Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the labeling changes listed below before your release the product for shipment:
 - a. Revise the "EPA Registration Number to read, EPA Reg No. 74331-2."
 - b. Delete "windows and computer hardware" from the label.
 - c. Delete the entire statement at the bottom of the label that makes reference to 40 CFR 152.3, use sites, e.g hospitals, human, pets, toxicity, DIS/TISS, etc.....

- f. Since this a toxicity IV category product, delete the precautionary statement heading and it's instruction from the label. However, if you desire to keep the statement, the heading must be revised to read as follows:

PRECAUTIONARY STATEMENT
HAZARDS TO HUMAN AND DOMESTIC ANIMALS
CAUTION

and you may use toxicity category III precautionary statement labeling

- g. The establishment number must be listed on the label.
3. You must submit a new enforcement analytical method (GRN 830.1800), and the preliminary analysis report (GRN 830.1700) for the subject product, conducted in accordance with the Good Laboratory Practice, 40 CFR § 160 by June 14, 2006.
4. Submit three copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,
