FIRST AID	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact (phone number) for emergency medical treatment information.	
If swallowed	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
If on skin or clothing	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION!**

May be harmful if swallowed. Avoid contact with skin, eyes, and clothing. Wash hands thoroughly with soap and water after handling. Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.

Environmental Hazards: This product is toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters. Do not apply when weather conditions favor drift from target areas.

HOW AMDRO FIRE ANT BAIT YARD TREATMENT WORKS:

1. This product is a bait. Worker ants carry it into the mound as food for the colony.
2. They eat it and feed it to the queen. It starts to kill ants immediately.
3. In about a week the queen is dead, which destroys the mound.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Outdoor Use:

For large infested areas: Using this convenient shaker bag, rotary broadcast spreader or hand held granular spreader, broadcast this product at 5 lb. per 5,000 (heavy infestations) to 10,000 (light infestations) sq. ft. (11 lb. per 11,000 to 22,000 sq. ft.; 7.5 lb. per 7,500 to 15,000 sq. ft.; 5.5 lb. per 5,500 to 11,000 sq. ft.; 2.5 lb. per 2,500 to 5,000 sq. ft.) For best results, apply when ants are active (typically when soil temperature is greater than 60°F). Repeat application as needed.

This product controls imported and native fire ants and other ants, such as harvester ants and bigheaded ants. This product is for use ONLY on lawns, landscaped areas, golf courses, commercial grounds, parks and other noncropland areas, as well as on grounds surrounding poultry houses (excluding runs and ranges) or corrals and other animal holding areas. Avoid direct exposure of animals to this product.

Application Tips:

- For best results, apply in early morning or late afternoon when ants are most active.
- Do not apply when ground is soaking wet or when heavy rains are expected. Do not water-in after application. [No need to water-in after application.]
- For convenient application to individual mounds, use AMDRO Fire Ant Bait (insert graphic of AMDRO Fire Ant Bait).

Do not graze or feed treated lawn or sod clippings to livestock.

This product is not for use on vegetable or other food crops, timber or plants grown for sale or other commercial use, or for commercial seed production, or for research purposes.

Re: Notification of Minor Label Amendment (Application Tips)
EPA Reg. No. 73342-5, AMDRO® Fire Ant Bait Yard Treatment

Attn: Sherada Hobgood

On behalf of Ambrands of Atlanta, Georgia, enclosed is notification of a minor label revision to the above-referenced pesticide product.

The purpose of this amendment is to add "application tips" to the label to further inform and assist the end-use consumer in product use. This text is consistent with that currently approved on a similar hydramethylnon label (EPA Reg. No. 73342-1, AMDRO Fire Ant Bait) under EPA stamp of approval dated July 21, 2004.

All areas of revision are highlighted on the enclosed revised label. Copies of the current EPA-approved label (March 3, 2004) and prior notification of August 5, 2004 are enclosed for your convenience in review.

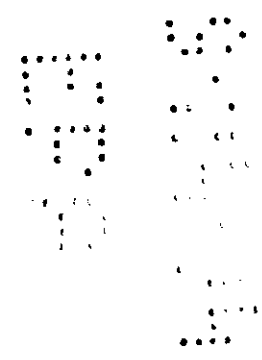

Best regards,

Rebecca M. Horton
