

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Avenue NW
Washington, D.C. 20460

EPA Reg.

Number:

74681-15

Date of

Issuance:

JUN 22 2010

Term of Issuance:

Conditional

Name of Pesticide Product:

Shelter Island

NOTICE OF PESTICIDE:

- x Registration
Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Donald Schnurr
Blue Water Marine Paint
1999 Elizabeth Street
North Brunswick, NJ 08902

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(a) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
a. Revise the "EPA Registration Number to read, "EPA Reg. No. 74681-15".

Date:

JUN 22 2010

- b. One page one, your Signal Word language must be revised. Your application lists "Warning" as the Signal Word. We identified that your product is substantially similar to other products that are currently registered. Your proposed Signal Word is not similar to what was listed for those registrations (Danger). Therefore, you must replace the Signal Word "Warning" with the Signal Word "Danger" to reflect labeling in accordance with 40 CFR 152.112.
- c. One page two, rearrange the "Container Disposal" statement so that the language associated with "Nonrefillable Container" is listed first.
- d. One page four, delete all of the wording described under the Precautionary Statements "Hazards to Humans and Domestic Animals" section. Replace with the following wording cited below:
 - a. "Corrosive. Causes irreversible eye damage or skin burns. Harmful if absorbed through skin. Do not get in eyes, on skin or on clothing. Harmful if swallowed or inhaled. Do not breathe dust, vapor or spray mist. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.
 - b. Residential (non-commercial) users are advised to wear chemical resistant gloves, protective eyewear (goggles, safety glasses, or face shield), long-sleeved shirt and long pants, socks and shoes. In addition to these minimum PPE, commercial users must wear a disposable coverall with hood and chemical resistant footwear.
 - c. While removing existing paint by sanding or blasting, or applying new antifoulant paint, commercial users must wear a respirator with an organic vapor removing cartridge with a prefilter approved for pesticides (MSHAINIOSH approval number prefix TC-23C), or a canister approved for pesticides (MSHAINIOSH approval number TC-14G), or a NIOSH approved full face respirator with an organic vapor removing cartridge with a P100 prefilter. Residential (non-commercial) users are advised to wear the same respirators, cartridges, and prefilters as required by commercial users."

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. Submit one (1) copy of your final printed labeling prior to release of this product for shipment. If you have any questions concerning this letter, please contact Abigail Downs at (703) 308-5259.

Sincerely,

 Marshall Swindell

STORAGE AND DISPOSAL

Store in a dry area away from heat and severe cold. Keep partially used container tightly sealed. Do not contaminate water, food or feed by storage or disposal. In case of spillage, absorb with inert material and dispose of in accordance with applicable regulations.

PESTICIDE DISPOSAL

Pesticide wastes are toxic. Improper disposal of excess pesticides or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency, or hazardous waste representative at the nearest EPA regional office for guidance. Triple rinse container after emptying. Triple rinse as follows: Empty remaining contents into application equipment or a mix tank and drain for 10 seconds after the begins to drip. Fill the container 1/10th full with thinner and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or recycling. Drain for 10 seconds after flow begins to drip. Repeat this procedure two more times. Then offer the container for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approval state and local procedures.

CONTAINER DISPOSAL

Triple rinse container, then offer it for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Nonrefillable Container. Do not reuse or refill this container. Offer for recycling if available.
