Re: ULTIMA S.O.S., EPA Reg. # 74849-1
Approved Label dated 7/16/2009
Approval Condition #1 and #2
Attn: Wanda Henson

Dear Wanda,

This letter is to address Condition 1 & 2 on the approved letter dated 7/16/09.
The attached label shows the change in the Precautionary Statement as required in #1.

To address Condition #2, I looked on other recently approved labels in PPLS and found the Precautionary Statements to read the same as our label language approved as recent as Feb, 2010 by your department. I have listed below the list of product numbers that have the identical Precautionary Statements as I have proposed on my original submittal in May and on a resubmittal in July; 1258-1273, 1258-1075, 1258-905, 5185-502, 9215-7, 11411-8, 57787-31, 69470-28, 71654-12 all have the same Precautionary Statements as I proposed. I have 2 other swimming pool products with the same active that approved with this language recently.

Appropriate Respiratory Language according to other identical products is:

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

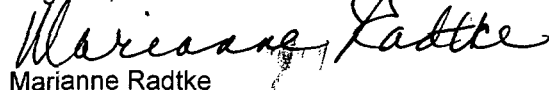

DANGER: Corrosive. Causes irreversible eye damage. Cause eye and skin burns. May be fatal if inhaled or absorbed through skin. Harmful if swallowed. Causes burns to digestive tract. Irritating to nose and throat.

- Open in a well ventilated area. Do not breathe dust or vapor.
- Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves. For additional protection of skin, wear long sleeves and long pants.
- Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.
- Remove contaminated clothing and wash before reuse.

This language is as listed in the Chlorinated Isocyanurate EPA RED on pg 15.

We look forward to your acceptance of the language above as appropriate respiratory language.

Regards,

Marianne Radtke

KEEP OUT OF REACH OF CHILDREN

DANGER**Contamination or improper use may cause fire or explosion or the release of toxic gases.**

Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react to cause explosion or the release of toxic gases. Do not mix this product with a small amount of water. Only add directly to your pool or spa. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed or absorbed through skin.

FIRST AID

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for further treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for further treatment advice.

If Swallowed: Call Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a Poison Control Center or doctor for further treatment advice.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Have product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

IN CASE OF EMERGENCY CALL: 1-800-654-6911

MASTER LABEL

extremely heavy use. Test chlorine level prior to re-entry to make sure the residual concentration in the spa is between 3 and 5 ppm. Reentry is prohibited above levels of 5 ppm chlorine due to risk of bodily injury.

Note: When used in conjunction with bromine sanitizers, this product will regenerate active bromine by oxidizing inert bromide salt to active bromine sanitizer. Both chlorine and bromine will be present for a short period of time. Test bromine level prior to re-entry to make sure the residual concentration in the spa is between 3 and 5 ppm.

PRECAUTIONARY STATEMENTS**Hazards to Humans and Domestic Animals**

DANGER. Corrosive. Causes irreversible eye damage. Causes eye and skin burns. May be fatal if inhaled or absorbed through skin. Harmful if swallowed. Causes burns to digestive tract. Irritating to nose and throat.

- Open in a well ventilated area. Avoid breathing dust or vapor.
- Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves. For additional protection of skin, wear long sleeves and long pants.
- Wash thoroughly with soap and water after handling and before eating, drinking, using tobacco.
- Remove contaminated clothing and wash clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS:

DANGER. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gas and spatter. Do not add water to this product. Add only into water.

- [Do not mix this product with a small amount of water. Only add this product directly to your pool.] {This statement will appear on Pool use labels only.}
- Do not allow to become wet or damp before use.

Can react with other materials, including other water treatment products, to cause fire, explosion, and the release of toxic gases.

- Keep all foreign matter, including other water treatment products, away from this product.
- Use only clean dry utensils to dispense this product.
- Do not allow this product to contact other water treatment products. If used with a skimmer, make sure skimmer is completely clean and free of residue from other water treatment products before putting this product in a skimmer.
- Avoid spilling this product.

Exposure to heat can cause this product to rapidly decompose, leading to fire, explosion, and the release of toxic gases.

- Store in a cool, dry, well ventilated area away from heat or open flame.

Strong oxidizing agent. This product can increase fire intensity.

- Keep away from heat and from flame and burning material (like a lighted cigarette).

{First sentence of paragraph below for 50 lb. containers or less; complete paragraph for all other sizes}

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
