OFFICE OF CHEMICAL SAFETY  
AND POLLUTION PREVENTION

APR 25 2012

Nasser A. Assaf, Ph.D.  
Valent BioSciences Corporation  
870 Technology Way  
Libertyville, IL 60048

Subject: Amended Reregistration Label  
Product Name: UltraTec DP 205 Insecticide  
EPA Registration Number: 73049-366  
EPA Decision Number: 411558

Dear Dr. Assaf:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the pyrethrins RED, and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 5/14/10

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever

occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Jennifer Urbanski at 703-347-0156 or [urbanski.jennifer@epa.gov](mailto:urbanski.jennifer@epa.gov).

Sincerely,

Richard J. Gebken  
Product Manager (10)  
Insecticide Branch  
Registration Division (7504P)

*Enclosures: Label stamped "Accepted,"  
Acute Toxicity Review, dated 10/8/10  
Product Chemistry Review, dated 2/3/11*

**UltraTec® DP 205 INSECTICIDE**

- *[Intended For Household & Domestic Use*
- *For Indoor/Outdoor Use*
- *Contains Deltamethrin and Pyrethrins*
- *Contains Pyrethrins, a Botanical Insecticide*
- *Contains Pyrethrins combined with Deltamethrin to give rapid [flush-out and] knockdown with extended killing power*
- *Pyrethrins rapidly [expels] [flushes out] and knocks down bugs [roaches] [insects] from cracks and crevices [their hiding places]*
- *Pyrethrins insecticide is made from [chrysanthemum] flowers*
- *Water-Based Formula*
- *Water-Based – Shake Before Use*
- *Fast Knockdown Formula*
- *Kills Carbamate And Organophosphate Resistant Cockroaches*
- *Kills Fleas – Roaches – Ants – Spiders*
- *Kills Ticks (including Lone Star Tick, Deer Ticks, Black Legged Ticks)*
- *Kills Ticks (including ticks which may carry Lyme disease)*
- *Kills On Contact*
- *Kills Fast*
- *Kills Hidden Bugs*
- *Kills Bugs You See and Even the Ones You Don't See*
- *Broad Spectrum Insect Control*
- *Kills Ants, Beetles, Cockroaches, Fleas, Flies, Mosquitoes, Scorpions, Spiders & Ticks*
- *Highly effective against labeled pests in and around homes, recreational vehicles, cabins, tents and other recreational structures*
- *Non-Staining*
- *No Greasy Residue*
- *No Oily Residue - No Unpleasant Odor*
- *Won't Stain Carpets And Floors*
- *Protects Against [Controls] German Cockroaches And Houseflies For Up To 12 Weeks [3 Months]*
- *Keeps On Killing German Cockroaches And Houseflies For Up To 12 Weeks [3 Months]*
- *Kills Spiders [Black Widow, Hobo and Brown Recluse Spiders]*
- *Keeps On Killing [Controls] Carpenter Ants for Up to 4 Weeks [1 month]*
- *Kills Ants [Red Imported Fire Ants, Harvester Ants, Pharaoh Ants and Carpenter Ants]*
- *Kills Cat Fleas*
- *Kills [Asian Lady [bird] Beetles*
- *Kills Asian Lady bugs by contact]*
- *Kills by Contact]*
- *Kills Bedbugs]*

FIRST AID	
If swallowed:	<ul style="list-style-type: none"><li>• Immediately call a poison control center or doctor.</li><li>• Do not induce vomiting unless told to do so by a poison control center or doctor.</li><li>• Do not give any liquid to the person.</li><li>• Do not give anything by mouth to an unconscious person.</li></ul>
If on skin or clothing:	<ul style="list-style-type: none"><li>• Take off contaminated clothing.</li><li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li><li>• Call a poison control center or doctor for treatment advice.</li></ul>
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of Medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1-877-315-9819.	
NOTE TO PHYSICIAN	
Contains petroleum distillate - vomiting may cause aspiration pneumonia.	

