RE: AMDRO® Fire Ant Bait Yard Treatment Plus
EPA Reg. No.: 73342-6
Date of Submission: November 14, 2006

Dear Ms. Horton:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated November 11, 2006 for the product AMDRO® Fire Ant Bait Yard Treatment. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249 or Joyce Edwards of my staff at 703-308-5479.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

AMDRO®

Fire Ant Bait Yard Treatment PLUS

[Additional Brand Name: AMDRO® FireStrike™ Fire Ant Bait]

Optional Marketing Statements:

KILLS FIRE ANTS

IMPORTED AND NATIVE AND OTHER ANTS

KILLS THE QUEEN

AMDRO Fire Ant Bait Broadcast Yard Treatment is highly attractive to imported and native fire ants, and other listed ants.

For Broadcast Application To Large Infested Areas

Treats Up To 10,000 sq. ft. (5 lb. packaging – area may vary proportionately for different size packages)

Easy to Apply with any standard broadcast spreader

Do not mound treat with this product. It is intended for broadcast treatment only.

This product is NOT for use as a mound treatment. For mound treatment, use Amdro Fire Ant Bait (picture).

Amdro Fire Ant Bait Yard Treatment is specifically formulated for broadcast use – It is NOT for use as a Mound Treatment. For mound treatment, use Amdro Fire Ant Bait (picture).

For broadcast treatment only...do not use on mounds.

Not intended for use on individual mounds. Use Amdro Fire Ant Bait (picture) for mound treatment.

Covers 11,000 sq. ft. (5.5 lb. packaging - area may vary proportionately for different size packages)

Provides Season Long Control [Provides Seasonal Control] [Control Up To A Season]

Prevents New Mounds From Forming [Prevents New Mound Formation]

Broadcast Over 11,000 sq. ft. (5.5 lb. packaging – area may vary proportionately for different size pkg)

Up to 3 Months Fire Ant Control

Convenient new shaker bag [when packaged accordingly]

Tear notch at either end to open [when packaged accordingly]

Resealable bag [when packaged accordingly]

Ready To Use [Easy To Use]

No mixing required

Fire ant bait [with][contains][PRECOR®][VIGREN®][insect growth regulator][IGR]

AMDRO + insect growth regulator for control of fire ants

Sterilizes the Queen!

Stops the development of new mounds

Can be used around flowers, shrubs and trees

Unique 2-way Killing Action

Sterilizes New Invading Queens

Contains [With] vIRGen®

Contains [With] Precor®

vIRGen® and Precor® are a registered trademarks of Wellmark International, Inc.

New [limited to use 6 months after introduction] 3-way Protection Against Fire Ants

AMDRO® Fire Strike™ features a unique combination of two active ingredients that provide three-way protection against fire ants.

1. KILLS the Queen

Hydramethylnon is a deadly stomach toxicant. Worker ants carry hydramethylnon infused bait granules into the colony as food for other ants and the queen. After ingesting AMDRO® FireStrike™, the queen dies.

2. STERILIZES New Invading Queens

Methoprene is an Insect Growth Regulator (IGR). IGR's interrupt the life cycle of fire ants so that young maturing queens and new invading queens cannot reproduce.

3. PREVENTS New Mounds from Forming

Together, Hydramethylnon and Methoprene deliver a unique fire ant killing action that stops the development of new mounds.

Active Ingredients:	By Weight:
Hydramethylnon: (CAS No. 67485-29-4).....	0.0360%
(S)-Methoprene (CAS No. 65733-16-6)	0.0172%
Other Ingredients:	99.9468%

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Back/Side/Other Panel(s) for Additional Precautionary Statements & First Aid.

Net Weight: XXX

FIRST AID	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact (phone number) for emergency medical treatment information.	
If on skin or clothing	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION!**

Avoid contact with skin, eyes, and clothing. Wash hands thoroughly with soap and water after handling. Prolonged contact or frequently repeated skin contact may cause allergic reactions in some individuals.

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.

Environmental Hazards: This product is toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters. Do not apply when weather conditions favor drift from target areas.

HOW AMDRO FIRE ANT BAIT YARD TREATMENT PLUS WORKS:

1. This product is a fire ant killing bait combined with an insect growth regulator. Worker ants carry it into the mound as food for the colony.
2. They eat it and feed it to the queen – as a result, the queen cannot produce new ants.
3. Without new ants to forage for food, the colony starves.
4. Provides control of fire ants inhibiting visible mounds and the building of new mounds by unnoticed colonies is prevented.

6/9

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Outdoor Use:

For [large] infested areas: Using this convenient shaker bag, [a] rotary broadcast spreader or hand held granular spreader, broadcast this product at 5 lb. per 5,000 (for heavy infestations) to 10,000 (light infestations) sq. ft. (11 lb. per 11,000 to 22,000 sq. ft.; 7.5 lb. per 7,500 to 15,000 sq. ft.; 5.5 lb. per 5,500 to 11,000 sq. ft.; 2.5 lb. per 2,500 to 5,000 sq. ft., 10 lb. per 10,000 to 20,000 sq. ft.) [See spreader settings on right.] For best results, apply when ants are active (typically when soil temperature is greater than 60°F). Repeat application as needed, but do not exceed 3 applications per season.

This product controls imported and native fire ants and other ants (except Carpenter and Pharaoh's ants), such as harvester ants and bigheaded ants. This product is for use ONLY on lawns, landscaped areas, golf courses, commercial grounds, parks and other noncropland areas, as well as on grounds surrounding poultry houses (excluding runs and ranges) or corrals and other animal holding areas. Avoid direct exposure of animals to this product.

Application Tips:

- For best results, apply in early morning or late afternoon when ants are most active and when the soil temperature is greater than 60° F.
- Do not apply when ground is soaking wet or when heavy rains are expected. Do not water-in after application. [No need to water-in after application.]
- For convenient application to individual mounds, use [original] AMDRO Fire Ant Bait (insert graphic of AMDRO Fire Ant Bait).

Do not graze or feed treated lawn or sod clippings to livestock.

This product is not for use on vegetable or other food crops, timber or plants grown for sale or other commercial use, or for commercial seed production, or for research purposes.
