AND TOXIC SUBSTANCES

Mr. Nasser Assaf, Ph.D.
Valent BioSciences
870 Technology Way, Suite 100
Libertyville, IL 60048

JAN 14 2009

Dear Dr. Assaf:

Subject: Amendment- residue data against German cockroaches for 12 weeks (MRID 47533501)
Cyper- Active E2 WB TRA
EPA Registration Number 73049-454
Cyper- Active AS2 TRA
EPA Registration Number 73049-455
Your submission dated September 5, 2008

The application referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following comments:

1. The data support 'kills' claims for the adult life stage of black widow spider, house fly, German cockroach, Oriental cockroach, Yellow Fever mosquito, Southern house mosquito, Argentine ant, harvester ant, firebrat, brown dog tick, and the cat flea.
2. The data support the label claim: "Keeps killing German cockroaches for 12 weeks." but only if it is qualified with the addition of the term "on impervious surfaces" therefore change the statement to read "Keeps killing German cockroaches for 12 weeks on impervious surfaces"

A copy of a stamped label is enclosed for your records.

If you have any questions regarding this action, please contact Linda A. DeLuise of my team at (703) 305-5428.

Sincerely yours,

Richard Gebken
Product Manager (13)
Insecticide Branch
Registration Division (7505P)

Six 2 oz cans will treat an average 2400 square foot [sq.ft] home (50' x 48' with an 8' ceiling).

[For Use with box that contains three 3.75 oz cans]

Each can will treat 6000 cu ft (30' x 25' with an 8' ceiling)

[Note to Reviewer – The printed label will include the 2 listed bullet points below or the Products Facts Box]

[Kills ants (except fire, carpenter & Pharaoh ants) [Argentine ants, harvester ants], roaches, fleas, house flies, mosquitos, spiders (except brown recluse & black widow), brown dog ticks, silverfish, firebrats]

[Use In: Apartments, Homes, Attics, Basements, Garages, Household Storage Areas]

[PRODUCT FACTS:

Double [Dual] Action: Kills insects and leaves a fresh scent.

Insects: Kills ants (except fire, carpenter, harvester & Pharaoh ants) [Argentine ants, harvester ants], roaches, fleas, house flies, mosquitos, spiders (except brown recluse & black widow), brown dog ticks, silverfish, firebrats

Where to Use: Apartments, homes, attics, basements, garages, household storage areas]

HOW TO USE:**Step 1: PREPARATION**

OPEN cabinets, cupboards, drawers, closets and doors in area to be treated. REMOVE or cover exposed foods, dishes, utensils, food processing equipment and surfaces. REMOVE pets and birds, cover and turn off fish aquariums before use. Cover waxed wood floors, waxed furniture and other plastic surfaces near the fogger (newspaper may be used). CLOSE outside doors and windows. SHUT OFF fans and air conditioners. DO NOT use more than one fogger per room.

DO NOT use in small, enclosed spaces such as closets, cabinets, or under counters or tables. DO NOT use in a room 5 ft x 5 ft or smaller; instead allow fog to enter from other rooms. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames, or running electrical appliances that cycle on and off (i.e., refrigerators, thermostats, etc.) Call your gas utility or management company if you need assistance.

Step 2: ACTIVATION OF FOGGER

Do not place on water stainable surface. Place a chair or table in the center of area to be fogged approximately 2 ft above the floor. Cover with several layers of newspaper or paper towels. Tilt can opening AWAY from face and depress tab firmly with thumb until it clicks in locked position. Set fogger on newspaper. Immediately leave treated area and keep area closed for at least 4 hours. Before reoccupying the area, open all doors and windows and allow treated area to air for 30 minutes.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place away from heat or open flame, preferably in a locked storage area.

Disposal: Do Not Puncture or Incinerate! Non-refillable container. Do not reuse or refill this container.

If Empty: Place in trash or offer for recycling if available.

If Partly Filled: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS**Hazards To Humans & Domestic Animals**

Caution: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID
