Subject: Notification
EPA Reg. no. 73327-6
Swiss Farms Crabgrass Preventer

Dear Ms. McLaughlin:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated 11/23/10 for **EPA Registration 73327-6**. The Registration Division (RD) has conducted a review of this request for applicability under PRN 98-10 and finds that the label change(s) requested falls within the scope of PRN 98-10. The label has been date-stamped "Notification" and will be placed in our records.

If you have any questions, please contact me at 703-305-1243.

Sincerely,

A handwritten signature in black ink, appearing to read "Kathryn V. Montague".

Subject: Notification of General Label Revisions per PR Notice 98-10
EPA Reg. No. 73327-6 – Swiss Farms Crabgrass Preventer

Dear Ms. Montague,

Swiss Farms Products, Inc. (Swiss Farms, EPA Company Number 73327) is submitting a revised label for Swiss Farms Crabgrass Preventer EPA Reg. No. 73327-6. The enclosed master label has been updated with optional language including the following marketing claims:

"[name/logo] Garden Club"
"Membership is free! [Insert Web Address]"

For clarification, the logo that will precede this claim will be the Home Depot logo:

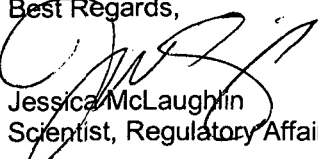

The Garden Club mentioned in the claim is not a national endorsement from a specific Garden Club; rather it is a website developed by Scotts and Home Depot that gives consumers information and tips on lawn and garden care.

Enclosed please find the following documents to support this request:

- One (1) copy of Application form (EPA Form No. 8570-1)
- Two (2) copies of the updated Master Label: one (1) with changes highlighted in yellow and one (1) clean copy.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR §152.46 and §156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and CFR §152.46 and §156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under section 12 and 14 of FIFRA.

If you have any questions regarding this submission, please contact me at 937-578-5703.

Best Regards,

Jessica McLaughlin
Scientist, Regulatory Affairs

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if inhaled. Avoid contact with eyes or clothing. Avoid breathing dust. Wear protective eyewear. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID	
If in Eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a Poison Control Center or doctor for treatment advice.
If Inhaled	<ul style="list-style-type: none">• Move person to fresh air• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.• Call a Poison Control Center or doctor for further treatment advice.
NOTE: Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.	

ENVIRONMENTAL HAZARDS

This product is toxic to fish and highly toxic to other aquatic organisms including oysters and shrimp. Use with care when applying to turf areas adjacent to any body of water. Drift and runoff from treated turf may adversely affect aquatic organisms in adjacent aquatic sites.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a clean, dry place. Reseal opened bag [by folding top down and securing].

PESTICIDE CONTAINER DISPOSAL: If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

DIRECTIONS FOR USE

It is a violation Federal law to use this product in a manner inconsistent with its labeling.

For outdoor residential use only.

Using these directions

These "Directions for Use" are designed to help you determine the appropriate application procedure for this product.

Before using this product, make sure that you read the entire "Directions for Use" section of this label.

Before You Use / Apply

Read and follow these use precautions when you use this product:

- Apply only to lawns and ornamental turf that are well established.
- Wait at least 12 weeks after using this product before reseeding, overseeding or sprigging of grass into areas that have been treated.
- Do not use this product on new lawns or grass that has been weakened or stressed by drought, excessive temperatures or pests
- When applying around ponds or other bodies of water, do not apply in windy conditions or where product can be moved into water by wind or washing rains.
- Keep people and pets off treated areas until dust has settled.
- Do not use grass clippings as mulch around vegetables or fruit trees.
- This product may be applied to flowers listed on this label.
- Do not make more than 1 application to the same area in the same year.

General Use Directions

1. Determine size of area to be treated – measure length and width in feet, then multiply to determine coverage area in sq. ft. (length x width). **Next, subtract non-lawn areas.**
2. Use the spreader setting chart to determine the appropriate setting
3. Treat as directed – thorough coverage is important.

When To Use / Apply

- Product may be applied either in the Spring or Fall for the control of weeds.
- Product will provide up to 4 months of weed control when used as directed.
- To get control of listed weeds other than crabgrass, applications must be made before weeds emerge.
- Swiss Farms Crabgrass Preventer for home lawns will control crabgrass if applied before it emerges.

