Dear Dr. Assaf:

Subject: Amendment- revised per Agency letter dated May 30,
Olyset Net
EPA Registration Number 73049-433
Your submission dated March 25, 2009

The application referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following comments:

1. Delete "Treated for [extra] protection.". This implies heightened efficacy claims.

A copy of a stamped label is enclosed for your records.

If you have any questions regarding this action, please contact Linda A. DeLuise of my team at (703) 305-5428.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Linda A. DeLuise", is written over a horizontal line.

NOTE: After hanging the Olyset® Net wash hands before eating. Keep plastic bag packaging away from children. Keep outside bag for complete directions for use.

DIRECTIONS FOR USE

Hang netting up above [the bed] [or] [area to be protected] by suspending each corner [from the supports provided] [from the ceiling] [using the hooks provided]. If using over a bed, tuck the lower edge of the netting under the mattress to ensure a tight fit to prevent mosquitoes and other flying insects from entering, otherwise ensure that the base of the netting is in complete contact with the ground.

If netting becomes dirty, wash separately from other items, in warm water and allow to dry in shady area. Avoid sunlight when drying. Do not dry clean. Dry cleaning removes the active ingredient [permethrin].

Do not use for purposes other than originally intended. Do not retreat netting with other permethrin insect repellent products.

STORAGE AND DISPOSAL. When not in use, store netting in a cool, dry place away from children and direct sunlight. Dispose of outer packaging in trash. Discard in trash when netting is worn out.
