Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment.

a. Add the phrase "EPA Registration No. 74126-1".

The Agency recently revised its First Aid recommendations for pesticides. It is now recommended that the First Aid section should read as follows:

STATEMENT OF PRACTICAL TREATMENT

First Aid

Call a Poison Control Center or a physician immediately.

If an exposure occurs or is suspected, immediately initiate the following procedures. If further treatment is needed, contact a Poison Control Center or medical staff. Provide accurate information on the patient's symptoms, extent and time of exposure.

If Swallowed: Provided the patient is conscious induce vomiting immediately by drinking 2 glasses of water and touching back of throat with finger or as directed by medical personnel. If vomiting occurs give water again. Avoid inhalation of vomitus by leaning forward with head down. Get medical attention immediately. Show the container, label or Data Sheet.

If on Skin: Wash contaminated areas thoroughly with soap and water. Do not reuse contaminated clothes or foot ware until washed or thoroughly cleaned. Get medical attention if irritation persists.

If in Eyes: Flush with copious amounts of clean water for 10 - 15 minutes. Irrigate with eyewash solution or clean water, holding eyelids apart, for at least 15 minutes. Remove any contact lenses and continue flushing for at least 15 minutes. Get medical attention, if irritation persists.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Wastes generated through use of this product that cannot be used or chemically reprocessed should be incinerated or disposed of in a landfill approved for pesticide disposal according to Federal, state, and local regulations.

CONTAINER DISPOSAL: Triple rinse (or equivalent) and offer for recycling or reconditioning or render the container unuseable by puncturing or crushing and dispose of in a sanitary landfill or in a manner allowed by state and local authorities.
