**Subject Amended Reregistration Label Armix™
D413138
EPA Reg No 73745 2**

Dear Ms Rodriguez Koster

The Agency in accordance with the Federal Insecticide Fungicide and Rodenticide Act (FIFRA) as amended has completed reviewing all of the information submitted with your application to support the reregistration of the referenced product in connection with the **Permethrin RED** and has concluded that your submission is acceptable

PLEASE NOTE This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time

PLEASE NOTE That the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below Any previously dated CSF s are superseded

Basic CSF dated March 23 2011

A copy of your label stamped Acceptable is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first must bear the new revised label Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions If these conditions are not complied with the registration will be subject to cancellation in accordance with FIFRA sec 6(e)

If you have any questions about this letter please contact Linda A DeLuise at (703) 305 5428 or via e mail at deluise linda@epa gov or Mr Richard J Gebken at (703) 305 6701 or via e mail at Gebken Richard@epa gov

Sincerely yours

Richard Gebken

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

ARINIX™ is specially formulated plastic that contains an insect repellent ARINIX™ effectively repels Red Imported Fire Ants spiders (except Black Widow and Brown Recluse) ants (except carpenter and pharaoh) beetles moths and silverfish ARINIX™ is available in several shapes and sizes and can be used in applications in which prevention of the above pests is needed Examples of applications include AC cable or power line cords base or door trim on electrical power supply boxes transmitter boxes and vending machines transformer control relay wiring boards security or fire alarms monitoring cameras and sensors ventilation openings around building foundations home or office ventilation security home or office entrance exit window or cargo door sewage and sewer or drainpipes electrical switches and sensors used to control irrigation devices lighting and HVAC systems

To Use Remove the plastic bags holding ARINIX™ from the cardboard box container Then open the plastic bag and remove for installation onto target area Apply enough product to provide a continuous barrier around the perimeter or circumference of the application surface and in such a manner that no space exists between the product and the surface to which it is being applied Do not place product in exposed locations where there is likely to be direct contact with children or pets Replace ARINIX™ containing plastic as necessary

Laboratory tests conducted with ARINIX™ under accelerated aging conditions showed that ARINIX™ is effective for five years Sunlight dirt and grime may reduce residual efficacy during use Keep ARINIX™ parts clean and Do Not paint ARINIX™ parts

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE Store in original package in a cool, dry, ventilated area and away from children.

PESTICIDE DISPOSAL To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).

CONTAINER DISPOSAL Nonrefillable container. Do not reuse or refill this container. Then offer for recycling if available or puncture and dispose of in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.
