b) Revise the precautionary statement to read:

HAZARDS TO HUMAN AND
DOMESTIC ANIMALS
DANGER

Corrosive. Causes irreversible eye damage. Causes skin irritation. Harmful if inhaled. Do not get in eyes, on skin on clothing. Wear protective clothing such as safety glass, chemical resistant gloves. Wash thoroughly with soap and water after handling and before eating.

c) Revise the following to the First Aid statement to read:

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or and ambulance, then give artificial respiration, preferable mouth to mouth, if possible. Call Poison Control Center or doctor for further treatment advice.

3. Submit five (2) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A 12 month storage stability study ^{met} ~~should~~ be submitted.

A stamped copy of the label is enclosed for your records.

Sincerely,

Marshall Swindell
Product Manager 33
Regulatory Management Branch I
Antimicrobials Division (7501C)

Enclosure

Only for use when added to Fortifier (EPA Reg. No.) and Fortifier-Booster.

For Use in Institutional/Industrial/Home
Disinfection of Hard Non-Porous Surfaces.

Fortifier 200-0300

Active Ingredient:

Hydrogen Peroxide 8.00%

Inert Ingredients: 92.00%

Total: 100.00%

KEEP OUT OF REACH OF CHILDREN

DANGER

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND

DOMESTIC ANIMALS

IRRITANT:

Causes eye and skin irritation/damage. Do not get in eyes, on skin, or on clothing. Wear protective goggles and rubber gloves for the surfaces being disinfected or when handling.

Harmful if swallowed.

ADDED PRECAUTIONARY STATEMENTS FOR FINISHED BLEND:

May cause respiratory tract irritation. If inhaled, move to fresh air. If breathing becomes labored consider oxygen, get medical attention. Give rescue breathing if breathing stops, get medical attention.

FIRST AID

If in eyes:

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after 5 minutes and continue rinsing the eyes. Call poison control center or doctor for treatment advice.

If inhaled:

May cause respiratory tract irritation. Move to fresh air. If breathing becomes labored consider oxygen, get medical attention. Give rescue breathing if breathing stops, get medical attention.

If swallowed:

Have the person promptly drink large quantities of water. Do not give anything by mouth to an unconscious person. Do not induce vomiting. Call poison control center or doctor for treatment advice.

If on skin or clothing:

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.

FOR EMERGENCY MEDICAL INFORMATION CALL TOLL FREE:

1-800-338-3626.

Have the product container or label with you when calling the poison center, or doctor, or going for treatment. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against shock, respiratory depression, and convulsion may be needed.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normal sterile areas of the body.

ENVIRONMENTAL HAZARDS:

Material is naturally biodegradable. For small spills, flush with copious amounts of water. Keep out of water supplies.

TO PREPARE AND USE FINISHED BLEND

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Mixing & Usage Instructions:

DO NOT MIX IN METAL CONTAINERS

Pour the complete contents of the EasyDECON™ Penetrator (EPA Reg. No.) container into a mixing container (plastic, glass), large enough to hold all three components when completely mixed.

Add the complete contents of the EasyDECON™ Fortifier (EPA Reg. No.) container into the mixing container holding the EasyDECON™ Penetrator (EPA Reg. No.) and stir the solution until it is well mixed (1-2 minutes). Add the complete contents of the EasyDECON™ Fortifier-Booster container into the mixing container holding the mixed EasyDECON™ Penetrator (EPA Reg. No.) Fortifier (EPA Reg. No.) and stir the solution until it is well mixed (1-2 minutes). The EasyDECON™ 200-5300 Tertiary Blend Liquid Disinfectant is now ready to apply.

For Use on:

Floors, counters, bathroom fixtures and surfaces, painted wood surfaces, exterior surfaces of refrigerators, stoves, etc., by thoroughly wetting with an application device such as a brush, mop, or sprayer, or foam applicator. The mixture may be applied as

It must be applied at the rate of 1 or more gallons per 75 square feet (0.5L/M²), with a foam depth of ~2".

Contact time for contaminated surfaces:

After using one of the above methods to apply the EasyDECON™ 200-5300 Tertiary Blend Liquid Disinfectant, keep the surface wet for 10 minutes. The EasyDECON™ 200-5300 Tertiary Blend Liquid Disinfectant must be re-applied if it dries out or becomes diluted by any liquid during the 10 minute contact time.

STORAGE AND DISPOSAL

**DO NOT CONTAMINATE WATER, FOOD,
OR FEED BY STORAGE OR DISPOSAL**

Product should be kept in its original container in a cool dry area not susceptible to UV light. Sealed containers exposed to fire may burst. Do not store in metal containers. Store product container in an upright position. Avoid creasing or impacting of sidewalls.

PESTICIDE DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray, or mixture of rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL:

Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.
