PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and other aquatic organisms. Do not apply directly to water. Do not contaminate water by disposal of used tags.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use this product only as specified on this label. Wear chemical resistant gloves when applying tags. Control of heavy infestations of Northern Fowl Mite may require treating the birds and/or facilities by traditional methods (e.g. spraying, dusting, dipping) before attaching POULTRY MITE TAGS™ to birds. Remove tags before processing birds.

METHOD OF ATTACHMENT

Attach the insecticide tag to the bird by (1) sliding the tag onto the applicator needle, (2) insert the needle through the wing web directly below the arm bone, (3) squeeze the applicator handle two times, sending two fasteners through the tag and then through the wing web, and (4) remove the needle from the wing web. This will result in the attachment of the insecticide tag to the wing web with two fasteners for excellent retention. **CHICKEN BREEDERS:** At time of bird placement attach one tag, using two fasteners in each wing web of **ROOSTERS ONLY.** Each rooster should receive a total of two tags, one in each wing web. Do not apply insecticide tags to the hens, as they will receive treatment from contact with the roosters (1 rooster to 10 hens- 1:10 ratio). **CAGED LAYERS:** At time of bird placement, attach one tag, using two fasteners, to one wing web of every fifth bird in the same cage (1:5 ratio). **TURKEY BREEDERS:** At time of bird placement attach one tag, using two fasteners to the wing web, directly under the arm bone of each tom and/or hen turkey. One to one (1:1 ratio).

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL: Remove tags before processing birds. Securely wrap used tags in a plastic bag or several layers of newspaper and discard in trash for disposal in a sanitary landfill.

CONTAINER DISPOSAL: Dispose of empty containers in a sanitary landfill or by incineration, or, if allowed by State or Local authorities, by burning. If burned, stay out of smoke.
