MAR - 5 2008

Term of Issuance:

Conditional

Name of Pesticide Product:

Klor 300 Chlorine Base Sanitizer

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

ChemMark of Long Beach
11838 Western Avenue
Stanton, CA 90680

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Revise the "EPA Registration Number to read, "EPA Reg. No. 74564-2".
 - b. Add "Dispenser should be set to deliver 6cc of product per gallon of water to provide 100 ppm available chlorine.

Klor 300 Chlorine Based Sanitizer
EPA Reg. No. 74564-2

- c. Remove "Statement of Practical Treatment" from the label.
- d. Revise the First Aid statement as follows:

If in Eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a Poison Control Center or doctor for treatment advice.

If on Skin or Clothing:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a Poison Control Center or doctor for treatment advice.

If Swallowed:

- Call a Poison Control Center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a Poison Control Center or doctor.
- Do not give anything by mouth to an unconscious person.

"Note to Physician: Probable mucosal damage may contraindicate the use of gastric-lavage."

"Have product container or label with you when calling a Poison Control Center or doctor for treatment advice"

- e. Move the "Storage and Disposal" section under the **Precautionary Statements** heading.

3. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Klor 300 Chlorine Base Sanitizer
EPA Reg. No. 74564-2

The Agency is moving away from review of paper submitted registration applications to electronic review of applications. Therefore, we need your help to make this an efficient and convenient process for both you and the Antimicrobials Division. Accordingly, we are asking you to submit future labeling amendments for this product via the electronic labeling process. Refer to the following website for guidance on electronic submissions, including label:

http://www.epa.gov/oppfead1/eds/esr_guidance.htm#overallsub. If you have questions concerning electronic labeling, a list of contacts is available at the following site: <http://www.epa.gov/oppfead1/eds/edsgoals.htm#contacts>

Sincerely,

Emily Mitchell

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING

KLOR 300 is to be used only in connection with the Low Temperature commercial dish washing system which is developed to wash and sanitize institutional dishware. This product is not for sale or to be used for any other purpose than in connection with the Low Temperature commercial machines, and equipment.

FOR SANITIZING TABLEWARE IN LOW TEMPERATURE DISHWASHING MACHINE. Remove gross food particles and soil by pre-flush, or pre-scrape and, when necessary, pre-soak treatment. Then place wares in dishwasher. Be sure dishwasher is dispensing proper type and amount of detergent. Dispense KLOR 300 into final rinse water at 100 ppm of available chlorine. Only a qualified service representative should set or adjust dispenser on the machine. Do not use on Sterling Silver or Silver Plate.

NOTE: This product degrades with age. Use a chlorine test kit and increase dosage, as necessary, to obtain the required level of chlorine. ChemMark trained servicemen test chlorine levels on every visit.