## PRECAUTIONARY STATEMENTS

### Hazards to Humans and Domestic Animals

#### CAUTION

Harmful if swallowed. Avoid contact with skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

#### Environmental Hazards

This product is toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or runoff into storm drains, drainage ditches, gutter or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

#### Physical or Chemical Hazards

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

##### Use Restrictions

- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
- Remove pets, birds and cover fish aquariums before spraying.
- Do not apply as a space spray. Apply to surfaces only.
- Do not wet articles to the point of runoff or drip. Do not use treated article until spray has dried.
- Do not water the treated area to the point of run-off.
- Do not make outdoor applications at residential sites during rain.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment and food preparation surfaces or wash them before use.
- Do not apply directly into sewers or drains or to any area like a gutter where drainage to storm sewers, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- All outdoor applications must be limited to spot or crack-and-crevice treatment only, except for the following permitted uses: (1) Treatment to soil or vegetation around structures; (2) Applications to lawns, turf and other vegetation; (3)

5  
13

- Applications to building foundations up to a maximum height of 3 feet. Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to spot and crack-and-crevice applications, only.
- Do not use on edible crops.

UltraTec DP 205 works in two ways:

- 1) it kills bugs [pests, insects] fast on contact;  
and
- 2) its residual action keeps on killing *German Cockroaches* and *Houseflies* for up to 12 weeks [3 months] after you spray.

One 6 fl. ounce container will treat 60 square feet.

{additional size containers and treated area can be used as long as the use rate remains 1 oz per 10 square feet}

SHAKE WELL BEFORE EACH USE. Hold container upright. Remove protective cap and direct spray away from face. Hold can 12-18 inches from surface being sprayed. Press button down and spray as directed. Test product in an inconspicuous area before applying. Spray until surface is slightly wet but not to the point of run-off. Over application may cause damage. Will not stain surfaces or fabrics where water alone causes no damage.

UltraTec DP 205 insecticide is intended for use in and around residential structures and their immediate surroundings. Permitted areas of use include: apartments, atriiums, attics, automobiles, basements, bathrooms, boats, cabins, campers, carports, cat sleeping quarters, clothes storage, condominiums, decks, dens, driveways, garages, gazebos, homes, kitchens, dog houses, lanais, living rooms, parlors, patios, pet sleeping areas, play rooms, porches, recreational vehicles, rooms, solariums, storage areas, sun rooms, utility rooms and verandas.

#### INDOORS:

*Cockroaches* [American and German Cockroaches] (including Adult and Immature Stages of Both Non-Resistant and Organophosphate and Carbamate Resistant Strains), *Ants* [Carpenter, Fire, Harvester and Pharaoh Ants], *Asian lady bird beetle* (Lady bugs), *Spiders* [Black Widow, Brown Recluse and Hobo Spiders], *Boxelder Bugs*, *Centipedes*, *Crickets*, *Beetles*, *Firebrats*, *Fleas*, *Palmetto Bugs* (Waterbugs), *Silverfish*, *Sowbugs* and *Ticks*: Apply as a general surface, spot or crack & crevice treatment to all areas where these pests crawl and hide, especially in cracks and crevices, hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases and similar areas. When pests are driven out, spray directly.

[*Roaches*: Spray in cracks and crevices, around baseboards and other hiding places until wet. When driven out, spray bugs directly. Repeat treatment if re-infestation occurs, but not more than once per week.]

*Ants* [(including fire, harvester and pharaoh ants)]: Spray around ant trails and around doors and windows and other places where ants enter the house.

*Carpenter Ants*: For effective control, locate and treat nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings. Repeat [treatment] after 4 weeks or if re-infestation occurs.

*Ticks* (Including Ticks Which May Carry Lyme Disease) and *Fleas* ON SURFACES: Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. *Adult Fleas* contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use. Repeat [treatment] after 2-4 weeks or if re-infestation occurs.

*Spiders* [Black Widow, Brown Recluse, Hobo Spiders]: Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and other areas where these pests are found. Spray spiders directly for best results.

