U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510-P)
1200 Pennsylvania Avenue N.W.
Washington, D.C. 20460

NOTICE OF PESTICIDE:

[X] Registration
Reregistration

(under FIFRA, as amended)

EPA Registration Number:

73671-1

Date of Issuance:

August 18, 2009

Term of Issuance:

Conditional

Name of Pesticide Product:

Crimson Chlor

Name and Address of Registrant (include ZIP Code):

Chemical Distributors, Inc.
80 Metcalfe Street
Buffalo, NY. 14206

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product (OPP Decision No. 413920) is registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and, submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Change EPA File Symbol 73671-R to EPA Registration Number 73671-1.

Submit one copy of the finished final printed label prior to releasing this product for sale.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the conditionally approved label is enclosed for your records.

### PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS

#### DANGER

**CORROSIVE.** May cause burns to eyes, skin, and mucous membranes. Causes eye damage. May be fatal if swallowed. Wear chemical safety goggles and rubber gloves when handling this product. Wash after handling. Avoid breathing vapors. Handle product in a well ventilated area.

#### ENVIRONMENTAL HAZARD

This pesticide product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

#### PHYSICAL OR CHEMICAL HAZARD

**STRONG OXIDIZING AGENT.** Mix only with water according to label directions. Mixing this product with chemicals (e.g. ammonia, acids, detergents, etc.) or organic matter (e.g. urine, feces, etc.) will release chlorine gas, which is irritating to eyes, lungs, and mucous membranes.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

##### DIRECTIONS FOR SANITIZING FOOD PROCESSING OR DAIRY EQUIPMENT:

Clean equipment in a normal manner. Just before using; rinse all surfaces thoroughly with sodium hypochlorite solution containing 200 ppm available chlorine. Maintain contact with disinfectant for a minimum of two (2) minutes. Allow to air dry. Do not rinse with water after treatment with sodium hypochlorite solution. Do not soak overnight. Addition of one (1) fluid ounce (2 tablespoons) of this sodium hypochlorite solution per 5 gallons of water will provide approximately 200 ppm available chlorine by weight.

##### DIRECTIONS FOR EGG SHELL SANITIZER:

For sanitizing clean shell eggs intended for food use, dilute this product to obtain a 200 ppm available chlorine solution. Temperature of solution should be at least 30 degrees F. warmer than eggs but not more than 130 degrees F. Suggested temperature of solution is 110-125 degrees F. Apply solution by spraying so as to wet eggs thoroughly for a contact time of one (1) minute. If solution is re-circulated, prepare a new solution daily or if solution falls below 50 ppm available chlorine as determined by a chlorine test kit.

##### DIRECTIONS FOR FRUIT AND VEGETABLE WASH:

For in-plant chlorination of water used for washing fruits and vegetables, use a chlorinator to obtain a 25 ppm available chlorine residual in wash water as determined by a chlorine test kit. Addition of 5 ounces of this product per 200 gallons of water will provide approximately 25 ppm available chlorine by weight. Products must be thoroughly rinsed with potable water after treatment.

##### DILUTION GUIDE FOR USE CRIMSON CHLOR CHLORINATING SOLUTION:

Chlorine to Water = PPM Chlorine  
1 ounce to 40 gal. = 25 ppm  
1 ounce to 20 gal = 50 ppm  
1 ounce to 10 gal = 100 ppm  
1 ounce to 5 gal = 200 ppm

#### STORAGE AND DISPOSAL:

**DO NOT contaminate water, food or feed by storage and disposal or cleaning of equipment**

##### PESTICIDE STORAGE:

Store this product in a cool, dry area away from direct sunlight and heat to avoid deterioration. In case of spill, flood area with large quantities of water

##### PESTICIDE DISPOSAL:

Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer.

##### CONTAINER HANDLING:

Refillable container. Refill this container with Sodium Hypochlorite only, DO NOT reuse this container or use for any other purpose. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the re-filler. To clean the container before final disposal, triple rinse with water to remove all residue. Return empty container to supplier or offer for recycling if available. If partly filled, call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
