Attention: Adrian Van Ineveld
Regulatory Manager

Subject: Penetrator 200-5000
EPA Reg. No. 74436-1
Amendment Application Date: March 20, 2008
EPA Received Date: March 24, 2008

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided the following changes are incorporated in the labeling:

- In the **PRECAUTIONARY STATEMENTS** section, after the statement "Harmful if inhaled", insert the following language: "**Do not breath the vapor or spray mist**".
- In the **PRECAUTIONARY STATEMENTS** section, after the wording "handling and before eating..." insert the following language: "**drinking, chewing gum or using tobacco**". Remove and Wash contaminated clothing before reuse".
- In the **ADDED PRECAUTIONARY STATEMENTS FOR FINISHED BLENDS** section, insert the following language in the beginning of the statement: "**Do not breath vapor or spray mist**".
- Specific organisms, particularly those in which efficacy testing were conducted on this product to support the disinfection claim, needs to be included in the labeling.

If you have any questions concerning this letter, please contact Demson Fuller at (703) 308-8062.

Sincerely,

A handwritten signature in cursive script that reads "M Swindell".

or using tobacco. Remove & wash contaminated

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against shock, respiratory depression, and convulsion may be needed.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normal sterile areas of the body.

ADDED PRECAUTIONARY STATEMENTS FOR FINISHED BLENDS:

May cause respiratory tract irritation. If inhaled, move to fresh air. If breathing becomes labored consider oxygen, get medical attention. Give rescue breathing if breathing stops, get medical attention.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Have person promptly drink large quantities of water. Do not give anything by mouth to an unconscious person. Do not induce vomiting. Call poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferable mouth to mouth, if possible. Call Poison Control Center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, AND FEED BY STORAGE OR DISPOSAL

Product should be kept in the original container in a cool dry area not susceptible to UV light. Sealed containers exposed to fire may burst. Do not store in metal containers. Store product containers in an upright position. Avoid creasing or impacting of sidewalls.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray, or mixture of rinsate is a violation of Federal Law. If these wastes cannot be disposed of by user according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

ENVIRONMENTAL HAZARDS: Material is naturally biodegradable. For small spills, flush with copious amounts of water. Keep out of water supplies.

TO PREPARE AND USE FINISHED BLEND

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Mixing and Usage Instructions: DO NOT MIX IN METAL CONTAINERS

Pour the complete contents of the EasyDECON Part 1 (EPA Reg. No. 74436-1) container into a mixing container (plastic or glass), large enough to hold all three components when completely mixed. Add the complete contents of the EasyDECON Part 2 (EPA Reg. No. 74436-2) container into the mixing container holding EasyDECON Part 1 (EPA Reg. No. 74436-1) and stir the solution until it is thoroughly mixed (15 - 20 seconds). Add the complete contents of the Booster container into the mixing container holding EasyDECON Part 1 (EPA Reg. No. 74436-1) and EasyDECON Part 2 (EPA Reg. No. 74436-2) and stir the solution until it is thoroughly mixed (15 - 20 seconds). The mixture is now ready to apply

FOR USE ON: Floors, counters, bathroom fixtures and surfaces, painted wood surfaces, exterior surfaces of refrigerators, stoves, etc. by thoroughly wetting with an application device such as a brush, mop, coarse sprayer or foam applicator. Apply the mixture at the rate of 1 gallon per 30,000 cubic feet (1L/225M³) as a coarse spray. Apply the mixture at the rate of 1 gallon per 85 square feet (1L/2M²) for liquid and foam applications.

Contact time for contaminated surfaces: After using one of the above methods to apply the mixture, keep the surfaces wet for 10 minutes. The mixture must be reapplied if it dries out or becomes diluted by any liquid during the 10 minute contact time.