*Bedbugs*: Remove and wash linens. Take bed apart and spray into all joints. Treat baseboards, moldings and floors. Apply to the interior of the frame. Allow all articles to dry before remaking bed.

*Centipedes*, *Ground Beetles*, *Pillbugs*, *Sowbugs*, *Scorpions* and *Ticks*: Apply around doors and windows, baseboards, storage areas and other places where these pests are found.

*Asian Lady Bird Beetles* (Lady bugs): Spray areas where bugs crawl or are rest, around doors, windows and areas where insects can enter the home.

6  
13

[*Silverfish, Crickets, Spiders, Earwigs*: Apply to areas where these pests are found.]

**PANTRY PESTS:** *Beetles, Moths, Weevils, [Flour Beetles (Red and Confused), Grain Beetles (Rusty, Merchant and Saw-Toothed), Chocolate Moths, Indian Meal Moths, Angoumois Grain Moths, Mediterranean Flour Moths, Cigarette Beetles, Drugstore Beetles, Rice Weevils, Lesser Grain Borers, Spider Beetles, Grain Mites and Tobacco Moths]*: Treat exposed stages. Remove all food-stuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacement of shelf paper, food and utensils. Repeat [treatment] if re-infestation occurs but not more than once per week.

*Carpet Beetles [(Black, Furniture and Varied)] and Dermestid Beetles [(Hide, Larder, Leather)]*: Spray on and under edges of floor coverings, under rugs and furniture and in closets or other localities where these insects are found. Fabrics should be tested for staining in an inconspicuous area prior to use. Repeat [treatment] if re-infestation occurs, but not more than once per week.

[*Webbing*] *Clothes Moths*: Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This is will not control moth larvae already on clothes. Do not apply to clothing. Repeat [treatment] if re-infestation occurs, but not more than once per week.

## OUTDOORS:

Point nozzle away from face. Hold can on a slight downward angle, approximately 12 - 18 inches from surface to be sprayed. For best results, spray when air is calm. Spray with wind if breeze is blowing.

**PESTS ON OUTSIDE SURFACES:** To control infestations of outdoor pests such as *Ants, Cockroaches, Ticks and Spiders*, spray foundation of building where these insects [pests, bugs] are active and may find entrance up to a height of 2 to 3 feet. Apply as a residual spray to outside surfaces of buildings where insects tend to congregate. Spray areas includes: screens, window frames, eaves, porches, patios, picnic areas, garages and refuse dumps. Repeat treatment weekly if necessary.

**CRAWLING INSECTS:** *Ants [(Including Fire, Pharaoh, Carpenter, Harvester Ants)], [American and German] Cockroaches, Centipedes, Scorpions, Crickets, Palmetto/Waterbugs, Spiders [(including Black Widow, Brown recluse and Hobo Spiders)], Asian Lady Bird beetle (Lady Bugs)s, Sowbugs, Earwigs, Boxelder Bugs and Beetles*. Spray insects [bugs, pests] directly.

*Ticks (Including Lone Star Ticks, Deer Ticks (which may carry Lyme disease), Black Legged Ticks)*: Spray areas where these pests are found.

*Ants [(including Carpenter, Harvester, Pharaoh and Fire ants)]*: Spray around ant trails and hills. Spray around nests hidden under steps, brickwork, concrete, etc. Break apart accessible nests and spray on and around debris. Spray ants directly whenever possible. Repeat if ants return. This product should not be used to treat fire ant mounds.

[*Ants*: Spray ant trails and hills. If nest can be located, spray surface of nest until wet.]

*Asian Lady Bird Beetles (lady bugs)*: Spray areas where pests are found. If spraying outside walls of homes, especially vinyl or aluminum siding, test a small area first for possible staining.

*Wasps, Hornets and Bees*: Spray individuals directly and vacate area. Do not treat whole nests with this product.

