American Biotech Labs, LLC  
70 West Canyon Crest Road, Suite D  
Alpine, UT 84004

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA Section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA Section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA Section 4.
2. Make the following labeling changes:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 73499-2".

**PRECAUTIONARY STATEMENTS**

Silver is toxic to fish and aquatic invertebrates. Chronic long-term ingestion of silver or silver salts may cause argyria.

Effective against the following microorganisms with 10-minute contact time:

- Gram negative bacteria, (i.e. *Salmonella choleraesuis*)
- Gram positive bacteria (i.e., *Staphylococcus aureus*)
- Nosocomial bacterial pathogen, *Pseudomonas aeruginosa*

Description

This product is a broad spectrum surface disinfectant and a hospital and medical environment disinfectant. This product is ready to use on hard, non-porous surfaces of inanimate objects. It is intended for use in commercial, residential, industrial, and medical settings. This product is not for use on food contact surfaces.

The product will be effective against gram negative bacteria (i.e., *Salmonella choleraesuis*), gram positive bacteria (i.e., *Staphylococcus aureus*), and nosocomial bacterial pathogen, *Pseudomonas aeruginosa*, with a 10-minute contact time when used as directed on hard, non-porous surfaces, including walls, urinals, floors, tables, chairs, light fixtures, and bathroom surfaces. This includes those surfaces made of glass, porcelain, metal, glazed ceramic, enameled, and painted surfaces.

Directions for Use

It is a violation of U.S. federal law to use this product in a manner inconsistent with its labeling.

**DRAFT**

4 8 4

Application to disinfect the hard, non-porous surfaces in commercial, residential, industrial, and hospital and medical environments, listed on this label: Apply product by spray, mop, sponge or cloth to the pre-cleaned surface, thoroughly wetting the area to be disinfected. Surface must remain visibly wet for a full 10 minutes at 20 degrees C (68 degrees F). Follow by wiping surface using a clean paper or cloth towel. Discard used towel.

Storage and Disposal of Unused Product

Store in a cool place out of direct sunlight.

Disposal of Unused Product

Empty container by using product according to label directions.

Container Disposal

Discard empty container in trash collection.
