U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (117505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

73617-1

Date of Issuance:

MAY 5 2004

Term of Issuance: Conditional

Name of Pesticide Product:

Provent-a-mite

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Pro Products
36 Split Rock Road
Mahopac, NY 10541

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of you product under FIFRA section 4.
2. **Make the following labeling changes:**
 - a) Revise the EPA Registration Number to read "EPA Reg. No. 73617-1"
 - b) Move "Vacate rooms after treatment and ventilate before reoccupying. Avid contamination of feed and foodstuffs. Do not allow children or pets to contact treated areas until surfaces are dry." from the Precautionary Statements section, to the Directions for Use section.
 - c) Add "Remove and wash contaminated clothing before reuse." to the Precautionary Statements section.

Signature of Approving Official:

George T. LaRocca, Product Manager (13), IB/RD (7505C)

Date:

- 3. Please submit two (2) copies of your final printed label for before your release the product for shipment. Please refer to the A-79 enclosure for a further description of final printed labeling. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact BeWanda Alexander of my team at (703) 305-7460.

Sincerely,

George T. LaRocca
Product Manager (13)
Insecticide Branch
Registration Division (7505C)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

Before spraying, remove amphibians, water and any desirable or food arachnids or insects from the vicinity. Vapors will kill spiders and insects. Do not use within the vicinity of any arachnids or amphibians. Do not use until these specimens are removed to another location. Do not apply to heating devices or heating device covers. **Do not allow reptile to breath vapors.** Do not use in bare cages without substrate. Treated substrate/enclosure will kill any feed insects introduced for at least 2 weeks. Treat or feed any insectivores in a separate cage. Do not spray directly in/on eyes, mouth or genitalia of pets. For direct application to tortoises only. Do not apply directly on snakes, lizards or other reptiles.

To kill mites and ticks in snake, lizard and tortoise cages or enclosures: Spray substrate, holding can 12" to 15" from surface being treated, at the rate of 1 second per ft². Ventilate the enclosure well until spray has completely dried and all vapors have dissipated. Replace reptile and water. Reapply this product every two to four weeks to prevent future reinfestations.

To Treat Tortoises Only: Hold can a few inches from skin. Spray directly into each leg opening with two "1" second bursts for large tortoises [plastron (the underneath) length of 6 inches or more] and one "1" second burst for small tortoises [plastron length of under 6 inches]. Avoid spraying eyes and genitalia areas. Do not exceed recommended dosage.

DISPOSAL: Do not puncture or incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Vacate rooms after treatment and ventilate before reoccupying. Avoid contamination of feed and foodstuffs. Do not allow children or pets to contact treated areas until surfaces are dry.

FIRST AID: If on skin or clothing: •Take off contaminated clothing. •Rinse skin immediately with plenty of water for 15-20 minutes. •Call a poison control center or doctor for treatment advice.

If in eyes: •Hold eye open and rinse slowly and gently with water for 15-20 minutes. •Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. •Call a poison control center or doctor for treatment advice.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.
