re: InVict AB Bait Station, EPA Reg. # 73079-13 (D457521)
label amendment submitted 11/14/2011
label corrections required per Notice of Registration
accepted

Dear Ms. Spragins:

This label amendment makes several label corrections as required on the initial Notice of Registration dated 11/3/2011. The revised labeling referenced above submitted in connection with the registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is ACCEPTABLE.

Submit a copy of your final printed labeling incorporating the above changes prior to releasing your product for shipment. If this provision is not complied with the registration will be subject to cancellation in accordance with FIFRA Section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A copy of the label stamped "accepted" is enclosed for your records. If you have any questions please contact Tom Harris at (703) 308-9423 or harris.thomas@epa.gov.

Sincerely yours,

A handwritten signature in black ink, appearing to read "John D. Hebert", written over a large, stylized circular flourish.

John D. Hebert
Product Manager
Insecticide Rodenticide Branch
Registration Division (7505P)

EPA. Reg. No: 73079-13

**DO NOT ALLOW CHILDREN OR PETS TO PLAY WITH BAITS
CAUTION**

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: CAUTION: Causes moderate eye irritation.
Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water
after use and before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow bait to enter or run off into storm drains,
drainage ditches, gutters or surface waters.

First Aid

If in Eyes: -Hold eye open and rinse slowly and gently with water for 15-20 minutes.
-Remove contact lenses, if present, after the first five minutes, then continue rinsing.
-Call a poison control center or doctor for treatment advice.

Have the product or label with you when calling a Poison Control Center or doctor or
going for treatment. In case of emergency, for additional information call **800 858 7378**.

[NOTICE: Buyer assumes all responsibility for safety and use not in accordance with
directions.]

[Pictograms: Ant/Roach/Silverfish/Bait Station/Suggested Placement]

[How It Works:]

- [Bait attracts foraging worker ants.]
- [Ants enter bait station and take food back to the colony.]
- [Ants share the bait with other ants, killing the queen and the colony.]
- [A reduction in ant activity should occur within 3-7 days after bait placement.]

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Kills roaches, silverfish, and ants, including acrobat, allegheny, argentine, big-headed, cornfield, crazy, ghost, little black, odorous house, pavement, pharaoh, pyramid, thief and white-footed ants (excludes fire, carpenter and harvester ants)

For use in and around homes, apartments, commercial, industrial, municipal, institutional, research, recreational, health care, educational, daycare, hospitality and agricultural buildings and other man-made structures, garages, transport vehicles, sewers, animal research facilities, and food service, storage, handling and processing establishments.

1. Remove bait from package and break bait stations apart.
2. [Peel label off of adhesive sticker on the back of the station.]
3. Place / stick stations label side down where pests are seen or pest activity is suspected to occur.
4. Do not place on food preparation surfaces when food is being handled or on utensils that are used for food preparation.

Remove other sources of food, like crumbs, sugar and grease spots. Common areas to place baits include: along baseboards, in corners of rooms and cabinets, on countertops, under and behind appliances, under sinks, around pipes and water sources, in pantry, on window sills and around doorways, near garbage cans, and along pest trails.

NOTE:

Bold italicized text is information for the reader and not part of the label.

[Bracketed information is optional text.] Text separated by / denotes and / or options.

[Helpful Tips:]

- [Do not place bait stations where insecticide has recently been sprayed, as pests may avoid the bait stations]
- [For best results, all X bait stations should be used at once.]
- [For large areas or heavy infestations, additional bait stations are recommended.]
- [Replace bait stations once most of the bait has been eaten, or at least every three months to keep pests from coming back.]

Food Processing and Handling Establishments: Food areas include serving areas while the establishment is in operation, areas for receiving, storing, packing, and preparation, and edible waste storage and enclosed processing systems. Do not contaminate food and feedstuffs. Use as instructed above.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a dry place, below 130 °F. Do not store where children or animals may gain access.

Container Handling and Disposal: If empty: Non-refillable container. Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

[Warranty Limitations and Disclaimer

To the extent consistent with applicable law, seller makes no warranty expressed or implied, concerning the use of this product other than as indicated on the label. Buyer accepts this material subject to these terms, and assumes all risk of usage and handling except when used or handled in accordance with this label. To the extent consistent with applicable law, there are no expressed or implied warranties of merchantability or fitness for any particular purpose, except as specifically stated herein. To the extent consistent with applicable law, manufacturer shall not be liable for any consequential damages based on the use of the product.]
