Subject: Intace Fungicide B-6773
EPA Registration Number 74075-1
Your Amendment Dated October 3rd, 2006
EPA Received Date October 10th, 2006

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, FIFRA, as amended, to increase the dosage level from "1500 ppm to 2500 ppm" under the subheading, "Paper and Paperboard Applications", is acceptable.

A stamped copy of the labeling is enclosed for your records.

If you have any questions concerning this letter, please contact Karen M. Leavy-Munk at (703)-308-6237.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Swindell".

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Do not get in eyes or clothing. Wear protective eyewear (goggles, face shield). Harmful if inhaled. Avoid breathing spray mist. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID	
Call a Poison Control Center or doctor for treatment advice.	
If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
If Swallowed	<ul style="list-style-type: none"> • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If Inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For Medical Emergency ONLY call: 24 Hour Emergency Response Number	

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Intace Fungicide B-6773 is intended for use as an industrial mildewcide for the control of fungal growth in [paper and paperboard applications] exterior and interior paints and coatings, adhesives, caulks, and sealants. Because it is a blend of active ingredients, Intace Fungicide B-6773 is a broad spectrum fungicide that will remain active in suppressing mold growth for a long period of time.

NOT FOR USE IN PAPER, PAINTS, COATINGS, ADHESIVES, CAULKS, OR SEALANTS THAT WILL COME IN CONTACT WITH FOOD.

Paper and Paperboard Applications

Intace Fungicide B-6773 is for use in industrial applications for nonfood-use paper and paperboard including:

- packaging soap bars
- manufacturing file folders, boxes and other storage devices for items to be stored long periods
- coverings for insulation, wallboard and other construction materials
- bottle labels and other labels

Use at levels of 350 ppm – 2500 ppm active ingredient in the paper **Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No.**

Paints, Coatings, Adhesives, Caulks, Sealant applications
Add Intace Fungicide B-6773 to the coating solution at levels of 2 gallons/1000 gallons to 20 gallons /1000 gallons.

The product is chemically inert and will not react with the other ingredients in the solution. The exact concentration level will depend on the substance to be protected, the fungal hazard, and the duration of the product desired. It is the responsibility of the formulator to test Intace Fungicide B-6773 for optimum dosage levels and to determine compatibility and suitability for the intended use.

This product must not be formulated into a product intended as a mildewcidal paint additive designed for direct sale to retail customers, e.g., in "pillow pack" or other small volume or one-use package.

This product must not be used to formulate products for use as in-container preservatives.

[Statements in brackets are optional and may appear anywhere on the label, italicized bracketed statements indicate comments that will not appear on printed label.]

5/5

This product may only be formulated into mildewcidal paint additive products that are labeled as follows:

This product may only be added to paint products that are labeled, a) with product specific instructions for the use of a respirator during application, or b) as follows: "When applying with a sprayer, wear a dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C), or a NIOSH approved respirator with any R, P, or HE filter. If oil is not present in the paint product or recommended for use as an additive in the paint product, add "N" as an additional respirator type."

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water.

Pesticide Disposal: Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
