U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg.
Number:

74413-1

Date of Issuance:

SEP 22 2002

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration

(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

Ant-Be-Gone Sweet Ant
Gel Bait

Name and Address of Registrant (include ZIP Code):

Stingers Pest Control, Inc.
965 N. Nob Hill Rd. #174
Plantation, FL 33324

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec.3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).

1. Make the following label changes:

a. Change the label by revising the EPA Registration Number to read, "EPA Reg. No.74413-1".

b. With regard to PR Notice 2001-6, modify your Directions for Use Disposal section instructions to read:

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or [toll free number which meets the criteria in paragraph II.E. in PR Notice 2001-6] for disposal instructions. Never place unused product down any indoor or outdoor drain.

(See next page)

Signature of Approving Official:

Date:

Marion J. Johnson, Jr., Acting Chief,
IB/RD

Reg. Notice 74413-1 continued:

c. The "Keep Out of Reach of Children" (KOROC) statement should be relocated above the Precautionary Statements subheading and instructions. In doing so, ensure that signal word "CAUTION" is placed immediately below the KOROC statement, and repeated immediately under the Hazards to Humans and Domestic Animals subheading.

d. In the "IF IN EYES" section of the Precautionary Statements, modify the term "rising" to read, "rinsing".

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A handwritten signature in dark ink, appearing to be "M. F. Johnson", is written in a cursive style.

**PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC ANIMALS**

KEEP OUT OF REACH OF CHILDREN

CAUTION

Harmful if swallowed or absorbed through the skin. Causes eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an Unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

STORAGE AND DISPOSAL

STORAGE: Store only in a dry place inaccessible to children and pets.

DISPOSAL: Do not reuse empty container. Rinse thoroughly. Securely wrap in newspaper and discard in trash.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with it's labeling.

Sugar Ants are usually found in kitchens and bathrooms, and will often appear to be randomly searching for food. **ALL BAIT PRODUCTS WORK BEST WHEN COMPETING SOURCES OF FOOD ARE SEALED UP AND PUT AWAY.** This product is designed for use on Ghost Ants and other sweet feeding ants.

FOR USE: Homes, Apartments, Condominiums, Schools, Hospitals, Restaurants, Grocery Stores, Food Processing Plants, Boats, Cruise Ships, Institutional and Commercial Buildings, Nursing Homes, Hotel and Warehouses.

BAITING: Bait ants close to their points of entry and along the trail. To maximize the amount of feeding surface, the bait placements should be made in **THIN** (1/8" wide) lines, 1-2 inches long. Use 1-3 bait lines (approx. 1/2ml) per entry point. Once baiting is done, lightly blow on the ants feeding on the prebait spot to disperse them, then wipe up the prebait spot. Any bait remaining after 24 hours should be removed with warm water and paper towel. Rebait as needed. A follow up treatment of entry points with a non-repellent dust is recommended. **NOTE:** results are enhanced if the same procedures is used to bait around the exterior of the structure.

Ant-Be-Gone thick, no-drip formula allows for easy baiting up and away from counter surfaces, out of your customer's sight and in areas inaccessible to children and pets. **Ant-Be-Gone** can be use on vertical or horizontal surfaces including, but not limited to the edges and tops of cupboards, cabinets, along window and door frames, and corners where wall and ceilings meet. Avoid treating readily visible unfinished or porous surfaces as some watermarking may occur. Do not use in the edible product areas of food handling establishments or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Avoid contamination of feed and foodstuffs.
