SUBJECT: Application for Pesticide Notification
AMDRO® Fire Ant Bait Yard Treatment Plus
EPA Reg. No. 73342-6
Application Dated October 25, 2006

Dear Ms. Horton:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above product. The Registration Division (RD) has conducted a preliminary screen of this request for its applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please me directly at 703-305-6249 or Terri Stowe of my staff at 703-305-6117.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

FIRST AID	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact (phone number) for emergency medical treatment information.	
If on skin or clothing	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION!**

Avoid contact with skin, eyes, and clothing. Wash hands thoroughly with soap and water after handling. *Prolonged contact or frequently repeated skin contact may cause allergic reactions in some individuals.*

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.

Environmental Hazards: This product is toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters. Do not apply when weather conditions favor drift from target areas.

HOW AMDRO FIRE ANT BAIT YARD TREATMENT PLUS WORKS:

1. This product is a fire ant killing bait combined with an insect growth regulator. Worker ants carry it into the mound as food for the colony.
2. They eat it and feed it to the queen – as a result, the queen cannot produce new ants.
3. Without new ants to forage for food, the colony starves.
4. Provides control of fire ants inhibiting visible mounds and the building of new mounds by unnoticed colonies is prevented.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Outdoor Use:

For large infested areas: Using this convenient shaker bag, rotary broadcast spreader or hand held granular spreader, broadcast this product at 5 lb. per 5,000 (heavy infestations) to 10,000 (light infestations) sq. ft. (11 lb. per 11,000 to 22,000 sq. ft.; 7.5 lb. per 7,500 to 15,000 sq. ft.; 5.5 lb. per 5,500 to 11,000 sq. ft.; 2.5 lb. per 2,500 to 5,000 sq. ft., 10 L.B. per 10,000 to 20,000 sq. ft.; 2 lb. per 2,000 sq. ft. to 4,000 sq. ft.) For best results, apply when ants are active (typically when soil temperature is greater than 60°F). Repeat application as needed, but do not exceed 3 applications per season.

This product controls imported and native fire ants and other ants (except Carpenter and Pharaoh's ants), such as harvester ants and bigheaded ants. This product is for use ONLY on lawns, landscaped areas, golf courses, commercial grounds, parks and other noncropland areas, as well as on grounds surrounding poultry houses (excluding runs and ranges) or corrals and other animal holding areas. Avoid direct exposure of animals to this product.

Application Tips:

- For best results, apply in early morning or late afternoon when ants are most active.
- Do not apply when ground is soaking wet or when heavy rains are expected. Do not water-in after application. [No need to water-in after application.]
- For convenient application to individual mounds, use AMDRO Fire Ant Bait (insert graphic of AMDRO Fire Ant Bait).

Do not graze or feed treated lawn or sod clippings to livestock.

This product is not for use on vegetable or other food crops, timber or plants grown for sale or other commercial use, or for commercial seed production, or for research purposes.