**FLYING INSECTS:** *Houseflies, Gnats, Mosquitoes and Moths*: Use only on outdoor surfaces. Spray outside surfaces of windows, window and door frames, screens and other areas where these pests may enter the home. Also spray localized resting areas, such as under eaves, porches, surfaces around light fixtures and cords, railings, etc. where these insects may rest. Insects coming to rest on treated surfaces will be killed. Retreat weekly or when insects return.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Storage:** Store in a cool, dry area away from [inaccessible to] children and pets and away from heat, sparks and open flame. [Protect from freezing.] [Do not freeze.] [Do not transport or store below 32°F.]

**Pesticide storage and Container Disposal:** Do Not Puncture or Incinerate! *If empty:* Place in trash or offer for recycling if available. *If partly filled:* Call your local solid waste agency for disposal instructions. [This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label.]

**IMPORTANT: READ BEFORE USE**

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following conditions, disclaimer of warranties and limitations of liability.

**CONDITIONS:** The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Valent BioSciences Corporation. ## PRECAUTIONARY STATEMENTS

### Hazards to Humans and Domestic Animals

#### CAUTION

Harmful if swallowed. Avoid contact with skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

#### Personal Protective Equipment (PPE):

Applicators and other handlers must wear:

- Long-sleeve shirt,
- Long pants, and
- Shoes and socks

#### User Safety Requirements:

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

Discard cloth in and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

#### User Safety Recommendations:

- User should wash hands before, eating, drinking, chewing gum, using tobacco, or using the toilet.
- User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- User should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thorough and change into clean clothing.

#### Environmental Hazards

This product is toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or runoff into storm drains, drainage ditches, gutter or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

#### Physical or Chemical Hazards

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

19  
13**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Use Restrictions**

- Do not enter or allow others to enter until sprays have dried.
- Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.
- Do not use in aircraft cabins.
- Do not apply to classrooms when in use.
- Do not apply in hospital patient rooms while occupied or in any rooms occupied by the elderly or infirm.
- Do not apply to institutions (including libraries or sport facilities) in the immediate area when occupants are present.
- Do not apply in the food/feed handling areas of food/feed processing establishments while the facility is in operation or food/feed is exposed. Do not apply directly to food/feed products. Cover or remove all food/feed processing and/or handling equipment prior to application.
- Remove pets, birds and cover fish aquariums before spraying.
- Do not apply as a space spray. Apply to surfaces only.
- Do not wet articles to the point of runoff or drip. Do not use treated article until spray has dried.
- Do not water the treated area to the point of run-off.
- Do not make outdoor applications at residential sites during rain.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment and food preparation surfaces or wash them before use.
- Do not apply directly into sewers or drains or to any area like a gutter where drainage to storm sewers, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- All outdoor applications must be limited to spot or crack-and-crevice treatment only, except for the following permitted uses: (1) Treatment to soil or vegetation around structures; (2) Applications to lawns, turf and other vegetation; (3) Applications to building foundations up to a maximum height of 3 feet. Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to spot and crack-and-crevice applications, only.
- Do not use on edible crops.

UltraTec DP 205 works in two ways:

1) it kills bugs [pests, insects] fast on contact;  
and

2) its residual action keeps on killing *German Cockroaches* and *Houseflies* for up to 12 weeks [3 months] after you spray.

One 6 fl. ounce container will treat 60 square feet.

{Additional size containers and treated area can be used as long as the use rate remains 1 oz per 10 square feet}

**SHAKE WELL BEFORE EACH USE.** Hold container upright. Remove protective cap and direct spray away from face. Hold can 12-18 inches from surface being sprayed. Press button down and spray as directed. Test product in an inconspicuous area before applying. Spray until surface is slightly wet but not to the point of run-off. Over application may cause damage. Will not stain surfaces or fabrics where water alone causes no damage.

