NOV 10 2011

Subject: Cyper-Active AS2 TRA, EPA Reg. No. 73049-455
Application Dated: Oct 6, 2011
Decision: 457490

Dear Mr. Assaf:

The labeling referred to above, submitted in connection with registration under the Federal insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the following comments – add the following label statements:

1. Do not allow adults, children, or pets to enter the treated area until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated.
2. Do not apply when food is present. Exposed food should be covered or removed. All food preparation surfaces and utensils should be covered during treatment or thoroughly washed before use.
3. Do not apply this product in any room being used as a living, eating, or recovery area by patients, the elderly, or the infirm, when they are in the room.
4. Do not apply directly into sewers or drains, or to any area like a ditch or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitats can occur. Do not allow the product to enter any drain during or after application.
5. Revise the Storage and Disposal statement in accordance with PR Notice 2007-4 and to include the statement "Do not contaminate water, food, or feed by storage or disposal."

Two (2) copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records. If you have any questions, you may contact Samantha Hulkower at (703) 603-0683 or Hulkower.Samantha@epa.gov.

2019

Sincerely,

Mark Suarez
Product Manager (13)
Insecticide Branch
Registration Division (7505P)

Enclosure: Copy of Label Stamped "Accepted with Comments"

CYPER-ACTIVE® AS2 TRA

(The following two statements are to be directly below the product name in bold type.)

Do not use solely as an air freshener or air sanitizer.**For Insecticide Use Only.**(The following must be on the front panel.)**For Residential Use Only**

[Note To Reviewer: Optional Marketing Language to be used on can and/or box]

4049

This product is unique because its triple action kills insects by contact, temporarily reduces odor-causing bacteria, and leaves the room smelling clean and fresh. And with its dry concentrated formula, there's also no need to worry about staining or discoloring your [fine] furniture.

When fogging to kill insects, this product simultaneously sanitizes the air. This product contains an active ingredient, which temporarily reduces the number of airborne bacteria which causes odors. This product leaves no lasting odor after airing out a room. Because of the dual nature of this product (i.e. killing insects and temporarily reducing airborne bacteria) be sure to follow the label directions explicitly. Do not use solely as an air freshener or sanitizer. For Insecticide Use Only.

{Note to Reviewer - The printed label will include the 3 listed bullet points below or the Product Facts Box}

[Kills insects, sanitizes the air, and leaves a fresh scent]

[Kills ants (except fire, carpenter & Pharaoh ants) [Argentine ants, harvester ants], roaches, fleas, house flies, mosquitoes, spiders (except brown recluse), [black widow spiders], brown dog ticks, silverfish, firebrats]

[Use In: Apartments, Homes, Attics, Basements, Garages, Household Storage Areas]

[PRODUCT FACTS:

Triple action: Kills insects, sanitizes the air, and leaves a fresh scent.

Insects: Kills ants (except fire, carpenter & Pharaoh ants), [Argentine ants, harvester ants], roaches, fleas, house flies, mosquitoes, spiders (except brown recluse), [black widow spiders], brown dog ticks, silverfish, firebrats

Where to Use: Apartments, homes, attics, basements, garages, household storage areas]

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions:

- Do not use multiple canisters in a room
- Do not use in small confined areas
- Turn off ignition sources
- Remove or cover exposed food.
- Air out the room before entering.
- Fill out and place hand-tag on the door to the treated area to alert family and others with access to the treated area not to enter for 2 hours.
- Do not use in greenhouses where plants are grown for food.
- Do not remain in treated area.
- Vacate the treated house, individual apartment unit or other structure immediately. Do not re-enter for 2 hours.
- Wait two (2) hours after application, then open windows, vents and doors for two hours. If an odor is still detected additional ventilation is required.
- Do not apply this product in a way that will contact any person, pet, either directly or through drift. Keep people and pets out of the area during application.
- Remove birds and other pets before application. Cover any water inhabited by fish (such as aquariums and ornamental fish ponds) during treatment and turn aquariums systems off.

FOR HOUSEHOLD USE ONLY

Does not control bed bugs.

[Note to Reviewer – the following text will be dependent upon packaging size. See optional bullets at end of label]

{The following statements can be modified for larger size cans as long as the use rate remains 1 ounce per 1600 cu. ft.}

One 1.5 oz can will treat an area up to 2400 cu ft (15' x 20' with an 8' ceiling)

One 2 oz can will treat an area up to 3200 cu ft (20' x 20' with an 8' ceiling)

[For Use with box that contains Three 2 oz cans]

HOW TO USE THIS PRODUCT CORRECTLY:

DO NOT use multiple canisters in a room.

{graphic size 2.25 cm x 3.5 cm minimum}

DO NOT use in small, enclosed spaces such as closets, cabinets or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. Do not use in a room 5 ft. x 5 ft. or smaller; instead, allow fog to enter from other rooms.

{graphic size 2.25 cm x 3.5 cm minimum}

Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc). Call your gas utility or management company if you need assistance.

{graphic size 2.25 cm x 4 cm minimum}

{graphic size 2.25 cm x 3.5 cm minimum}

[Step 1:] BEFORE YOU FOG:

OPEN cabinets, cupboards, drawers, closets and doors in area to be treated. REMOVE or cover exposed foods, dishes, utensils, food processing equipment and surfaces. Cover waxed wood floors, waxed furniture and other plastic surfaces near the fogger (newspaper may be used). CLOSE outside doors and windows. SHUT OFF fans and air conditioners.

{graphic size 2.25 cm x 3.5 cm minimum}

[Step 2:] TO START FOGGING:

Do not place on water stainable surface. Place a chair or table in the center of area to be fogged approximately 2 ft above the floor. Cover with several layers of newspaper or paper towels. Tilt can opening AWAY from face and depress tab firmly with thumb until it clicks in locked position. Set fogger on newspaper. Immediately leave the area.

60 of 9

[Step 3:] AIRING OUT:

Vacate the treated house, individual apartment unit, or other structure immediately. Do not remain in the area during treatment. Keep treated area closed for 2 hours. Do not re-enter for 2 hours. Before reoccupying the area, open all doors and windows and allow treated area to air for 2 hours.

{graphic size 2.25 cm x 3.5 cm minimum}

{clock graphic optional}

STORAGE AND DISPOSAL

Pesticide Storage: Store in a cool, dry place away from heat or open flame, preferably in a locked storage area.

Pesticide Disposal and Container Handling: Do Not Puncture or Incinerate! If Empty: Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS**Hazards To Humans & Domestic Animals**

Caution: Harmful if swallowed. Causes moderate eye irritation. Breathing spray mist may be harmful. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

FIRST AID

If in eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. • Call a poison control center or doctor for treatment advice.
If swallowed:	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor. You may also contact 1-xxx-xxx-xxxx for emergency medical treatment information.

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the "Directions for Use" on this label carefully.
