Re: "Krud Kutter MC-2", EPA Reg. No. 75082-3  
Add an Alternate Brand Name

Dear Mr. Swindell:

On behalf of Krud Kutter, Inc. please find enclosed this Application for Pesticide Notification to add the alternate brand name of "Krud Kutter MC-2 Paint Mildewcide".

This action fits the definition of a Notification and:

"This notification is consistent with the provisions of PR Notice 98-10 and the EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

The following documents are enclosed to process this Notification:

1. Application for Pesticide Notification (8570-1)
2. One (1) paper copy of the label with the alternate brand name noted.
3. One (1) CD of the clean labeling in Pdf format

Should you have any questions, or wish to reach me, please feel free to contact our office at 203-740-1200.

Sincerely,

  
Jane M. Miller  
Agent to Krud Kutter, Inc.

**PRECAUTIONARY STATEMENTS**

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin and clothing. Wash thoroughly with soap and water after handling.

**FIRST AID**

If in Eyes:	Hold eyelid open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
-------------	--

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

***(Label Directions for Paint, Adhesive, Paper, & Natural and Synthetic Fiber Uses)***

**ENVIRONMENTAL HAZARDS**

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product in to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

***(containers smaller than 5 gallons)***

Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of waste.

**DIRECTION FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Surfaces to be painted or stained must be clean, dry, sound, and free of existing mildew.

The dispenser is calibrated so that when fully pressed down, it will release sufficient mildewcide to treat one (1) gallon of paint. To treat a five (5) gallon pail of paint, the dispenser will need to be fully pressed down and released five (5) times, and so on. Shake or stir thoroughly, then use paint as directed.

Note that this dispenser provides effective protection for normal painted surfaces. For extremely damp areas prone to mildew, two (2) pumps for 1 gallon or ten (10) pumps for 5 gallons should be used.

***(Directions for 10 gram packet)***

Add contents (10 grams) to one (1) gallon of paint or stain. Shake or stir thoroughly, then use paint as directed.

Note that the content of this packet provides effective protection for normal painted surfaces. For extremely damp areas prone to mildew, two packets should be used and for New York housing authority specifications 3-4 pouches, depending on the protection needed.

***(Directions for 50 gram packet)***

Add contents (50 grams) to five (5) gallons of paint or stain. Shake or stir thoroughly, then use paint as directed.

Note that the content of this packet provides effective protection for normal painted surfaces. For extremely damp areas prone to mildew, two packets should be used and for New York housing authority specifications 3-4 pouches, depending on the protection needed.

***(Label Directions for Paint, Adhesive, Paper, & Natural and Synthetic Fiber Uses)***

**PAPER PRODUCTS**

KRUD KUTTER MC-2 is most efficiently applied via the tub or water trough. The tub-size or water-trough solutions should be adjusted to a pH below 4.0. The KRUD KUTTER MC-2 should then be added with thorough agitation. Effective dosage levels will range from 0.04 to 0.2% KRUD KUTTER MC-2 based on the finished paper weight.

Note: KRUD KUTTER MC-2 should be only used for non-food grade paper products.

**CANVAS TEXTILES**

The simplest treatment method is to prepare a trough with water at pH 3-4 and then add the KRUD KUTTER MC-2 to obtain the desired concentration. The fabric is passed through the solution until the proper amount of solution is absorbed on the fabric. A wetting agent may be used to aid the solution in penetrating the fabric. The KRUD KUTTER MC-2 should be applied at dosage levels from 0.1 to 0.6% based on finished fabric weight. The amount necessary to

Notification to add alternate brand name 12052012

provide the desired protection against mold and mildew can then be determined. If deposition of KRUD KUTTER MC-2 onto the canvas is desired, a subsequent wash with 1% soda ash solution will suffice. This can be followed by normal processing steps of the canvas textile. KRUD KUTTER MC-2 should be used for manufacture of canvas textiles only, such as tents and awnings.

NYLON CARPETING

Using conventional methods such as spin finish application or melt blending, apply 0.05% (spin finish) to 0.5% (melt blending) of KRUD KUTTER MC-2 based on total weight of the material being used.

*For Use in [Interior or Exterior Paints][Adhesives][Paper Products][and][Natural and Synthetic Fiber]*

KRUD KUTTER MC-2 can be added at any stage in the formulation provided there is sufficient agitation to properly disperse it throughout the finished product. Levels will range from 0.01% to 0.8% by weight of KRUD KUTTER MC-2 depending on the application (e.g. 0.1 to 8 lbs. per 1,000 lbs. = 0.01% to 0.8% by weight). This can be determined by laboratory evaluation using the following guidelines:

Paint	
Interior Latex Based Paint	0.02 – 0.15%
Exterior Latex Based Paint	0.05 – 0.30%
Exterior Zinc Oxide Latex Paint	0.03 – 0.20%
Adhesive	
Latex Based Adhesive	0.05 – 0.30%
Starch Based Adhesive	0.10 – 0.60%
Dextrine Based Adhesive	0.10 – 0.60%
Casein Based Adhesive	0.30 – 0.80%
Paper Products	
Based on Finished Paper Weight	0.01 – 0.20%
Natural and Synthetic Fiber	
Canvas Textiles	0.10 – 0.60%
Nylon and Other Synthetics	0.10 – 0.80%

Note: Do not use for any paint applications involving direct or indirect food or drinking water contact.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

Storage: Store product in a cool, dry place out of the reach of children.

Pesticide Disposal: *(Instructions for pouches & dispenser pump)* Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

*(Instructions for Paint, Adhesive, Paper, & Natural and Synthetic Fiber Uses)* Pesticide wastes are toxic. Improper disposal of excess pesticide, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: *(Instructions for pouches and dispenser pump)* Do not reuse this container. Place in trash or offer for recycling if available.

*(Instructions for Paint, Adhesive, Paper, & Natural and Synthetic Fiber Uses)*

Metal Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Plastic Containers: Dispose of as for metal containers. May also be incinerated, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Notice: Seller expressly warrants that the product conforms to its chemical description. There are not warranties associated with the sale of this product either expressed or implied, including but not limited to the warranties of fitness for a particular purpose of merchantability.
