Subject: Supplemental Label (add directions for hooded sprayers and wick bar applicators, add marketing statement)

Helmquat 3SL
EPA Reg. No. 74530-48
Application Dated December 22, 2010
Resubmissions Dated February 11 & 15, 2011

Dear Mr. Wixson:

The supplemental labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable.

At your next label printing, or within eighteen (18) months of the date of this letter, whichever comes first, you must incorporate this supplemental labeling into the main product labeling.

A stamped copy of your label is enclosed for your records. You must submit one (1) copy of the final printed label before you release the product for shipment. Products shipped after eighteen (18) months from the date of this letter or the next printing of the label, whichever occurs first, must bear the new revised label. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA §6(e). Your release for shipment of the product constitutes acceptance of these conditions.

If you have any questions regarding this action, please contact Mindy Ondish by phone at (703)605-0723 or by email at ondish.mindy@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis", written over a circular stamp or mark.

Kable Bo Davis

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

This label must be in the possession of the user at the time of application.

PRODUCT INFORMATION

This product can be used in hooded sprayers and wick bar applicators for post emergent control of escaped weeds in cotton and soybean such as pigweed and other weeds listed in the weeds controlled section of the label. This product will injure or kill any plant surface it contacts so do not allow the product to be sprayed or drip onto the crop or desirable vegetation. Care must be taken to keep hoods and wick bars in good operating condition. **This product will control glyphosate resistant weeds.**

USE INSTRUCTIONS

This product will control many troublesome weeds when applied under a hood or in a wick bar in a manner where the target weed is contacted and the desirable vegetation or crop is protected.

Hooded Sprayers: Apply this product at a rate of 1 pint per acre in at least 5-10 gallons of water. Use a spray surfactant of at least 80% active at a rate of 0.25% v/v, or a crop oil concentrate at 0.5% v/v. Do not allow spray to come into contact with desirable crop or vegetation. Take care to get as much coverage on the target weed as possible.

Wick Bar Applicators: Apply this product thru a wick bar applicator in a solution of at least 50% v/v. Do not allow the solution to drip onto desirable vegetation. Use a surfactant of at least 80% activity at a rate of 0.25%.

Tank Mix Combinations for Hooded Sprayer Application: This product may be applied in combination with products such as Caparol® (prometryn), Diuron, Cotoran® (fluometuron). See the manufacturer's label for appropriate rates by weed species and weed size.

PRECAUTIONS/RESTRICTIONS

DO NOT ALLOW THESE APPLICATIONS TO CONTACT DESIRABLE VEGETATION OR CROPS. DO NOT MAKE MORE THAN 3 APPLICATIONS PER YEAR.

WEEDS CONTROLLED

For specific rates of application and instructions for various annual and perennial weeds, refer to the label booklet. For control of difficult to control weeds, tank mixes with other herbicides may be added. See the Tank Mixing part of the product label.

CONDITIONS OF SALE AND WARRANTY

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, HELM AGRO US, INC. ASSUMES NO RESPONSIBILITY FOR CROPS OR DESIRABLE VEGETATION INJURED BY THESE APPLICATIONS.

WARRANTY STATEMENT

HELM AGRO US, INC. warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of HELM AGRO US, INC. To the extent consistent with applicable law, HELM AGRO US, INC. shall not be liable for consequential, special, or indirect damages resulting from the use or handling of this product. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer. In addition to the foregoing, no purchaser of this product (other than an end user) shall be entitled to any reimbursement for any loss suffered as a result of any suspension or cancellation of the registration for this product by the U.S. Environmental Protection Agency. Except as expressly provided herein, HELM AGRO US, INC. makes no warranties, guarantees, or representations of any kind, either expressed or implied, or by usage of trade, statutory or otherwise, with regard to the product sold, including, but not limited to merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage. To the extent consistent with applicable law, the exclusive remedy of any buyer or user of this product for any and all losses, injuries, or damages resulting from or in any way arising from the use, handling, or application of this product, whether in contract, warranty, tort, negligence, strict liability, or otherwise, shall be damages not exceeding the purchase price paid for this product or, at HELM AGRO US, INC.'s election, the replacement of this product.
