PRECAUTIONARY STATEMENTS**HAZARDS TO HUMANS****DANGER****CORROSIVE****CAUSES IRREVERSIBLE EYE DAMAGE AND SKIN BURNS****FATAL IF INHALED****MAY CAUSE ALLERGIC SKIN REACTION****MAY BE FATAL IF SWALLOWED****MAY BE FATAL IF ABSORBED THROUGH SKIN**

Do not get in eyes, on skin, or on clothing. Do not breathe vapor or mist. Do not take internally. Use only with adequate ventilation.

Use a full-face protective respirator fitted with an organic vapor cartridge, and wear protective eyewear (goggles, face shield, or safety glasses) while mixing or loading the product, and during any parts of the application process that may result in exposure. Wear gloves and boots that are impervious to the solution (PVC or neoprene) and other protective clothing (long-sleeve shirt, long pants, and coveralls) while mixing or loading the product, and during any parts of the application process that may result in exposure. Wear gloves that are impervious to the solution (PVC or neoprene) when handling freshly treated wood.

Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco.

Remove contaminated clothing and wash clothing before reuse.

Avoid contamination of food.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife.

Do not contaminate water when cleaning equipment or disposing of equipment washwaters or effluent.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

Do not use or mix with any reducing or oxidizing agents, since such mixtures may be explosive.

Do not use in conjunction with soap or any anionic wetting agent.

[RIGHT PANEL]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SENTRY is for use only to treat *Pinus radiata* logs that will be made into plywood. It is intended for use to control sapstain fungi and mold. Do not use before obtaining technical advice from supplier.

SENTRY is a concentrate that must be diluted before use. For treating debarked logs, prepare a working solution by mixing with water at a rate of 40 to 180 liters SENTRY concentrate per 1,000 liters of water. The working solution must be mixed thoroughly before and during use. Apply the working solution with a spray system that coats all surfaces of the log evenly and thoroughly.

Treated wood must not be used or placed where it may contact food or animal feed.

Distributors of any unregistered article containing this product may not make claims of antimicrobial activity for the product other than claims of protection of the article itself against discoloration. For further guidance on treated article label claims refer to 40 CFR 152.25(a) and any additional guidance or policies issued by the U.S. Environmental Protection Agency.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store product in original container in a secure area. Keep container closed except when in use.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

Container Disposal: Before disposal of empty plastic containers, triple rinse and drain them. Then offer containers for recycling or reconditioning, or puncture and dispose of them in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If disposal is by burning, stay out of smoke.