Where To Use

This product can be used on the following types of grass when applied as directed:

Cool Season Grasses: Agrostis Stolonifera, Bentgrass (creeping), Bluegrass (Kentucky), Fescue fine, Fescue tall, Festuca arundinacea, Festuca rubra, Lolium (perenne), Poa pratensis, Ryegrass (perennial)

Warm Season Grasses: Axonopus affinis, Bahia, Bermuda, Buchloe dactyloides, Buffalograss, Carpetgrass, Centipede, Cynodon dactylon, Eremochloa ophiuroide, Kikuyugrass, Paspalum notatum, Pennisetum clandestinum, St. Augustine, Stenotaphrum secundatum, Zoysia japonica, Zoysiagrass

How To Use / Apply

1. Apply this product at the rate of 3.4 lbs. per 1000 sq. ft. (1 bag treats 5,000 sq. ft.)
2. Calibrate your spreader according to the spreader manufacturer's directions. Adjust settings as needed to apply the recommended rate of product.
3. Using a drop-type or rotary spreader, apply granules evenly over grass, avoiding streaking, skips or overlaps. Avoid using spreaders that apply product in narrow or concentrated bands.
4. Check calibration of spreader frequently to ensure spreader is functioning properly and applying product evenly.

SPREADER SETTINGS

- [Spreaders and Calibrations]**
- [Determine size of area to be treated]**
- [Measuring/Measure your lawn]**
- [How to Measure Your Lawn] – [ICON]**

This 17 pound bag covers 5,000 sq. ft. Use the settings below to apply at a rate of 3.4 lbs. per 1,000 sq ft.

Broadcast/Rotary Spreaders[ICON]	Drop Spreaders [ICON]
X	X
X	X
X	X
X	X
X	X

IMPORTANT — It is important to follow directions as indicated on this quality lawn care product as over application may cause injury to your lawn. Spreader settings are approximate. Differences may occur due to condition of spreader, speed at which applied, and roughness of area treated. Be sure to calibrate spreader before beginning and check calibration during application, adjusting if necessary. Consult Owner's Manual.

WEEDS CONTROLLED

Pre- and Early Post Emergent

- Crabgrass

Pre-Emergent (Preventative)

Grass Weeds: Annual Bluegrass, Annual Ryegrass, Barnyardgrass, Crabgrass, Crowfootgrass, Goosegrass, Green Foxtail, Kikuyugrass (seedling), Perennial Ryegrass, Smutgrass (seedling), Yellow Foxtail

Broadleaf Weeds: Bittercress, Buttercup Oxalis, Carolina Geranium, Chickweed, Common Lespedeza, Common Purslane, Corn Speedwell, Creeping Oxalis, Henbit, Parsley-piert; Pineappleweed, Prostrate Spurge, Spotted Spurge, Yellow Woodsorrel

TOLERANT TREES, SHRUBS, AND FLOWERS

When applied as directed under the conditions on this label, trees, shrubs, and flowers listed [above] [below] have shown tolerance in field trials. However, this product has not been tested on all cultivars of each species or under all possible growing conditions. Follow directions given [above] [below] to determine plant tolerance under your growing conditions. A limited area involving only a few plants should be treated and observed for signs of yellowing, wilting, or lack of growth prior to large-scale application.

Seasonal product application options

Plan your feeding schedule. Choose the right product for your lawn.

[[Insert Brand Name] Recommended Annual Feeding/Lawn Care Program]

Any Season - Apply any season if weeds or bugs are not a problem: *[insert product name]* [brand name] [Fertilizer]

Early Spring - February-April – To Prevent Crabgrass: *[insert product name]* [brand name] [Fertilizer plus Weed Preventer]

Late Spring - April-June – If you have weeds / To kill weeds: *[insert product name]* [brand name] [Fertilizer plus Weed & Feed]

Summer - June/July-August – If you have bugs / To kill bugs: *[insert product name]* [brand name] [Fertilizer]

Fall - September – November - *[insert product name]* [Fall/Winter/Winterizer/Fertilizer] / Fertilizer plus Weed & Feed [If you have fall weeds]

Why fertilize the/your lawn?

While it is easy to see that/a satisfying deep green/greening when you fertilize, regular feedings [can] actually do much more...

- Promote a deep and dense root system that is better able to reach water and find nutrients during tough heat & drought, so lawn stays greener, longer and bounces back faster
- Thicken lawn with new/additional blades of grass, making it more resistant to bare spots and thinning
- Help prevent weeds by making it difficult for weed[s] [seeds in the air] to find soil to root, [as well as]/[and] crowd out existing weed[s] [seeds in the soil]

Feed every 8 weeks for optimal results
