SUBJECT: Application for Pesticide Notification (PRN 98-10)
Request General Label Change
EPA Reg. No. 73079-7
Application Dated May 29, 2009

Dear Registrant:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated 05/29/09 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249 or Owen F. Beeder of my staff at 703-308-8899.

Sincerely,

Linda Arrington

Total:.....	100.0%

EPA Reg. No.: 73079-7 EPA Est. No.: 73079-MO-1
Net Contents: 4 fl oz, 8 fl oz, 16 fl oz, 128 fl oz (One Gallon)

KEEP OUT OF REACH OF CHILDREN CAUTION

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: CAUTION: Harmful if swallowed or absorbed through the skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

First Aid: If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. You may also call 1-800 858 7378 for emergency medical treatment information.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions: In edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed, or in serving areas when food is exposed, this product may only be applied as a crack and crevice treatment. Any product remaining outside of cracks and crevices must be cleaned up and removed.

Attracts and Kills All Common Household Ants Including: Argentine ants, ghost ants, cornfield ants, pavement ants, pharaoh ants, acrobat ants, white

footed ants, little black ants, odorous house ants, rover ants, crazy ants, big headed ants, and other sweet feeding ants except carpenter, fire and harvester ants.

For Use in and Around: Homes, hospitals, restaurants, apartments, grocery stores, institutional buildings, schools, cafeterias, warehouses, storage areas, food processing plants, mobile homes, boats, military bases, theaters, nursing homes, and on military, commercial, and cruise ships.

Controlling and Eliminating Ants: First ants will come in large numbers, but soon disappear. This product is formulated to allow worker ants to consume the product and survive long enough to carry the liquid back to the nest and deliver a dose to the rest of the colony. Monitor the placements and ensure there is always a fresh supply of InTice Liquid Bait at each placement.

Indoor Use

Apply InTice Liquid Bait to small pieces of cardboard, paper or foil, or in purpose built bait stations and place product in areas inaccessible to children and pets, where ants are seen, such as the edges of sinks, tubs, window sills, under food cabinets, along floors and base boards and in corners. Use plenty of bait placements, the more bait placements the better. Since invading ants usually have outdoor nesting sites, it often helps to put the product outside, close to where ants are found entering the structure. Ants typically follow defined trails from the nest to food or water. Placing InTice Liquid Bait close to these trails will improve control.

Outdoor Use

Environmental Hazards: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment washwaters or rinsate.

Locate areas around the building where ants are seen trailing. Apply InTice Liquid Bait in areas inaccessible to children and pets. For a perimeter defense system, place bait stations against the foundation where the trails are found. Spacing the bait stations every 5 to 10 feet will provide the best results. Check the bait stations regularly for activity. Remember ants will feed on InTice Liquid Bait and carry the bait back to the rest of the colony. Heavy infestations may require several bait placement refills. InTice Liquid Bait can be diluted with water to obtain a 1% or 2.5% solution of Borax. Such a dilution is helpful when a substantial volume of InTice Liquid Bait is needed in a baiting program designed to control very large multi-queen and multi-colony ant infestations.
1% Dilution: 1 part InTice Liquid Bait to 4 parts water. Mix thoroughly.
2.5% Dilution: 1 part InTice Liquid Bait to 1 part water. Mix thoroughly.

6076

Using InTice Liquid Bait in Bait Stations: Apply InTice Liquid Bait using bait stations designed to hold bait. This product will work well in Rockwell's BaitPlate, D-Sect and PFT stations (sold separately). Diluted InTice Liquid Bait may also be spot sprayed just to the point of run-off onto building foundations, fence posts and other stationary structures outdoors. Do not spray on grass or plants.

Storage and Disposal

Storage: Store in a cool dry place. Do not store where children or animals may gain access.

For 1 Gallon Size:

Disposal: If Empty: Non-refillable container. Do not reuse this container. Place in trash or offer for recycling if available. **If Partly Filled:** Call you local solid waste agency or **1-800-CLEANUP** which is managed as a public-private partnership.

For 4 oz, 8 oz, 16 oz sizes:

This application container may be refilled by the end-user of the product. Refill only with InTice Liquid Bait.

Disposal: If Empty: Place in trash or offer for recycling if available. **If Partly Filled:** Call your local solid waste agency or **1-800-CLEANUP** which is managed as a public-private partnership.

Warranty Limitations and Disclaimer

Seller makes no warranty expressed or implied, concerning the use of this product other than as indicated on the label. Buyer accepts this material subject to these terms, and assumes all risk of usage and handling except when used or handled in accordance with this label. There are no expressed or implied warranties of merchantability or fitness for any particular purpose, except as specifically stated herein. To the extent consistent with applicable law, the manufacturer shall not be liable for any consequential damages based on the use of the product.