UltraTec DP 205 insecticide is intended for use in and around structures and their immediate surroundings. Permitted areas of use include: apartment buildings, apartments, atriiums, attics, automobiles, basements, bathrooms, boats, cabins, campers, campsites, cafeterias, carports, cat sleeping quarters, clothes storage, condominiums, crematoriums, day care centers, decks, dens, dog houses, driveways, drive-ins, drug stores, dumpsters, factories, food/feed areas of food processing plants, food service establishments, food manufacturing and warehousing establishments, garages, gazebos, homes, hotels, hospitals, indoor and outdoor eating establishments, industrial plants, jails, kitchens, kennels, lanais, living rooms, motels, mausoleums, mess halls, morgues, nursing homes, office buildings, other public buildings, parlors, patios, pet sleeping areas, pet grooming parlors, pet stores, play rooms, porches, prisons, railroad cars, recreational areas, residences, restaurants, schools, ships, solariums, sports stadiums, solariums, storage areas, sun rooms, supermarkets, taverns, recreational vehicles, theaters, rooms, trailers, trains, transportation vehicles, trucks, truck trailers, utility rooms, verandas, warehouses, washrooms and zoos.

**Food/Feed Handling Establishments:**

For control of all labeled pests, applications are permitted in the food/feed areas of food/feed handling and processing establishments as a general surface, spot or crack and crevice treatment.

Food/feed handling establishments are defined as places other than private residences in which exposed food/feed is held, processed, prepared or served. Included also are areas for receiving, storing, packing (canning, bottling, wrapping, boxing),

11  
13

preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) of food/feed. Serving areas where food/feed is exposed and the facility is in operation are also considered food/feed areas.

Non-food/non-feed areas include garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, mop closets and storage (after packaging, canning or bottling). All areas that insects inhabit or through which insects may enter should be treated.

#### INDOORS:

**Cockroaches** [*American and German Cockroaches*] (including Adult and Immature Stages of Both Non-Resistant and Organophosphate and Carbamate Resistant Strains), **Ants** [*Carpenter, Fire, Harvester and Pharaoh Ants*], **Asian lady bird beetle** (*Lady bugs*), **Spiders** [*Black Widow, Brown Recluse and Hobo Spiders*], **Boxelder Bugs**, **Centipedes**, **Crickets**, **Beetles**, **Firebrats**, **Fleas**, **Palmetto Bugs** (*Waterbugs*), **Silverfish**, **Sowbugs** and **Ticks**: Apply as a general surface, spot or crack & crevice treatment to all areas where these pests crawl and hide, especially in cracks and crevices, hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases and similar areas. When pests are driven out, spray directly.

[**Roaches**: Spray in cracks and crevices, around baseboards and other hiding places until wet. When driven out, spray bugs directly. Repeat treatment if re-infestation occurs, but not more than once per week.]

**Ants** [(including *fire, harvester and pharaoh ants*)]: Spray around ant trails and around doors and windows and other places where ants enter the house.

**Carpenter Ants**: For effective control, locate and treat nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings. Repeat [treatment] after 4 weeks or if re-infestation occurs.

**Ticks** (Including Ticks Which May Carry Lyme Disease) and **Fleas** ON SURFACES: Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. **Adult Fleas** contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use. Repeat [treatment] after 2-4 weeks or if re-infestation occurs.

**Spiders** [*Black Widow, Brown Recluse, Hobo Spiders*]: Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and other areas where these pests are found. Spray spiders directly for best results.

**Bedbugs**: Remove and wash linens. Take bed apart and spray into all joints. Treat baseboards, moldings and floors. Apply to the interior of the frame. Allow all articles to dry before remaking bed.

**Centipedes, Ground Beetles, Pillbugs, Sowbugs, Scorpions** and **Ticks**: Apply around doors and windows, baseboards, storage areas and other places where these pests are found.

**Asian Lady Bird Beetles** (*Lady bugs*): Spray areas where bugs crawl or are rest, around doors, windows and areas where insects can enter the home.

[**Silverfish, Crickets, Spiders, Earwigs**: Apply to areas where these pests are found.]

