ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not contaminate feed or foodstuffs.

Place baits in areas inaccessible to children and pets.

[Gourmet Ant Bait Gel may be used in Ant Café or other similar bait stations.]

For use in and around homes, apartments, condominiums, schools, hospitals, restaurants, grocery stores, non-food areas of food processing plants, boats cruise ships, institutional and commercial buildings, nursing homes, hotels and warehouses.

[OPEN PLACEMENT METHOD NOT TO BE USED IN CALIFORNIA]

Indoor: Use Gourmet Ant Bait Gel for the control of ants or German Cockroaches[.or .][make long thin lines in areas where ants are a problem. Use 1-3 lines for each placement.] Place baits where ants are trailing or have been seen. Place bait under food cabinets, sinks, stoves, refrigerators, food storage areas, attics, garages, basements, storage areas, closets, etc.

Outdoor: Place on exterior window-sills and in doorways to help prevent entry of ants.

Wash hands thoroughly before handling bait to remove any odors that may be repellent to ants, i.e. tobacco, garlic, strong chemicals/ cleaners etc. Remove as many competing food sources as practical. Ants are attracted to and will feed on Gourmet Ant Bait Gel until they die. The ants will return to their nests after consuming the bait and will feed their young and the queen. Repeat placement of the bait until satisfactory control has been achieved.

4087

[To use [Ant Café or Ant Café "L"] bait station; open the lid, add Gourmet Ant Bait Gel until station is at least half full, close lid [For the Ant Café "L" bait station add] , keep the entry hole above the level of the bait inside,]and place according to directions for use.

See pictures for further information. Optional: (insert pictures filling of Ant Café or Ant Café "L")]

Do not use sprays, foggers or any strong chemicals or cleaners near the bait containers or placements. This may contaminate the bait and cause the insects to cease feeding.

Snap (Snap open bait station) Operating instructions

Station consists of 2 pieces; the pre-filled bait cartridge and the cradle.

To activate-

1. Slide bait cartridge towards open end of cradle until the top edge of the cartridge disengages from the track on the cradle.
2. Deflect the front end of the top of the bait cartridge upwards until the cartridge snaps open to reveal the entry to the station.
3. Continue to deflect the front of the bait station top 180°, so that the deflected portion of the station fits flat against the top of the cartridge.
4. Slide the cartridge forward in the cradle, so that the tracks on the cradle trap the deflected portion of the station in an opened position.
5. Continue to push the cartridge forward until it is stopped by the front of the cradle.
6. Place according to placement directions on the label]

Prefilled Bait Cartridge

Ant Café “L” Bait Station [Editor Note: the name of the Unit may change throughout the label]

OPTIONAL BAIT STATION (Ant Café “L”)

[The Ant Café “L” bait station may be used with Gourmet Ant Bait Gel in the same manner as the Ant Café bait station.] (Optional)

[Optional- pre-filled Station Use Directions]

[The Ant Café “L” prefilled bait station can be activated by removing the seal that covers the entryway on the side of the bait station.

Once the seal is removed, keep the entry hole above the level of the bait inside. For use and placement follow directions for Ant Café Bait station noted above. (Optional)]

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal of this product.

STORAGE: Store product in original container in a cool dry place out of reach of children. Do not allow product to freeze.
