**SUBJECT: Gourmet Ant Bait, EPA Reg. No. 73766-2  
Notification per PR Notice 98-10  
Addition of California-Specific Use Restriction**

Dear Mr. Johnson:

On behalf of our client, Innovative Pest Control Products (IPCP), Compliance Services International (CSI) submits herewith the following notification:

- Under Directions for Use, add the use restriction: "(OPEN PLACEMENT METHOD NOT TO BE USED IN CALIFORNIA)"

No other changes have been made to the label except those required in your letter dated 2 May 2003 which accompanied the latest stamp-approved "with comments" label.

Enclosed please find a completed EPA Form 8570-1 and one copy of the label. The use restriction text has been underlined for your convenience.

Should you have any questions about this submission, please contact me at 703/415-4600.

Sincerely,

**COMPLIANCE SERVICES INTERNATIONAL**

NOTIFICATION  
MAY 23 2003

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling

**Notice:** Buyer and user assume all the risk and liability of use, storage and/or handling of this product not in accordance with terms of this label.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal of this product.

**Storage:** Store product in original container in a cool dry place out of reach of children. Do not allow product to freeze.

**Disposal:** If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Do not contaminate feed or foodstuffs. Place baits in areas inaccessible to children and pets.

For use in and near homes, apartments, condominiums, schools, hospitals, restaurants, grocery stores, food processing plants, boats, cruise ships, institutional and commercial buildings, nursing homes, hotels and warehouses

Gourmet Ant Bait may be used at full strength, diluted with distilled water at ratios of 1:1 or 1:3 to make baits containing 1% or .5% active ingredient that is effective on a variety of ants. Bait may be used in "Ant Café", "Ant Café RTU" (Ready To Use), "Ant & Roach Buffet" or other similar bait stations. If using bait stations, wash hands thoroughly before handling to remove any odors that may be repellent to ants, i.e. tobacco, garlic, strong chemicals/ cleaners etc.

Bait stations may be placed on the floor, affixed to a wall, hung on pipes or branches, or placed on a flat surface where ants are trailing or have been seen. Place stations under food cabinets, sinks, stoves, refrigerators, food storage areas, attics, garages, basements, storage areas, closets, etc. Place on exterior windowsills and in doorways to help prevent entry of ants.

**(OPEN PLACEMENT METHOD NOT TO BE USED IN CALIFORNIA)**

Gourmet Ant Bait can also be used to make small, pea-sized placements and/or long thin lines in areas where ants are a problem.

Ants are attracted to and will feed on Gourmet Ant Bait until they die. The ants will return to their nests after consuming the bait and will feed their young and the queen destroying the colony. Repeat placement of the bait until satisfactory control has been achieved.

Do not use sprays, foggers or any strong chemicals or cleaners near the bait containers or placements. This may contaminate the bait and cause the insects to cease feeding.
