh ones.
- **Dispensing equipment:** Check the dispenser unit frequently to ensure proper functioning.

Dosing and Dissolving process: In order to enhance the dissolving process, dispense the product in a bucket or vase before filling with water. Use the correct water volume (10 g per 2.6 quarts of water). Once the bucket or vase is handled, the powder dissolves quickly from the water turbulence.