**PANTRY PESTS**: **Beetles, Moths, Weevils**, [*Flour Beetles (Red and Confused), Grain Beetles (Rusty, Merchant and Saw-Toothed), Chocolate Moths, Indian Meal Moths, Angoumois Grain Moths, Mediterranean Flour Moths, Cigarette Beetles, Drugstore Beetles, Rice Weevils, Lesser Grain Borers, Spider Beetles, Grain Mites and Tobacco Moths*]: Treat exposed stages. Remove all food-stuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacement of shelf paper, food and utensils. Repeat [treatment] if re-infestation occurs, but not more than once per week.

**Carpet Beetles** [(*Black, Furniture and Varied*)] and **Dermestid Beetles** [(*Hide, Larder, Leather*)]: Spray on and under edges of floor coverings, under rugs and furniture and in closets or other localities where these insects are found. Fabrics should be tested for staining in an inconspicuous area prior to use. Repeat [treatment] if re-infestation occurs, but not more than once per week.

[**Webbing**] **Clothes Moths**: Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This will not control moth larvae already on clothes. Do not apply to clothing. Repeat [treatment] if re-infestation occurs, but not more than once per week.

**OUTDOORS:**

Point nozzle away from face. Hold can on a slight downward angle, approximately 12 - 18 inches from surface to be sprayed. For best results, spray when air is calm. Spray with wind if breeze is blowing.

**PESTS ON OUTSIDE SURFACES:** To control infestations of outdoor pests such as *Ants, Cockroaches, Ticks* and *Spiders*, spray foundation of building where these insects [pests, bugs] are active and may find entrance up to a height of 2 to 3 feet. Apply as a residual spray to outside surfaces of buildings where insects tend to congregate. Spray areas include: screens, window frames, eaves, porches, patios, picnic areas, garages and refuse dumps. Repeat treatment weekly if necessary.

**CRAWLING INSECTS:** *Ants* [(Including *Fire, Pharaoh, Carpenter, Harvester Ants*)], [*American and German Cockroaches, Centipedes, Scorpions, Crickets, Palmetto/Waterbugs, Spiders* [(including *Black Widow, Brown recluse and Hobo Spiders*)], *Asian Lady Bird beetle (Lady Bugs)s, Sowbugs, Earwigs, Boxelder Bugs* and *Beetles*. Spray insects [bugs, pests] directly.

*Ticks* (Including *Lone Star Ticks, Deer Ticks* (which may carry Lyme disease), *Black Legged Ticks*): Spray areas where these pests are found.

*Ants* [(including *Carpenter, Harvester, Pharaoh* and *Fire ants*)]: Spray around ant trails and hills. Spray around nests hidden under steps, brickwork, concrete, etc. Break apart accessible nests and spray on and around debris. Spray ants directly whenever possible. Repeat if ants return. This product should not be used to treat fire ant mounds.

*Ants*: Spray ant trails and hills. If nest can be located, spray surface of nest until wet.]

*Asian Lady Bird Beetles (lady bugs)*: Spray areas where pests are found. If spraying outside walls of homes, especially vinyl or aluminum siding, test a small area first for possible staining.

*Wasps, Hornets* and *Bees*: Spray individuals directly and vacate area. Do not treat whole nests with this product.

**FLYING INSECTS:** *Houseflies, Gnats, Mosquitoes* and *Moths*: Use only on outdoor surfaces. Spray outside surfaces of windows, window and door frames, screens and other areas where these pests may enter the home. Also spray localized resting areas, such as under eaves, porches, surfaces around light fixtures and cords, railings, etc. where these insects may rest. Insects coming to rest on treated surfaces will be killed. Retreat weekly or when insects return.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Storage:** Store in a cool, dry area away from [inaccessible to] children and pets and away from heat, sparks and open flame. [Protect from freezing.] [Do not freeze.] [Do not transport or store below 32°F.]

**Pesticide storage and Container Disposal:** Do Not Puncture or Incinerate! *If empty:* Place in trash or offer for recycling if available. *If partly filled:* Call your local solid waste agency for disposal instructions. [This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label.]

**IMPORTANT: READ BEFORE USE**

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following conditions, disclaimer of warranties and limitations of liability.

**CONDITIONS:** The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product.
