Ms. Janice K. Sharp, Registration Specialist  
Valent Biosciences Corporation  
870 Technology Way  
Libertyville, IL 60048-6316

JUL 9 2003

Subject: Application to amend label in accordance with PR Notice 2001-1  
Product Name: SBP-1382 Insecticide Pressurized Spray 0.25% Formula III  
Registration Number: 73049-144  
Date of Submission: May 28, 2003

Dear Ms. Sharp;

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

- 1. As a foot note to the Ingredient statement for Other Ingredients, immediately below the Ingredient statement, insert “\*contains petroleum distillates.” Placing this statement in the First Aid section per PR Notice 2001-1 does not supercede or replace the requirement for this footnote below the Ingredient Statement section.

If you have any questions, you may contact Richard J. Gebken, at (703) 305-6701.

Sincerely,

Marion Johnson  
Product Manager 03  
Insecticide Branch  
Registration Division (7505C)

## PRECAUTIONARY STATEMENTS Hazards To Humans & Domestic Animals

### CAUTION

Harmful if swallowed or absorbed through skin. Avoid contact with eyes, skin or clothing. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is underway. After spraying in meat packing plants, bakeries and other food processing plants, thoroughly wash all equipment, benches, shelving, etc., where exposed food will be handled, and rinse with potable water. In the home, cover all food processing surfaces and utensils during treatment or thoroughly wash before use. Remove pets, birds and cover fish aquariums before spraying. Prevent re-entry of dogs and cats into treated area until spray deposits are dry.

### Environmental Hazards

This pesticide is highly toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

### Physical And Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54.5°C) may cause bursting.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use in and around hotels, motels, homes, greenhouses and lathhouses, food handling establishments, packaging and processing plants, seedhouses, commercial, industrial, office, institutional and storage buildings, milk handling areas of milk, cheese and ice cream plants, milk storage rooms, egg processing plants, supermarkets, restaurants, bottling plants, canneries, flour and feed mills, bakeries, boats, ship cabins and hospitals. In hospitals, patients should be removed prior to treatment. Also for use in buses, automobiles, trucks, boxcars and ship cargo holds. Also for use in dog kennels and horse stables. In horse stables, not for application if horses will be used for food.

Remove protective cap. Aim spray opening away from person. Push button to spray.

For household and industrial use, indoors and around premises.

This product may stain some surfaces. Test in an inconspicuous area before general use.

#### INDOORS:

**TO KILL wasps, hornets, yellow jackets, bees:** Application should be made late in the evening when insects are at rest. Spray liberally into hiding and breeding places, particularly under rafters, contacting as many insects as possible. Saturate areas in and around nest openings.

**TO KILL ants, cockroaches, spiders, earwigs, grain mites, sowbugs, crickets, beetles, silverfish, centipedes, and millipedes:** Direct spray to contact these insects in cracks and crevices in floors, baseboards, around pipes, behind cabinets, and other harborages. Spray these infested areas until thoroughly wet.

**TO KILL ants:** Spray directly on insects, and around window frames, doors, ant trails and hills.

**TO KILL spiders:** Spray directly on these pests and use repeated applications to the webbing and all cracks and crevices which harbor spiders.

**OUTDOORS:** Apply as a contact spray. Spray directly on insects. Aim spray opening away from person. Avoid spraying plants or turf except to spray infested areas.

**TO KILL wasps, hornets, yellow jackets, bees:** Make applications late in the evening when insects are at rest. Aim spray at nest openings in trees, bushes, under eaves, chimneys, cracks and crevices to saturate in and around the nest openings. Contact as many insects as possible.

**Ants:** Spray directly on insects, and around window frames, doors, ant trails and hills.

**TO KILL Ants, cockroaches, spiders, earwigs, sowbugs, crickets, beetles, silverfish, centipedes, and millipedes:** Direct spray to contact these insects in cracks and crevices and other harborages. Spray these infested areas until thoroughly wet.

**TO KILL Tent caterpillars:** Make applications when caterpillars are young and tents are first noticed. For best results, apply in the late afternoon or evening, when caterpillars have returned to their tents. Aim spray directly at tents, and totally saturate on all sides.

474

### STORAGE AND DISPOSAL

**Storage:** Keep in locked storage area.

**Disposal:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

### IMPORTANT: READ BEFORE USE

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following conditions, disclaimer of warranties and limitations of liability.

**CONDITIONS:** The directions for use of this product are believed to be adequate and should be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Valent BioSciences Corporation. All such risks shall be assumed by the user or buyer.
