January 24, 2008

Term of Issuance:
Conditional

Name of Pesticide Product:
CHRYSAL T720

NOTICE OF PESTICIDE:
 Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Pokon & Chrysal B.V.
3063 NW 107th Avenue
Miami, FL 33172

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Submit an acceptable storage stability study.
3. Submit an acceptable corrosion characteristics study.
4. Make the labeling change below before you release the product for shipment:

Revise the EPA Registration Number to read, "EPA Reg. No. 72992-12".

PHYSICAL AND CHEMICAL HAZARDS

Strong oxidizing agent. Mix this product only with water. Contamination of this product with moisture, organic matter, or other chemicals may start a chemical reaction that generates heat, liberates hazardous gases, and generates fire and explosion.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Use this product as a water conditioner for use in floriculture.]*

[Use this product for sanitizing water for use in floriculture.]*

[Use this product to control microbial contamination of water for use in floriculture.]*

[Use this product to prevent odor-causing bacteria in water for use in floriculture.]*

This product enhances vase life performance of gerbera and germini when used as a water conditioner.

This product is also effective in conditioning the water of spring bouquets containing daffodils since it will neutralize the negative effects of daffodil slime.

Application: Chrysal T720 can be used by the floriculture industry as a water conditioner. Place gerbera/germini or daffodils into solution immediately after re-cutting.

Dosage: Use 1 tablet for every [1 liter]*[33.8 fl. oz.]* of water. This solution will remain active for several days. Residual solutions should not be added to newly made mixtures.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Keep product dry in a tightly closed container when it is not in use. Store in a cool, dry, well-ventilated area away from heat or open flame.

Pesticide Disposal: Place in trash collection or dispose in an approved landfill area.

Container Disposal: Do not reuse empty container. Rinse empty container thoroughly with water to dissolve all material before discarding. Securely wrap container in several layers of newspaper and place in trash collection or dispose of in an approved landfill area.
