Ms. Jean Killoren
Authorized Agent
CoreTex Products, Inc.
c/o Jean Killoren
316 Highland Ave.
Hartford, WI 53027

Subject: Label Amendment – Addition of optional marketing claims stating that this product repels mosquitoes that may transmit/carry zika virus, dengue, chikungunya, and St. Louis encephalitis, eastern equine, western equine, LaCrosse, and Cache Valley encephalitis
Product Name: BugX 30
EPA Registration Number: 74289-1
Application Date: February 16, 2016
Decision Number: 514054

Dear Ms. Killoren:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Tim Ciarlo by phone at 703-347-8082, or via email at Ciarlo.Timothy@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. S.', with a long horizontal stroke extending to the right.

**PRECAUTIONARY STATEMENTS:**

HAZARD TO HUMANS - WARNING: Causes substantial but temporary eye injury. Harmful if swallowed. Do not get in eyes. Use of this product may cause skin reactions in rare cases. Wash hands thoroughly with plenty of soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

[Note to reviewer: Boxed format and bullets will be used in First Aid section if label space permits. If label space is limited a paragraph format will be used.]

FIRST AID	
If swallowed:	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have a person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If in eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
<p>Call a poison control center or doctor for further treatment advice. Have the product label with you when calling a poison control center or doctor, or going for treatment. For additional information on this product (including health concerns, medical emergencies or pesticide incidents). You may call 1-800-xxx-xxxx.</p>	

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **Read and follow all directions and precautions on this product label.**

[Note to reviewer: Alternate packaging for: tube, pump, or squeeze bottle.]

[Pump:]

Shake well before using. Evenly apply to skin before exposure to insects. If used on the face, spray on hands first then apply sparingly and avoid eyes. Do not spray directly onto face. Do not apply near eyes and mouth.

[Tube, squeeze bottle:]

Evenly apply to skin before exposure to insects. If used on the face, spray on hands first then apply sparingly and avoid eyes. Do not spray directly onto face. Do not apply near eyes and mouth.

Use just enough product (repellent) to cover exposed skin and/or clothing. Avoid over-application of this product. Do not apply over cuts, wounds or irritated skin. Do not use under clothing. Apply sparingly around ears. Do not apply to children's hands. Do not allow children to apply this product. When using on children, apply to your own hands and then put the product on the child. Wipe palms after applying. Use of this product may cause skin reactions in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin, and call your local poison control center. If you go to a doctor, take this repellent product with you. After returning indoors wash treated skin with soap and water. Wash treated clothing before wearing it again.

(May damage certain synthetic fabrics, plastics, watch crystals, leather, and painted or varnish surfaces. Will not damage

nylon, polyester, Dynel, Nalgene®, cotton or wool.)

[Note to reviewer: Boxed format will be used if label space permits. Paragraph format will be used if label is small.]

STORAGE AND DISPOSAL:

PESTICIDE STORAGE: Keep this product in its tightly closed original container, when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals. **CONTAINER HANDLING:** Non-refillable container. DO NOT REUSE OR REFILL THIS CONTAINER. *If empty:* Place in trash or offer for recycling if available. *If partly filled:* Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

EPA Reg. No.: 74289- 1
