Close outside doors and windows and shut off fans and air conditioning to maximize killing power of fog. Remove pets, birds, and tightly cover or remove fish bowls and aquariums before spraying. Cover or remove plants before application. Cover waxed wood floors and waxed furniture in the immediate area surrounding the fogger (newspaper may be used). Remove or cover exposed foods, dishes, utensils or food handling equipment. Cover all food processing surfaces during treatment or thoroughly clean before using.

Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc). Call your gas utility or management company if you need assistance with your pilot lights.
